NATIONAL FIGURES.

From time to time there are men in the Exercise who, by the mental gifts which they bring to bear on the art of ringing and the service they render to it, stand out as national figures. Such a one was the late Rev. C. D. P. Davies, and since his death the art has lost another in the person of the Rev. Henry Law James. Each of these masters not only served the Exercise well by their almost life long efforts to extend change ringing in the districts wherever they were called upon to live, but rendered even greater service by their work in the study, which resulted in the art being enriched by much valuable knowledge as the result of their labours.

The Gloucester and Bristol Diocesan Association have in hand a scheme for a national memorial to the Rev. C. D. P. Davies; the Lincoln Diocesan Guild have now decided to provide a memorial to the Rev. H. Law James. In the first of these, the Exercise has already shown its readiness to participate, but further funds are necessary before the plans can be carried out which are to give Tewkesbury Abbey a ringers' chapel and a ring of twelve bells. The raising of money in times like these is no easy task, but the goal of the Gloucester and Bristol Association will eventually be reached, and future generations of ringers provided with a fitting and permanent reminder of what they owe to the talents, industry and application of one of the most able men of a past generation.

Like his great contemporary, the Rev. H. Law James worked for the advance of the art of ringing on its mathematical side, but he went further than Mr. Davies as a pioneer along the path of practical ringing, as witness his early peals of spliced Minor and his excursion into Superlative Royal. But it is for his labours in helping to extend the scope offered to change ringers that Mr. James principally merited the thanks of the Exercise. He devoted his leisure, through years of his life, to extending our knowledge of methods, for the benefit of the present and future generations. Without his work—and that of others associated with him through the Central Council—ringers would be infinitely poorer to-day in the material at their disposal. Mr. James' memorial is to take the form of two treble bells added to the light ring of ten at Surfleet Church, where he ministered for so many years. It is to be a ringers' and not a parochial memorial, and it will give all those who value his work, and those who had the privilege of his friendship, an opportunity of joining with the members of the Lincoln Diocesan Guild, of which he was founder and Master, in a recognition of his great services to the Exercise. As it is hoped

KENT COUNTY ASSOCIATION. CANTERBURY DISTRICT.

The annual meeting of the Canterbury District of the Kent County Association was held at St. Stephen's, Canterbury, on Saturday. In spite of the inclement weather, 50 members attended from various parts of the district, including Deal, Dover (St. Lawrence), Lyminge, Ashford, Littlebourne, Wickhambreau, Willesborough, Walmer, Herne (St. Nicholas'), Sturry (St. Peter's) and Canterbury.

The bells of St. Stephen's Church were raised in the early afternoon, and ringing continued in various methods until 4.15 p.m., when the Rector (the Rev. W. E. Watkins) conducted the association's form of service and gave a very appropriate address. Miss H. Austin very kindly presided at the organ.

Tea, served in the Church Room, was presided over by the Rector, who was subsequently voted to the chair at the business meeting which followed.

The secretary's report and balance sheet for the year were presented. Although the figures show a decrease in balance from the previous year owing to a slight falling off in subscriptions, the report shows that the same measure of support is being enjoyed by the district from the various incumbents of parishes where meetings are held. Five meetings have been held in the district since last October, all of which have been well attended and have shown a good representation of the district. The report mentions the district's indebtedness to the Right Rev. Bishop W. B. Knight, of Lyminge, and Mr. A. Dawes, who kindly defrayed the cost of the teas on the occasion of a bye-meeting held at Lyminge, and also to the Rev. G. Daubeney, who entertained the ringers to tea at Herne. The report concluded with a summary of the district's membership, showing 22 towers in union with the association with a practising membership of 183.

The report was duly adopted.—Mr. Percy W. Smith was unanimously re-elected district secretary, and was warmly thanked for his services. Mr. Fred Brett and Mr. Harrison Smith were again elected district representatives, and Mr. Fred Brett Ringing Master.

Meetings for 1933 were then arranged as follows, after some close voting: Spring meeting at Chilham, summer meeting at St. Lawrence and the next bye-meeting at St. Nicholas-at-Wade.

Before the meeting closed a hearty vote of thanks to the Rector and the organist was proposed by Mr. E. Spice and carried by acclamation. The Rector suitably replied and signified his intention of becoming an honorary member of the association.

Canterbury Cathedral and St. Alphege bells were also available during the afternoon and evening.

LLANDAFF AND MONMOUTH DIOCESAN ASSOCIATION PRACTICE ON STEEL BELLS.

A quarterly meeting was held at Bassaleg on Saturday, October 22nd. The bells, a ring of six (fortunately, the only ring of its kind in this part of the country), of cast steel by Vickers, were raised about 3 o'clock and rung in different methods until 4.30, when the Vicar (the Rev. G. Jenkins) conducted service, assisted by the Rev. Ivor Richards, curate of St. Mark's, Newport, who is a very keen and enthusiastic change ringer. The Vicar gave an address which dwelt chiefly on the history of bells all through the ages.

Following the service, tea was served in the Church Room and had been generously provided.

At the business meeting the Vicar occupied the chair. Various items were dealt with, including restorations, instructors' reports, the election of new members, etc. The place to hold the next Monmouthshire meeting was left over until the annual meeting, which is to be held at Cardiff on December 26th.

The heartiest welcome had been accorded the visitors, not only by the Vicar, but by the local band, who are now a good change ringing band, and to whom a hearty vote of thanks was accorded. To this the Vicar suitably replied.

The number attending was not so large as usual; nevertheless, it was a very pleasant and enjoyable meeting. There were a few who had never heard or rung on steel bells before, and, from the remarks passed, will probably not recommend those contemplating new bells to have steel ones. Anyhow, good use was made of the bells during the evening.

Prior to the commencement of the business meeting, a vote of condolence was passed with Mr. T. Popnell and family on the death of Mrs. Popnell, who passed away and was buried earlier in the week. She was the mother of Mr. George Popnell, so well known throughout the country.

MUFFLED TRIBUTE TO A GREAT HEADMASTER.

On Saturday, October 15th, at the close of a special service held in Bath Abbey for the dedication of a memorial to the late T. W. Dunn, founder and first headmaster of Bath College, a touch of 504 Grandsire Triples was rung with the bells half-muffled: C. Bell 1, G. Kemble 2, W. Prescott 3, E. J. Taylor 4, Rev. F. L. Edwards 5, H. Brown 6, W. Crocker 7, T. F. King (conductor) 8, J. Hallett 9, F. C. Mudford and L. Smith 10.

The ringing was very kindly arranged by the steeplekeeper, Mr. Theo. Grant, at the request of the Rev. F. L. Edwards, who was head of Bath College, 1891-2, and read the lesson at the dedication.

BELFRY GOSSIP.

During the ringing of the peal at St. Paul's Cathedral last Saturday, the strap rope of the tenor became detached, and for nearly the last hour the man on the box could be given help only at hand-stroke.

Ringers' thirsts have long been the subject of jokes, but what about this: During an argument as to where a certain meeting was held, the following was heard, 'Don't you remember that was where you ate that enormous tea.' He did.

We understand that a fund has been started to rehang the fine old bells of Plympton St. Mary, Devon.

Increased from three to six and hung in a new iron frame for eight by Messrs. Taylor and Co., the bells at Stapleford, Notts, were dedicated by the Bishop of Southwell on Friday, and on Saturday the first peal (in three Minor methods) was rung on them.

The peal of Stedman Cinques at Southwark Cathedral on October 15th contained 5,007 changes, not 5,024 as published.

Mr. James George reminds us that Mr. William Pye was the first to ring a peal on every one of the 366 dates that go to make a year, but he (Mr. George) was the first and is still the only ringer to complete the record on eight, ten or twelve tower bells.

The 'silent' peal of Double Norwich 'in hand' at Pudsey last week is no mean performance. Heartly congratulations to the Yorkshire company!

The ringer of the 5th in a peal of Grandsire Triples at Hughenden, Bucks, on October 15th, was Arthur G. James, not James as stated.

DEATH OF MR. HENRY W. WILDE.

A LOSS TO THE EXERCISE.

We deeply regret to record the death of Mr. Henry W. Wilde, of Belgrave, Pulford, Cheshire, who passed away on Tuesday at Chester Royal Infirmary following an operation which was performed on Friday. The operation appeared to have been successful and Mr. Wilde was reported to be making satisfactory progress even up to Monday evening, but he afterwards collapsed and died during the morning.

It had been hoped that the operation would cure an indisposition which had troubled him off and on for a considerable time.

By Mr. Wilde's death the Exercise loses one of its most talented members. In addition to his ability as a ringer and conductor, especially on six and eight bells, he was a well-known composer, having produced peals of outstanding merit in a number of methods.

He was an honorary member of the Central Council, of which he served for a number of years, and rendered valuable service, particularly on the Peal Collection Committee. We hope to give something further of Mr. Wilde's ringing career in our next issue.

TWO TREBLES FOR NEWBURY.

AN APPEAL FOR FUNDS.

The present eight bells at Newbury, Berks, are to be augmented to ten. The ringers have undertaken the raising of the funds, and a sum of £190 is required. Of this amount the Newbury men are giving £102, and they appeal to ringers and friends outside the town to contribute the remaining £88. Help from the parishioners is not to be expected, as they are already engaged in raising £4,000 to put a new roof on the church.

When the augmentation is completed, Newbury will have a fine peal of ten, with tenor 21½ cwt. in D. The work is to be done by Messrs. Mears and Stainbank.

Donations should be sent to Mr. H. W. Curtis (captain and secretary), Church Road, Shaw, Newbury.

CHURCH'S 400th ANNIVERSARY

For evensong at St. Nicholas' Church, Newbury, Berks, a quarter-peal of Grandsire Triples: E. W. Palmer (first quarter-peal) 1. A. J. Whittle 2. W. H. Adkins, sen., 3. C. Poole 4. H. T. E. Curtis 5. R. W. Rex 6. H. W. Curtis (conductor) 7. E. Crocker 8. Rung for the 400th anniversary of the church and for the visit of the Bishop of Oxford and the Bishop of Buckingham.

ESSEX SURPRISE.

To the Editor.

Dear Sir,—I am glad to be able to furnish the information for which Mr. Tipler asks. In 'The Ringing World' of December 28th, 1923 (before, not after, the appearance of 'Norton,' 'Ripon,' etc.), were given, as No. 1 and No. 2, two unnamed Surprise Major methods by Mr. A. Craven. The first has since been named 'Chesterfield,' while the second is the same method as that recently published as the production of Mr. G. Lindoff and named 'Essex.'

The following should also interest your correspondent. In 'The Ringing World' of December 26th, 1919, appeared a condensed tabular presentation of 25 Surprise Major methods, expressed by formula, by Mr. John Carter. Method No. 17 in that table has recently been named 'Warwickshire,' and published as the production of Mr. TIPLER. 'THE MAD HATTER.'

Similar information with regard to Essex Surprise has been received from Mr. G. Marriner, of Leatherhead.

A RINGERS' PILGRIMAGE.

SUCCESSFUL INNOVATION AT LIVERPOOL.

'A red-letter day!' How often one sees this phrase used to describe functions, some well worthy of the term, and others—! The first annual hotpot supper of the Lancashire Association in Liverpool on Saturday, October 22nd, was a real red-letter day in its history from every point of view—the ringing at St. Nicholas', the organ recital, the tour of the Cathedral and evensong there, the hotpot supper and the social which followed, one and all were thoroughly enjoyed by all privileged to take part therein. Such a full afternoon and evening were provided that it is difficult to know where to start to give a fair idea of what took place. Perhaps it will be best to follow events as they occurred. To start with, the peal of twelve at St. Nicholas' Church were at the disposal of the visitors, and, as may be imagined, good use was made of this opportunity, all tastes being catered for—even including Kent Treble Bob Minor on the middle six. Stedman Caters, Grandsire Cinques and other methods were also brought round, and the success of this part of the programme proved a good augury for the rest of the day. Then followed a recital on the great organ of the Cathedral, which a large congregation thoroughly appreciated. Immediately after this the party were taken by guides in parties over the wonderful Cathedral, its points of interest being lucidly explained and its architectural beauties pointed out. At present only about one-third of the building is finished, but this is sufficient to give one an idea of the massive grandeur which the completed whole will attain. The congregation then assembled for evensong, in the course of which Canon Twitchett, on behalf of the Dean and Chapter, welcomed the Lancashire Association to the Cathedral, and spoke of the messages of joy, remembrance and sorrow which the bells rang out.

An adjournment was then made by the company to the Bear's Paw Restaurant, where a supper and social evening were held. Here close on three hundred ringers and friends assembled, under the presidency of the Rev. Canon H. J. Elsee, M.A., president of the association. Among those present were the Very Rev. the Dean of Liverpool, the Ven. Archdeacon Howson, M.A., Mr. Rupert Richardson (Master of the Lincoln Diocesan Guild), Mrs. Richardson (Ladies' Guild), Mr. H. Chapman (Keysham, formerly of Manchester), Mr. Peter Crook (secretary of the Bolton District), Mr. J. P. Fidler (Loughborough), Mr. W. Bibby (Frodsham), Mr. G. Robinson (Leeds), Mr. H. Brocklebank (Birkenhead) and Mr. Hawkins (Slough).

Apologies for absence were received from the Bishops of Liverpool, Blackburn and Carlisle, owing to diocesan engagements, Canon W. O. Hunter-Rodwell (Rector of Walton), Mr. J. S. Goldsmith (Editor of 'The Ringing World'), Mr. H. W. Wilde (who was in hospital) and Mr. W. G. Mann, one of the original members of the association.

An excellent 'hot-pot' supper was served and thoroughly enjoyed.

THE PROSPERITY OF THE LANCASHIRE ASSOCIATION.

In the absence, owing to a chill, of the Bishop of Manchester, who was to have proposed the toast of 'Prosperity to the Lancashire Association', the Chairman called on Mr. Rupert Richardson, Master of the Lincoln Guild, to perform that duty. This he did in a few well-chosen words, saying that if the attendance at that gathering was any criterion of the attendance in the belfries, the prosperity of the association was certainly assured.

The toast was responded to by Mr. George R. Newton, a past vice-president, who said he was proud to be one of four representatives of the association on the Central Council. The association had a membership of about 1,600, 1,200 of whom were ringing members. There had been considerable discussion as to the advisability of forming Diocesan Guilds in preference to county associations. He did not quite see how a Diocesan Guild would work in Lancashire, seeing that their area covered four dioceses. The Liverpool Diocesan Guild had been merged into the association. Bellringers were part and parcel of church work, and, although not seen, they did their best to uphold the best traditions of church workers.

'Our Guests' was proposed by Mr. Claude I. Davies, secretary of the Liverpool branch, who said it was very encouraging to them as an association to have such distinguished guests as were with them that night, and it gave them every encouragement to carry out the aims of the association. This happy state of affairs had not always existed, as there was at one time the proverbial great gulf fixed between the clergy and ringers, a position that was, unfortunately, often meted. However, during the last half-century, by the work of the various associations throughout the country, and also by the skill and research of bellfounders, a great improvement in the state of affairs had been brought about, and it was up to the bellringers to strengthen the friendship between the two parties. With all due deference, he would suggest that some of the onus rested on the clergy in building up a united body of church workers. He would like to thank the Dean of Liverpool for the arrangements in connection with the visit to the Cathedral. Canon Rodwell at one of their meetings had suggested this pilgrimage to the Cathedral, and he was pleased it had been so heartily taken up. They all regretted the absence of the Bishop of Manchester, and thanked him for the interest he had shown.

CANON ELSEE'S INFLUENCE.

The Very Rev. the Dean of Liverpool (Canon Dwelly), in responding, said he thought it was more important that people should eat

THE LATE REV. H. LAW JAMES.

PROPOSED MEMORIAL BELLS AT SURFLEET.

A scheme for providing a fitting memorial to the late Rev. Henry Law James has been adopted by the committee of the Lincoln Diocesan Guild, of which he was for so many years Master. It is proposed to add two more bells to the ring at Surfleet Church, where Mr. James was Vicar for 34 years, and where, during that time, he not only transformed the building from a state of dilapidation to a beautiful country church, but increased the number of bells from five to ten, one being added to commemorate the Coronation of King Edward VII., and four trebles, as Mr. James' own gift, in 1913. At the same time he had the sixth and tenor recast and the whole peal rehung in a new iron frame. He was intensely proud of this ring of bells, which were at the time of their completion the lightest peal of ten in the country and one of the sweetest.

The Late Rev. H. Law James.

The addition of two more bells will give them the distinction of being the lightest twelve in the world, hung for ringing, the tenor being 12 cwt. 9 lb. The work is to be carried out by Messrs. J. Taylor and Co., of Loughborough, and so confident are the committee that ringers will welcome the opportunity of contributing to this memorial, that they have already placed the order. The anticipated cost is about £160.

All the towers in the Lincoln Diocesan Guild are being invited to subscribe, but the Rev. H. Law James was such a national figure in the Exercise, his great talents were used for the benefit of the art of ringing in so many directions, and he had such a large number of friends among ringers beyond his own Guild that there will be many who will desire to be associated with the memorial.

Contributions are therefore invited, and should be forwarded to the National Provincial Bank, Spalding, payable to the 'Bellringers' Memorial Fund to the Rev. H. Law James' or sent to Mr. Rupert Richardson, Glyn Garth, Surfleet, Spalding, Master of the Guild.

A RINGERS' PILGRIMAGE.

(Continued from previous column.)

together than that they should be lectured. Nothing could be a success without spirit. When he looked round and saw the faces round him he knew there was a good spirit behind it all, and he felt that it was a 'real good "do"!'. He could never get accustomed to calling the church at Manchester a Cathedral—to him it was 'T' Owd Church' (laughter). And if they looked at it like that—well, there was only one Cathedral in Lancashire! (laughter). He hoped he would live to see the day when he could welcome the association to try their skill on the Cathedral bells.

Archdeacon Howson, in proposing the toast of 'The Chairman,' said Canon Elsee had been president of the Lancashire Association for the long period of 42 years. They were grateful to Canon Elsee and regarded him with affection. 'There is a curious body of people,' he said, 'who do not understand the joy and extraordinary impulse and inspiration which come to ringers. Canon Elsee has made it possible for people to take a wider view.'

Canon Elsee said that other guilds and associations had their annual dinners, and they felt they in Lancashire should not lag behind, and so they decided on a 'real Lancashire "hot-pot" supper.' This was the biggest gathering of Lancashire ringers he had ever seen. When he first joined the association there was only one branch and 227 members. Now they had eleven branches. Then there were only 39 peals rung during the year—mostly Grandsire. Last year the total was 122, and the methods included practically all the Surprise methods. The credit for this was due to the work put in by the chief secretaries and the branch secretaries, and to the keenness of the ringers themselves.

The musical programme which followed included selections on handbells by ringers from Halewood and Woolton, and a touch of Plain Bob Major by Mrs. R. Richardson 1-2. Mr. R. Richardson 3-4. Mr. R. O. Street 5-6. Mr. W. Bibby 7-8.

The success of the whole arrangements was due in no small measure to the indefatigable work put in by Mr. Claude I. Davies, who spared no pains to make everyone feel at home.

And now we can do no more than repeat what we said at the beginning, it was a real red-letter day! and one that will live long in the memory of those present.

SALISBURY CATHEDRAL. ITS DEMOLISHED CAMPANILE.

Salisbury Cathedral, whose graceful architecture and glorious spire is familiar to many ringers, but which, to their regret, lacks a ring of bells, was not always without a peal. There was once a separate campanile, which contained a heavy ring of eight.

Mr. Challis Winney has sent us the following extracts from the late Mr. J. R. Jerram's MSS. on the bells of our cathedrals. James Richard Jerram, whose death we recently recorded, was the son of a Doctor of Divinity, and, adds Mr. Winney, like his father, was a scholar in Greek and Latin and a pious lover of the Church and of her bells, as witnessed by his bell rubbings, which were very considerable. His MS., like his translations, were very correct and thoroughly done.

The old campanile was a building of great strength and solidity. It was 33ft. square inside the walls, which were nearly 8ft. thick. It was flanked by three buttresses on each side, and was nearly 80ft.

high to the top of the parapet. On each side were four lancet windows and in the centre an octagonal stone shaft, from which projected corbels supporting the timbers of the floors. Above all this was a superstructure of oak, consisting first of a square tower, each external face being divided into eight arched compartments with tracery heads and spandrels. Four of these divisions were pierced as windows and filled with louvres. Above this rose an octagonal turret, divided into stages by horizontal strings and covered with lead work in herring-bone fashion, finished with an embattled parapet. From this sprang a spire of timber, also covered with lead, and surmounted by a cross and weathercock. The total height was 200ft. The door was in the south wall between the middle and eastern buttresses and there was a circular stone staircase reached by a short passage from a doorway on the inside of the east wall. The ringing floor was 37ft. from the ground and the bell chamber 32ft. higher. The whole building was doubtless coeval with the Cathedral itself. The original bells were probably brought from Old Sarum. The ring of eight had a tenor of approximately 38 cwt., as proved by the old 6th, which at present serves as a service bell for the Cathedral.

The destruction of the tower and disposal of the bells came about in this way. On October 10th, 1746, several of the bells being cracked and the fittings out of order, it was ordered that they be no more rung after November 5th (till the cracked ones be recast. This, however, was never done; but in 1762 a faculty was applied for to Bishop Thomas to sell the second, third, fifth, seventh and tenor bells, all of which were cracked. This was refused, but in 1777 Bishop Hume granted a faculty for their sale, and in the records of the Dean and Chapter is this entry: 'March 14th, 1777. Ordered that Mr. Lush (then clerk of the works) do sell the five bells that are down in the belfry, the Lord Bishop of Sarum having consented to their sale for the benefit of the fabric.'

GUILDFORD DIOCESAN GUILD. A DIFFICULT DISTRICT.

The Chertsey District of the Guildford Diocesan Guild held a district meeting at East Molesey on Saturday, October 15th. This district is the most difficult of the four into which the Guild is divided, and is the despair of the officers. Eight out of the dozen towers which comprise the district do not contribute one penny by way of members' subscriptions to the funds of the Guild, and it is not surprising, therefore, that only six members from the district were present at the meeting. However, with the help of visitors, the number of ringers attending was raised to seventeen. Walton, Harlow, Weybridge, Chertsey, Worplesdon, Aldershot, Farnborough, Esber, Deal, Clandon, Ottershaw, Holy Trinity and St. Nicolas', Guildford, were represented, but, with the exception of Mr. E. Brown, the local band were, as usual, conspicuous by their absence.

The Vicar (the Rev. A. le Masurier) conducted the Guild's form of service, and also presided at the business meeting which followed tea in the Bell Inn.

In the absence of the district secretary, Mr. G. L. Grover (Guildford district secretary) deputised. He mentioned the great loss the Guild had sustained by the death of the treasurer (Admiral T. P. Walker, D.S.O.). The members present stood in silence for a few moments, and it was resolved to record in the minutes their sincere regrets and their sympathy with his relatives.

Votes of thanks to the Vicar and to the local foreman, Mr. Brown, were carried with applause.

The bells, a light peal of eight, which are beginning to show signs of requiring a little skilled attention, were kept going in various methods until late in the evening.

LEATHERHEAD DISTRICT.

The meeting at Ashted on October 8th gave visitors an opportunity to try these bells after their recent overhaul. They have been fitted with ball bearings. This has improved their 'go,' which is not to be wondered at when one looks at the number of peals that have been rung on them since they were put in. They easily head the list for the Surrey Association.

A start was made with a touch of Kent 'Treble Bob Minor for the earliest arrivals, after which it was Surprise Major until service time at 4.30. In the absence of the Rector through other engagements, the service was conducted by his curate (the Rev. C. T. Spurling).

Then followed tea at the Rosery Tea Rooms, 15 sitting down. The Rev. Spurling presided over the short business meeting which followed. Mention was made of the loss the Guild had sustained in the death of its hon. treasurer, Admiral T. P. Walker, and the members stood in silence as a token of respect and of sympathy for Mrs. Walker and other members of the family.

The meeting closed with the usual votes of thanks, and a move was made back to the tower and the bells kept going until nearly 9 o'clock in a variety of methods, 12 in all, and only one would not go. They were Kent Treble Bob Minor, Grandsire and Stedman Tripples, Plain Bob, Double Norwich, Cambridge (old and new), Superlative, London, Bristol and Ashted and Peterborough, which failed.

That list would suggest a very successful meeting, but the officers were not satisfied with the support from the district. Ashted, Bantstead, Ewell and Leatherhead were represented, while visitors attended from Buckland, Clandon, Guildford, Reigate and an unattached member from Sutton.

SALISBURY CATHEDRAL

(Continued from previous column.)

The bells were bought by Robert Wells, the Aldbourne founder, who gave £4 4s. per cwt. for them, the total weight being computed at 7 tons 14 cwt. 1 qr. In 1790 the old clock (since replaced by one given in 1883 by the Wiltshire Regt.) was removed to the central steeple of the Cathedral, where the bell still does duty for service. In January, 1793, the two remaining bells were sold to Robert Wells for £105. The bell tower was then pulled down, the upper portion above the bells, which was of timber covered with lead, having been demolished in 1769 in account of its dangerous condition. At that date the bell chamber was covered by a slated roof.

St. Osmund gave most minute directions for the ringing and keeping of the bells in repair. Notwithstanding this, in 1331, a letter of remonstrance was addressed to the treasurer by the Chapter saying that the bells in the belfry, 'with much art suspended, of great weight and price and sweet sounding to the ears, by the fault of your officers are suffered to decay and rendered useless for ringing.'

In 1655, King Charles desiring to hear the bells, 10s. 6d. was paid. In May, 1634, 13s. 4d. was paid for Archbishop Laud's visitation, and on July 24th, 1686, ringing for another visitation cost 56s.

Wyatt had a free hand in the so-called restoration of the Cathedral. He thought the campanile spoilt the view of the spire. He pulled out the medieval glass (which toned the light) to make it lighter; likewise demolished the campanile.

A SURREY REHANGING.**GUILDFORD GUILD 'TRY OUT' AT OTTERSHAW.**

The bells of Christ Church, Ottershaw, Surrey, after having been in use since 1885, have now been rehanging on ball bearings by Messrs. Gillett and Johnston, of Croydon, who have also made some adjustments to the clock mechanism. Ottershaw Church crowns the summit of a hill which overlooks the country for miles around and is in an ideal situation. The tower is built of red brick and rocks considerably when the bells are rung, but Messrs. Gillett and Johnston have greatly increased their smooth going.

There was a 'ringers' opening' on Saturday, when one of the most representative gatherings of ringers that have assembled in the Chertsey District of the Guildford Guild met to 'try out' the restored bells. Representatives were present from Chertsey, Egham, Hersham, Esher, Weybridge, Guildford, Leatherhead, Aldershot, Ash, Bagshot, Woking, Worplesdon, West Clandon and Staines, with a full muster of the local band, and Mr. R. Dove, representing Messrs. Gillett and Johnston.

The Ottershaw ringers opened the proceedings, and thereafter touches in a variety of methods, from Grandsire Doubles and Cambridge Surprise Minor, were rung.

A party, numbering about 40, sat down to tea in the Brook Memorial Hall, the churchwardens (Messrs. R. T. D. Sayle and W. J. Brooker) being present, while the Vicar (the Rev. L. J. Lightbody) also looked in for a short time. Mr. Sayle gave a cordial welcome to the visitors and spoke of the good work done by ringers, often unseen and generally forgotten. As long as the bells were rung, he said, few people care 'two hoots' who rang them, and yet the ringers were rendering valuable service to the Church.

The welcome was acknowledged by Mr. J. S. Goldsmith, general hon. secretary of the Guild, who congratulated the Ottershaw Church authorities upon having the work carried out effectively and upon having it done when it was required, in spite of other demands upon the parish. Bell repairs were so often the last consideration in a parish that it was refreshing to find a village where they had been put first. Mr. Goldsmith also mentioned that steps were being taken in Woking to provide a public memorial to the late Admiral T. P. Walker, who was hon. treasurer of the Guild. In view of Admiral Walker's interest in bells, he hoped part of the memorial might include improvements to the bells at Woking Parish Church, where the Admiral was churchwarden for 25 years and one of the ringers. If this was the case, he felt sure the Guild members would subscribe liberally to the memorial.

A collection taken at the tea for the Ottershaw Bell Repairs Fund amounted to nearly 30s. Mr. H. Hancock, the ringers' local secretary, has collected a considerable amount towards the cost of the work, but there is still a further sum to be raised.

On Sunday the Bishop of Guildford, who was visiting Ottershaw Church, referred in the course of his sermon to the restoration, and special prayers were offered on the completion of the work.

DEVONSHIRE GUILD.**MEMORIAL TO MR. F. T. GOVER DEDICATED AT PAIGNTON.**

A quarterly meeting of the Mid-Devon Branch of the Devon Guild was held at Paignton on Saturday, ringers being present from Exeter, Sidmouth, Clyst St. George, Kenn, Buckfastleigh, Plymouth, Torquay, Brixham, as well as Mr. C. Allsop, of Loughborough, and the local ringers. The bells were kept going to Grandsire Triples and Doubles during the afternoon, and later a service was held, which was conducted by the Rev. Preb. H. Mackworth Drake (Vicar), assisted by the Rev. E. S. Powell, Rector of Clyst St. George and president of the Devon Guild.

After the psalm, a tablet, which has been erected in Paignton tower by the branch in memory of the late Mr. Frederick T. Gover, who did so much spade work in the district, was dedicated. The tablet is of mounted brass, and bears the following inscription: 'In memory of Frederick T. Gover, and in recognition of the great services he rendered to the Mid-Devon Branch of the Guild of Devonshire Ringers. Died 24th February, 1932.'

The address was given by the Rev. E. S. Powell, who based his remarks on the text, 'Bear ye one another's burdens,' and he gave an appropriate description of the ringing career of the late Mr. Gover.

After the service, tea was served in the Schoolroom, and this was followed by the business meeting, presided over by Mr. F. J. Laxton, of Torquay (chairman). For the next meeting, to take place on Saturday, January 21st, 1933, Ashburton and Brixham were proposed. On a vote being taken, Brixham was chosen, and it was decided to include Churston Ferrers.

The Chairman proposed a vote of thanks to the Vicar of Paignton for the use of the bells and for conducting the service, and to the organist for his attendance. Thanks were also expressed to the members by Mrs. Gover for erecting the tablet in memory of her husband.

The Chairman extended a hearty welcome to the visitors from other branches, and Messrs. E. W. Marsh, E. Shepherd, G. C. Woodley and A. T. Truman suitably replied. A vote of thanks was accorded the chairman for all the work he carried out in connection with the late Mr. Gover's tablet, and this concluded the business. The visitors afterwards returned to the tower, where touches of Stedman Triples and Bob Major were rung.

FORWARD—OR BACKWARD?

To the Editor.

Dear Sir,—Of all the blattering that I have read (and occasionally, let it be admitted, written), I commend parts of the letter in your issue of October 21st, signed by 'William Willson.' To ignore those which are personally directed, I specify:—

'... Let us marshal facts, so that your readers can cut out this par. ...'

Facts! FACTS!! Look closely at these 'facts.'

'... There is no such thing as "A Peal" of 5,040 Doubles. ...'

'(1) It takes ... seven peals of Minor to make a 5,040. ...'

Seven 'peals,' mind! A 'peal,' then, is an extent. This 'grandfer' can well be proud, I believe, of a certain 18,000 Stedman Caters down Loughborough way—but, a 'peal'? Oh, no; merely a few courses!

'(3) ... The Bankes James ... Minor ... has six false peals' (because)

'(4) The last lead in every case is a bob lead ... the bob is made at the backstroke change. ...'

What, in the name of Leicester, has the BOB got to do with it? And made at BACKSTROKE? Ye Gods! Backstroke!!

Some years ago, on May 17th, 1929, to be precise, and in connection with this old, old subject with its same old, old arguments and side issues, I asked (in 'The Ringing World') if Mr. Willson would dub as an 'abortion' a 720 of London, comprising fourth's-place (or 'bob') courses, JOINED IN ONE WHOLE by second's-place 'bobs.' This question remained, and remains, unanswered.

'Bobs made at backstroke!' Blatter; sheer, unadulterated blatter! Lower down in this issue comes Mr. Severn's question as to 'how many leads are rung the reverse way.' (Shades of Law James!) Mr. Severn may not agree, but there is no such thing! Oh, yes; I know all about those 'reversed leads.' I spent many months, in company with a master of Minor matters, trying to decide what is the difference between a lead 'head' and a lead 'end' (theoretically); i.e., whether certain isolated leads from a 'course' are upside-down or downside-up, and WHICH OF THEM are the one way or the other; needless to say, I should still be searching! In any case, what matters? They are RUNG the same way, and the question is absolutely irrelevant.

GEORGE L. JOYCE.

Leytonstone.

OXFORD DIOCESAN GUILD.

The monthly practice of the East Berks and South Bucks Branch of the Oxford Guild, held at Wraybury (Wyrardisbury), had several surprises. On our arrival, writes our correspondent, we were met by the new Vicar (it was his sixth day in residence) about to take evening-song. Of course, we all went (ringers always go to service on a Saturday), making quite a large congregation.

Then to the belfry, and, on looking round to see what we could muster, discovered the Master, 'Pop' and Miss Robinson, so 'Go Cambridge' was called, a good course being rung. Touches and courses of other methods were also brought round, including London. Rounds were sandwiched between the highbrow stuff for real raw recruits. One of them had not seen eight bells rung before, but was heard to say on Sunday morning, 'You ought to have been at Wraybury last night!'

The whole company stood for a few moments as a mark of respect to the late Mrs. G. J. Berry, wife of the belfry foreman at Hitcham, who was laid to rest that day after a long and painful illness.

It was decided to visit Chalfont St. Peter in November, if convenient. Now, you Minor experts, look up the following methods before you come: London Scholars' Pleasure, Kingston, Sandal and Overton (or Capel).

The east wind has apparently got into Henry VIII's bones (not while he was ringing), which accounts for his absence, although there were plenty of 'gallants' to look after the ladies' hikes, etc.

As to whether these monthly practices serve any real purpose, perhaps the following local expression will be a guide: 'Wish you'd come every week.'

SALISBURY DIOCESAN GUILD.**DORCHESTER BRANCH.**

A bye meeting of the Dorchester Branch was held at Buckland Newton on October 15th, when ringers from the following towers attended: St. Peter's, Dorchester, Wyke Regis, Upwey, Sydling, Bere Regis and Buckland Newton, as well as visitors from Evershot, Hazlebury Bryan, Kingston Magna and Sherborne. In all there were 27 present.

The bells were in use from about 3 p.m. until service time at 4.30. The Vicar (the Rev. E. S. Field) officiated, and the Rev. E. V. Roe (Rector of Bishop's Caudle and secretary of the North Dorset Branch) preached a helpful sermon. Tea was partaken of afterwards at the Vicarage.

It being a bye meeting, there was no business to be transacted, but one new ringing member was elected, and the usual votes of thanks given and responded to.

Under the guidance of the energetic Mr. W. Shute, excellent practice was put in from about 6 to 9.15. The methods rung were Grandsire, Stedman and Plain Bob Doubles, Kent, Plain Bob and Little Bob Minor, besides rounds and call changes for the beginners.

HERTFORD COUNTY ASSOCIATION.**WESTERN DISTRICT APPEAL.**

Although the attendance was small, much good work was done by those who attended the Western District meeting at Apsley End, from Baldock, St. Albans, Hemel Hempstead, Berkhamstead, Kenton, Tring, Kings Langley, Little Gaddesden and the local company. Owing to a careless mishap in the morning, the reinstated secretary joined the 'one-armed' association, but failed to hang anyone. Practice was obtained in Grandsire and Stedman Doubles, Plain Bob, Oxford, Hereward, Double Oxford, Double Court, St. Clement's, Kent Treble Bob and Cambridge—plain courses and short touches being the order—as several were making their first acquaintance with most of these methods.

The Vicar (the Rev. C. B. Goodwin), recovering from a serious illness, took the service and gave a very apt address on 'Brotherhood and Service,' also stressing his appreciation of the services of the local ringers. Tea followed in the Church Room, this being kindly provided by the Vicar.

At the business meeting the Vicar took the chair. Kings Langley was selected for the next meeting, probably on December 10th.

Conversations then took place to try and solve any difficulties of the district and to improve this area. An 'omnibus' vote was then accorded to the Vicar for all he had done.

Further practice was obtained in the methods mentioned until 8 p.m., when the bells were lowered in peal.

The secretary appeals to the district to help to increase the membership, to raise the standard of ringing and to obtain more support from their parishioners, also to the adjoining districts to assist by attendance at meetings, etc.

WINCHESTER AND PORTSMOUTH DIOCESAN GUILD.

A quarterly meeting of the Portsmouth District was held at Wickham on Saturday, when members attended from Bishop's Waltham, Curridge, Fareham, Gosport, Overton, Portsmouth (Cathedral and St. Mary's), Petersfield, Swanmore, Titchfield and Wickham. The Guild's service was held in the Parish Church, at which the Rector (the Rev. E. H. Duke) officiated, followed by tea and the business meeting, at which the Rector was voted to the chair.—The members stood in silence as a mark of respect to the late Mrs. F. A. Burnett, Mr. E. Woods and Mr. G. H. Child, J.P.

The Vicar of Shedfield (the Rev. F. W. Martin) was elected an honorary member subject to his consent, and five new members were elected from Holy Trinity, Gosport.

It was decided to hold the annual district meeting at St. Mary's, Portsea, subject to the bells being ready for ringing after restoration, the date not to be later than the first Saturday in February.

The general secretary (Mr. F. W. Rogers) brought to the notice of the members the new Ringers' Handbook (by E. S. and M. Powell), a specimen of which was handed round.

Votes of thanks were accorded the Rector for the use of the bells and officiating at service and meeting, also to the organist and choir boys.

The ringing during the day consisted of Grandsire and Stedman Doubles, Grandsire, Bob and Kent Treble Bob Minor and Cambridge Surprise Minor.

SUSSEX COUNTY ASSOCIATION.

A meeting of the Western Division of the Sussex Association was held at West Grinstead on Saturday. It is ten years since a meeting was last held here, and one of the old and well-known members of the tower is sadly missed, viz., Mr. Harry Turrell, who passed away two years ago. The band now find it difficult to get enough ringers to carry on. The church is a bit off the main road, but about 20 braved the rough weather and attended the meeting from Billingshurst, Hene, Itchingfield, Lindfield, Slinfold, Rudgwick, Washington and West Grinstead.

Tea was partaken of at the Burrell Arms. At the business meeting which followed, with Mr. Smaile presiding, the members were advised that the next meeting will be held at Shoreham-by-Sea.

Votes of thanks were accorded the Rector for granting the use of the bells, also to Mr. Smaile. Most of the members afterwards paid another visit to the belfry.

AN OXFORDSHIRE PEAL REHUNG.

The bells of Standlake, Oxon, have recently been rehung by Mr. R. White, of Appleton, and the first 720 on them since the work was completed was rung on October 1st after the meeting of the Witney and Woodstock Branch, held at Stanton Harcourt. This was a 720 of Grandsire Minor: V. Webb 1, R. Coombes 2, J. Franklin 3, W. E. Bennett 4, G. Bennett 5, N. Spindlow (conductor) 6.

CAMBRIDGE MAXIMUS AT EXETER.

To the Editor.

Sir,—We desire, through your columns, heartily to congratulate the band who rang the magnificent peal at Exeter.—Yours truly,

W. SHARPLES, J. CHARNOCK,
H. NELSON, J. T. BIMSON,
B. A. KNIGHTS, F. HARWOOD,
E. R. MARTIN, S. BLEASDALE.

AND HE IS ONLY 14!**MASTER E. A. BARNETT'S RECORD.**

Edwin A. Barnett, son of Mr. E. Barnett, of Crayford, and grandson of the late Mr. E. Barnett, sen., celebrated his 14th birthday on October 15th, and on Saturday rang a 'birthday' peal, which was his first of New Cambridge Surprise and his 31st altogether.

The number of methods which he has rung must be a record for his age, and whoever excels it will have to begin early. Among the peals which he has lost have been London Surprise, which he was calling from the 3rd (he had never called a bob in London until then), and which was lost four courses from home; and Camdon Surprise, for which he was called upon at the last minute, and had to learn the method after coming home from school in the afternoon before a 6.30 p.m. start at Erit! Such ability must have a great future and will doubtless develop, for Teddy III. has all his grandfather's enthusiasm. His peals are as follow: Grandsire Triples 4, Stedman Triples 4, Bob Major 3, Treble Bob Major (conducted 1) 2, Double Oxford Major 1, Double Oxford, Double Norwich and Bob Major Spliced 1, Double Norwich Major 5, Superlative Surprise 2, Cambridge Surprise (conducted 1) 5, New Cambridge Surprise 1, London Surprise 2, Bristol Surprise I, total 31.

SANCTUARY SERVERS' FESTIVAL.

At St. Giles' Church, Reading, Berks, on October 19th, for the annual festival of the Guild of Servers of the Sanctuary, a quarter-peal of Grandsire Triples: E. Essex 1, W. Osborne 2, A. W. Osborne 3, H. A. Osborne 4, A. E. Bailey 5, E. Jeffrey 6, L. T. Osborne (first quarter-peal in the method as conductor) 7, W. Evans 8. First quarter-peal by ringers of treble and tenor.

BISHOP'S ENTHRONEMENT.

At Barthomley, Cheshire, on Thursday, September 29th, in honour of the enthronement of the Right Rev. G. F. Fisher as Lord Bishop of Chester in Chester Cathedral, a quarter-peal of Grandsire Triples: H. Astbury 1, J. Brassington 2, E. Allman 3, J. Matthews 4, J. Timmis 5, J. Parker 6, A. Allman (conductor) 7, A. Astbury 8. Also 308 in the same method with R. Sherratt and G. Astbury standing in. All are local ringers.

A HALF-PEAL.

At the Parish Church, Llantrisant, South Wales, on October 18th, a half-peal of Bob Triples was rung in one hour and 28 minutes: R. Collins 1, W. Huish 2, J. Westcott 3, R. John 4, R. Westcott 5, J. Evans 6, F. Rowsell (conductor) 7, W. Westcott 8.

SUNDAY SERVICE TOUCH.

WEST EALING, MIDDLESEX.—On Sunday, October 9th, for evening service (harvest thanksgiving), a quarter-peal of Stedman Triples in 42 mins. from Thurstan's Four-Part: F. S. Palmer 1, E. J. Walsom 2, H. Langdon (conductor) 3, J. A. D. Webb 4, P. E. Clark 5, W. Rushton 6, A. R. Macdonald 7, E. L. Palmer 8. First quarter in the method for ringers of the 4th and tenor.

THE LATE REV. C. D. P. DAVIES.**PROPOSED MEMORIAL.**

The Gloucester and Bristol Diocesan Association invite subscriptions to enable them to place in Tewkesbury Abbey a memorial of the great services rendered to the Exercise by the late Rev. Charles D. P. Davies. It is proposed to add two bells to the present peal of ten and to furnish one of the side chapels as a 'Ringers' Chapel.' A sum of £250 is required.

Donations, however small, will be gratefully received either by:—

Lloyds Bank, Ltd., Temple Gate, Bristol.

Rev. E. S. Saleby, The Vicarage, Leonard Stanley, near Stonehouse, Glos., Master.

P. C. Williams, 34, Victoria Park, Fishponds, Bristol, Hon. Treasurer.

E. Guise, 48, Jamaica Street, Stokes Croft, Bristol, Hon. Secretary.

THE LATE CANON W. W. C. BAKER.

VICAR OF SOUTHILL, FORMERLY RECTOR OF DUNSTABLE, BEDS.

PROPOSED MEMORIAL.

The Bedfordshire Association invite subscriptions to enable them to place an iron staircase, to replace the old ladder in the tower of Dunstable Church, at the estimated cost of about £50.

The original proposal of two additional bells is impracticable, the diocesan architect stating that the tower would be unable to carry the strain of the extra bells.

Donations, however small, will be gratefully received and acknowledged by

A. KING,

6, Tavistock Crescent,
Luton, Beds,

Hon. Sec. on behalf of the Memorial Committee.

ANCIENT SOCIETY OF COLLEGE YOUTHS (Established 1637).—The 295th anniversary dinner will be held at the London Tavern, Fenchurch Street, E.C., on Saturday, Nov. 5th, at 6.30 p.m. Service at St. Michael's, College Hill, at 5 p.m. Tickets, 7s. each, may be obtained up to Nov. 2nd from Messrs.
