READING'S BELLS

From the recently published Part X. of 'The Church Bells of Berkshire,' by Mr. Frederick Sharpe, can be pieced together the romance of 'Harry' or 'Kelsall,' the tenor of the ring of 12 at St. Laurence's, Reading. For five centuries no expense has been spared either to keep these bells in ringing order or to make alterations to the ring in accordance with the fashion of the time.

While it is known that there were three bells in this church in 1433, 'Harry' was consecrated in 1499. The first recasting was in 1567, but its weight was such that additional metal was required for the bells. In 1579 a ring of five was provided, the fourth and tenor being recast, the latter bell having a weight of 34 cwt. 1 qr.

The bells of St. Laurence's were frequently cracking, caused through 'clocking' (tying a rope to the clapper and pulling the latter against the side of the bell), so much so that the following resolution was adopted at the vestry meeting of 1593: 'Whereas there was through the slothfulness of the Sextine in times paft, a kind of toling ye bell by ye clapper rope: yt was now fforbedden and taken awaye: & that the bell should be toled: as in tymes paft: and not in anie fuch Idle forte.' 'Kelsall' was recast by Joseph Carter, the celebrated bell founder, who was then churchwarden in 1594-5. In 1646, Joseph Carter's 'lowd' tenor became cracked, whether or not on this occasion through the slothfulness of the sexton, we are not told, and was recast in the following year.

An important step forward was the decision of the Vestry in 1662 to recast the five bells into eight tuneable bells, using the same metal. The two largest bells were again cracked in 1703, and eventually recast, and it was on these bells that the first recorded peal in Berkshire was rung—Grandsire Triples in 1734. A ring of ten was introduced in 1748 by recasting the eight and adding two lighter bells. The tenor by now had been reduced in weight to 23 cwt.; four of these bells are in the present ring of 12.

History of these famous bells in modern times tells of how the Rev. C. Kerry in 1881 found them in a deplorable condition and that they had not been rung for several years. Three of the bells, including the tenor, were recast and the dedication and reopening ceremony was on February 21st, 1882. The augmentation to 12 was as recent as 1929, when the ring underwent a thorough restoration. It was through the enthusiasm of the Rev. C. W. O. Jenkyn and Mr. R. T. Hibbert that

the £180 was collected for the two new bells within the space of two months, and Mr. R. T. Hibbert conducted the first twelve-bell peal in Berkshire on April 21st, 1930. Has any tenor been recast more times in the history of bellringing?

minded that remittances should
be sent without delay to Mr. H.
J. Eldred, 26, Springfield Road,
Gorleston, Great Yarmouth.

The death of Thomas Chapman, of Nuneaton, is a great loss to his many friends in the Exercise. A peal which had been arranged in honour of his golden wedding on September 13th was rung as a thanksgiving for 60 years' ungrudging service to ringing. The peal was rung within a few hours of his passing.

The first peal of Belgrave Surprise Maximus has been rung by Mr. George E. Fearn's company at Birmingham.

Will conductors sending in peals please curtail footnotes to bare essentials? The space situation is critical!

The Rev. C. O. Ellison, Vicar of Wetherby, has been elected president of the Yorkshire Association. The report of the meeting at Barnsley will appear next week.

The first meeting of the Grimsby District at Caistor since 1933 was held on August 30th. The Guild Master (Mr. J. A. Freeman) and Mr. W. Ayre received a warm welcome.

Mr. F. Dench informs us that the method called Bristol Royal that appeared in our issue of September 19th was first published in the first issue of 'The Ringing World' (March 24th, 1911) by the late Rev. E. Bankes James.

Very impressed were 'old stagers' at the promise of beginners who attended the ladies' practice meeting at Stanford-le-Hope, Essex, recently. Miss Chinnery was thanked for making the arrangements.

Mr. Herbert O. Chaddock 'circled' Whiston tower by the peal on September 13th. Another 'circler' is Mr. Frank C. May, who accomplished this feat at Rettendon, Essex, on the same day.

Mr. Albert Walker was in a new role at Shirley, Birmingham, on September 15th. He 'stroked' the tenor to a peal of Grandsire Triples, while Mr. E. C. Shepherd shepherded four firsts of Triples.

BELFRY GOSSIP

The finest handbell achievement to date was the performance last Sunday at Leicester of a peal of Cambridge Maximus, conducted by Mr. Harold Poole. The company included P. J. Staniforth, Jill Poole, W. P. Whitehead, A. Ballard and E. Whitehead.

Mr. A. H. Pulling has retired after 39 years as caretaker of the Guildford Royal Grammar School. Owing to housing shortage, Mr. and Mrs. Pulling are still living at the school.

Twenty-six ringers turned up for practice on a recent Monday at St. John's, Hillingdon, and after a couple of touches the 9th clapper broke. It has now been repaired.

Mr. Edward J. Lindley, secretary of the Cambridge University Guild, rang his 50th peal at Ewhurst on September 13th. Congratulations!

Mr. Vic Hemus has succeeded in breaking down local prejudice and started a new band of change ringers at Malmesbury. He will be remembered prior to the war as a member of George Fearn's band at Birmingham.

Congratulations to Mr. E. Morris upon his recent feat of ringing the tenor in the peal of Minor at Lullington, Derbyshire. It is believed to be 34 years since Mr. W. W. Worthington's band rang these bells to the last peal of Minor.

Two weddings were celebrated by the peal at St. Mary's, Leyton, on September 13th—Mr. James Albert Bullock and Miss Rose Quinell at Dagenham, and the Rev. J. Morgan James, curate of Leyton, to Mdlle. J. Hoffman de Visme at St. Mary's, Leyton.

Mr. A. J. Ford, who has been associated with Bury St. Edmunds ringers, is shortly returning to Australia. The peal in the Norman Tower on September 13th was a farewell to him and a 65th birthday compliment to A. E. Moore, who rang the treble.

N.E. YORKSHIRE AND S. DURHAM TOUR

A week's ringing tour in N.E. Yorkshire and South Durham, which concluded on Sept. 6th, produced 10 peals out of 14 attempts. One failure was due to a rope slipping the wheel at Northallerton, and the other three losses could be put down to physical strain due to lack of reserves. Ten ringers accepted Mr. J. E. Cawser's invitation to take part in this tour, but it was regretted that Mr. W. E. Critchley, of Doncaster, could only be present part time, thus a heavy strain was put upon the remaining nine ringers.

The party met at Thirsk at 10 a.m. on Saturday, August 30th, and commenced by scoring a good peal of Yorkshire Major on the old bells there, most of which were cast in the 15th century.

After lunch a move was made by road to Northallerton, where an attempt for London was made. It soon became obvious that the band had to be fully awake to the job they had in hand; for not only were there one or two bad going bells here, but the 5th had a tendency to slip wheel occasionally even though rung with a tight rope, and once the treble ringer had to retrieve his rope from off the top of the clock case behind him. Despite these adverse conditions, a good beat was maintained, but with the end well in sight after 2½ hours' ringing, the 5th rope slipped again and the bell set at back-stroke. This put an end to what may have been considered the best performance of the tour. After a very fine tea at a nearby cafe, the party moved on to Middlesbrough, where they made their headquarters for the following three days at the Corporation Hotel.

On Sunday morning the party was cordially welcomed in the tower of St. Hilda's, Middlesbrough, by the Vicar and local ringers. After a course of Bristol, a touch of Stedman Triples was rung with two of the local band standing in. In the afternoon, the party went to Ormesby, some three miles out of town, and scored a good peal of London on the delightful Taylor eight there. A good touch of Stedman was then rung for Evensong with the local towerkeeper standing in.

Monday proved the most strenuous day of the week, for peals of Bristol and London were brought round on two heavy rings of eight. At Skelton-in-Cleveland, where the peal of Bristol was rung, three of the party put in a good hour's work on the ropes before the peal could be attempted. Eventually a start was made only to come to grief after 40 minutes owing to a change course, but the band seemed so determined to score a peal on this fine eight that a fresh start was promptly made and a good peal was brought round in 3 hours and 36 minutes.

At Saltburn the party were cordially greeted by the Vicar, even though they were then two hours behind their scheduled time. This very fine eight, although a little too noisy in the ringing chamber, were soon set going to London, but a fresh start had to be made after two courses owing to the tenor rope breaking beneath the sally. This was soon remedied by our ex-R.N. friend, who proved that his services in the Navy had not been entirely wasted. It was perhaps fortunate that Mr. J. C. E. Simpson had been asked to call this peal, for no other voice present could have penetrated the noise of these bells, but at least he did have the satisfaction of silencing his critics by calling a peal of London from a working bell.

Tuesday morning found a rather tired band attempting a peal of Pudsey Major at Middlesbrough. After two or three false starts the party adjourned for lunch and made a fresh start at 1 p.m. After a short interview with the local Press, when a couple of photographs of the party were taken, a start was made and eventually a peal was brought round. In the evening a peal of London was lost at Thornaby owing to a change course.

On Wednesday morning an early start was made for West Hartlepool, where the band

had the satisfaction of scoring a peal of Yorkshire Royal, being the first peal in the method by all the band except the conductor. In most cases it was the first touch in the method. An attempt for London in the afternoon was lost at St. Aiden's, West Hartlepool, a light but musical eight, after an hour's ringing. It was at this point where it became noticeable that the strain due to lack of reserves was telling its tale. There were many very sore hands which called for careful treatment, such as yards of Elastoplast and handkerchiefs woven into the rope ends.

The Imperial Hotel, Darlington, was chosen as our headquarters for the remaining three days of the tour, and the party duly moved in on Wednesday evening. The next day found the ringers at Sheldon, where they did not find any difficulty in obtaining a beat on this pleasant ring of eight, tenor 16 cwt., by Taylors. Here a good peal of Bristol was scored, but once again the afternoon attempt failed, this time Norfolk at Bishop Auckland after an hour. Even after three losses in three days the band still considered they were equal to Spiced Surprise. This they rang in masterly style on the old ring of eight at Richmond, the writer having the pleasure of listening to every blow. Again it fell to Mr. Simpson's lot to call A. J. Pitman's most recent and difficult composition for the third time within two months, no other composition being available at the time. This proved a particularly pleasing performance, for three members of the band earned 'stars' for their first peal of Spiced Surprise.

At this juncture Mr. Simpson had to leave for home, which left the band seven strong, Mr. J. L. Millhouse also having left for a prior appointment. This gave the remaining party the opportunity to assist Miss Killingley, of Richmond, to score her first peal at first attempt—Bob Major—at Catterick, ably conducted by Mr. Leonard Trevor.

To wind up the tour a peal of Norfolk was decided upon at St. Cuthbert's, Darlington. This was successful on this fine new ring of eight by Messrs. Gillett and Johnston, 1937, the band being particularly grateful to Mr. G. F. Newton for standing in at short notice.

Sincere thanks are extended to the many ringers who met, and welcomed the visiting ringers at the various towers, also the clergy and towerkeepers for placing the bells at their disposal. In particular most sincere thanks are extended to Mr. Addison, of Middlesbrough, for the Yorkshire arrangements, and to Mr. W. N. Park for the Durham arrangements. The touring band wish to accord Mr. J. E. Cawser their most sincere thanks for the arrangements he made for their help and comfort during the whole week. He organised everything to the last detail, and they feel that they ought not really to have lost those three peals, as he left them nothing to do but—ring!
R.G.E.

YORKSHIRE ASSOCIATION

The autumn meeting of the Eastern District was held at Howden on September 6th and was attended by about 50 ringers, representing 21 towers, with visitors from Norfolk and Oxfordshire.

A short service in church was conducted by the Vicar (the Rev. T. G. Kitchen), who gave the address. An excellent tea was followed by the business meeting, presided over by the vice-president, Mr. A. H. Fox. Miss Patricia James, of Sedbergh, was elected a member. An invitation to hold the next meeting at Selby was accepted. A comprehensive vote of thanks to the Vicar, local company and ladies serving tea was proposed by the chairman, seconded by Mr. F. W. Dale, and supported by Mr. P. J. Johnson, and the Vicar responded.

A collection for the Bell Restoration Fund realised £1 ls. 6d. The secretary was asked to write to Mr. W. Pearson, of Pontefract, expressing sympathy with him in his illness and hoping for his speedy recovery.

OBITUARY

THE REV. E. S. POWELL.

The sudden collapse and death of the Rev. Everard Slade Powell, M.A., while ringing at Sheffield Cathedral last Sunday evening, is deeply regretted by his wide circle of friends and the Exercise generally. He was 71.

Mr. Powell was a scholar of Christ Church, Oxford, and had a brilliant university career. He was ordained in 1899 and held three livings—Holberton 1906-28, Clyst St. George 1928-35, and Staverton, Daventry, 1933-1946. He retired at the end of last year and made his home at Stoke-under-Ham, near Yeovil.

To ringers all over the country Mr. Powell is known as the author of 'The Ringer's Handbook,' one of the most popular of the instructional books, which has sold in its thousands.

From 1935 until he left the diocese last year the Rev. Powell was Master of the Peterborough Diocesan Guild. He proved himself to be an ideal Master, and the gratitude of the Guild was expressed to him and Mrs. Powell at the last annual meeting in the form of a presentation and testimonial.

MR. JAMES COX.

The death is announced of Mr. James Cox, of the Oldham (St. Mary's) Parish Church Society, on August 23rd, after a long illness. Mr. Cox was interred at Chadderton Cemetery on August 26th. Several ringers attended the funeral service at Oldham Parish Church.

MR. J. A. HART.

We regret to record the death, which took place suddenly on September 25th after working in his garden, of Mr. James Alfred Hart, of 27, Alexandra Road, Uckfield, Sussex. For over 40 years Mr. Hart had been captain of the Uckfield ringers. He celebrated his 77th birthday on September 1st last and his golden wedding last June.

MR. A. E. WEBB.

We regret to record the death on September 16th as the result of a road accident the same day of Mr. Albert Edward (Teddy) Webb, of Brecon, a member of St. David's band and of the General Committee of the Swansea and Brecon Diocesan Guild. He was carrying out his duties as a postman when the cycle he was riding came into collision with a motor-car.

Mr. Webb, who was 54 years of age, was very popular in his district. The funeral service on September 20th at St. David's, Brecon, was conducted by the Vicar (the Rev. L. Davies), assisted by the headmaster of Christ College. The large congregation present included the Mayor of Brecon, the Member of Parliament (Ald. T. E. Watkins), and the Swansea and Brecon Guild were represented by Mr. A. Matthews (Master), Mr. D. G. Williams (general secretary), Mr. D. H. Bennett (district secretary) and Mr. M. Howcroft. There were over 100 wreaths, including a tribute from the Diocesan Guild.

After the service the bells were rung half-muffled, and in the evening a quarter-peal half-muffled by M. Howcroft 1, A. Matthews 2, G. Hardwick 3, G. Davies 4, D. H. Bennett (conductor) 5, D. Stokes 6, C. Morgan 7, R. Chambers 8. It was the first quarter for 1, 4, 6, 7 and 8.

MIDDLESEX COUNTY ASSOCIATION

Twenty members and friends attended the evening meeting of the South and West District at All Saints', Fulham, on September 18th, when owing to local restrictions the bells could only be rung for about an hour. Of the ten bells, only eight were in use, the trebles being under repair, but some good ringing was accomplished under the supervision of Mr. F. A. Finch (Ringing Master). Methods rung included Grandsire and Stedman Triples. Double Norwich and Cambridge.

National Police Guild

The annual meeting for 1947 was held at Birmingham on September 20th, and was well attended by members and friends from all parts of the country. Lunch and tea were provided at Police Headquarters.

A company of 115 sat down to lunch, at which Mr. E. I. Dodd (chief Constable of Birmingham) presided. After the loyal toast he extended a very cordial welcome to the Guild. He showed a keen interest in ringing, and it is understood that he will be further enlightened by a prominent Birmingham ringer.

He also kindly undertook to adorn the worthy president, Inspector H. Poole, with an insignia of office, in the form of a suitably inscribed silver bell, the gift of ex-Supt. C. P. Hilton, of Surrey, and ex-Sergt. A. Lawrence, of Herts.

Ex-Supt. Williams, of Manchester, fully recovered from the illness which compelled his absence last year, welcomed the guests and visitors, notable amongst whom were the Rev. E. H. Waddleton, Mr. Albert Walker and the ever-green and ever-present J. W. Jones, of Newport.

The business meeting followed, at which Insp. H. Poole presided. He spoke of the happy renewal of friendships so well established. Referring to the absence of successful police peals during the year, he said that peals were not all that mattered.

The officers were re-elected and nine new ringing members and two life members enrolled. An invitation to Manchester for the next meeting was gratefully accepted and (d.v.) will be held on September 18th, 1948. A hearty vote of thanks was accorded to Mr. Lawrence and Mr. Hilton for their generous gift to the Guild.

Ringling opportunities were available for all and were fully exploited, not without incident. A worthy vice-president's bell went over the top, allegedly due to a cracked stay. A northern member with bold effrontery completed a bridal photographic group, shook hands with the bridegroom and kissed the bride on an assurance that the bells were being rung for the wedding. All this was accepted in the right spirit with characteristic good humour.

Sincere thanks were expressed to the Chief Constable for his support and the use of the Police Canteen, and to P.C. L. Tuffrey for arranging a splendid lunch and tea and a most enjoyable social evening. Great regret was expressed at the absence of Bill Dowding, who, ignoring anno domini, was said to have been gathering fruit the previous day and to have come down the tree by a quicker route than intended, with painful results. H.G.J.

GLOUCESTER AND BRISTOL ASSN.

The quarterly meeting of the Swindon Branch was held at Purton on September 13th, and ringers were present from Blunsdon, Lydiard Millicent, Malmesbury, Swindon, Stratton St. Margaret, Rodbourne Cheney and Wootton Bassett, together with members of the local band. Various methods up to Cambridge were rung, and tea was provided at the Vicarage by Canon and Mrs. Willis.

At the business meeting a welcome was extended to Mr. Hemus and party from Malmesbury, where an attempt is being made to form a change ringing band. It is proposed to hold the next three meetings at Malmesbury, Wootton Bassett and Christ Church, Swindon.

Bristol Surprise Extensions

BY GEORGE BAKER.

Many years ago the late Arthur Craven gave the true extensions of Bristol Surprise Major to Royal and Maximus in 'The Ringing World,' and there is no question whatever that he gave the true extensions.

Following are the first ten changes of Bristol Surprise Major and the same place making on ten and twelve bells.

It is useless for anyone to deny that the placemaking is not the same on 8, 10 and 12 bells so far as the first ten changes are concerned, and if we want to make a double method of the Royal, all we have to do is to reverse the place-making of the first ten changes as shown, and the Maximus then follows naturally.

In Bristol Surprise Major the bells are in proper coursing order in front and behind, and they are also in Royal and Maximus.

Mr. Bramble's so-called extension to Royal does not conform to that rule.

WHITLEY BAY 'OPEN DAY'

More than 60 people attended an 'open day' at St. Paul's, Whitley Bay, Northumberland, on September 20th, visiting the belfry and seeing something of the art of change ringing.

A talk on change ringing was given by Mr. Richard A. Gofton, during which he mentioned some of the achievements of Whitley Bay—the first peal of Spliced Surprise Major on May 14th, 1924, and a peal on handbells of London Surprise Major by the four brothers Gofton on November 3rd, 1920.

Mr. Gofton stated that the present band—half of whom were recruited since 1944, were now ringing service touches of London Surprise Major, and he hoped that they would continue to make progress and re-establish the tower in its former pre-eminent position in the Association.

Bagshot Bells Restored

The ring of eight (tenor 17½ cwt.) at St. Anne's, Bagshot, Surrey, has been restored, and the reopening ceremony took place on Sept. 20th, when a company of 60 ringers was present and expressed satisfaction at the work of Messrs. Gillett and Johnston.

After the choral service, conducted by the Rev. R. Gibson, the visitors were entertained to tea through the generosity of a Bagshot ringer. The congratulations of the company were voiced by Mr. C. W. Denyer (Ringing Master of the Farnham District), to the Vicar, Parochial Church Council and local ringers on their pluck in having the bells restored. It was now, he said, a pleasure to ring the tenor, whereas previously it needed a great deal of effort.

Mr. G. L. Grover (Guild secretary) also spoke in appreciative terms of the work, and his remarks were endorsed by Mr. F. J. Ewens (Camberley) and Mr. F. Stone (Blackmoor).

Mr. J. Corbett (Bagshot) thanked all who had spoken so well of their efforts. A considerable sum of money (£245) was required, but during the summer efforts had raised about £140 and now greater efforts for money raising would be made.

Mention was made of the long service to Bagshot tower by Mr. Nve (47 years) and Mr. Corbett (51 years), and the wish was expressed by Mr. H. Hunt that they would live many more years to enjoy the music of the bells. Three ringing members from Farnborough and one from Yorktown were elected.

GUILD OF DEVONSHIRE RINGERS

A very successful meeting of the South-West Branch was held at Kelly on September 20th, supported by ringers and friends from Plymouth (St. Andrew's and Emmanuel), Plympton (St. Maurice's and St. Mary's), Bridgerule, Stratton, Petockstowe, Okehampton, Marham church, Carbis Bay, Lifton and Kelly.

The bells were rung to rounds, touches of Grandsire, Stedman, Plain Bob, Kent and Cambridge.

A service in church was conducted by the Rector (the Rev. B. M. G. Reardon). A collection for the Guild's Bells Restoration Fund amounted to £1 3s. 9d. Seventy sat down to an excellent tea.

The business meeting which followed was presided over by the branch chairman, the Rev. H. E. Bennett, Plymouth Emmanuel, January 17th, 1948, was chosen for the annual meeting.

The chairman proposed a hearty vote of thanks to the Rector and ringers for such an enthusiastic welcome to Kelly, and expressed the meeting's pleasure at having with them the Guild president (Preb. E. V. Cox), Mr. F. C. Smale (general secretary), the Rev. and Mrs. A. S. Roberts, and so many of our friends of the North-West Branch.

Ringling in the standard methods was also enjoyed at Bradstone and Milton Abbott.

ELY DIOCESAN ASSOCIATION

Some useful work in helping members of the local band was done during the meeting of the Cambridge District at Bottisham on September 13th, attended by 15 members. At the business meeting, presided over by Mr. Lack (Great Staughton), Mr. E. W. Brown (Cambridge) was elected a member. It is hoped to hold the next meeting at Ickleton. The service was conducted by the Vicar (the Rev. H. P. Russell).

Ringers' Outings

ST. PETER MANCROFT.

A large party of ringers and friends had an outing to Cambridge on September 6th. At the Roman Catholic Church of Our Lady and the English Martyrs the long draught of this fine eight proved less embarrassing to Mancroft ringers. At St. Andrew's the best use was made of an indifferent eight. Various methods up to Treble Twelve were rung at Great St. Mary's, where opinions were divided as to which is worse—a long draught or a long staircase. After tea Cambridge Minor was rung on Fabian Stedman's bells at St. Benet's. On the way home Double Norwich was enjoyed at St. Mary's, Ely. Thanks are expressed to Mr. Nolan Golden for his efficient organisation and to the steeplekeepers.

BRISTOL RINGERS.

After getting lost in the Stroud Valley, the SS. Philip and Jacob's Guild, Bristol, reached Painswick, the objective of their annual outing, on September 13th. A pleasant hour was spent ringing Stedman Cinques and Treble Bob Maximus.

Then followed a short run back to Stroud for tea, with some more Cinques and tunes on handbells to aid the digestion. A move was then made to St. Lawrence's Church, where some excellent ringing was indulged in of Bristol Major, Stedman Caters, Treble Ten and Cambridge Royal.

RODBOURNE CHENEY.

Rodbourne Cheney ringers held their annual outing on August 30th and were accompanied by ringers from Christ Church, Swindon, Bunsdon, Chiseldon and Compton. The first stop was Beckington, where the long draught did not suit the young ringers. Mr. J. T. Dyke joined the party here, and accompanied them to Corsley, where various methods were rung. Tea was at Warminster and here acquaintance was renewed with ex-Sergt. Norman Knee, who spent some months in the Swindon district during the war. Ringing at Codford and Shrewton ended the programme, the best ringing of the day being at the last tower. W.B.K.

WARMINSTER.

On September 13th, 24 ringers and friends from Warminster and Longbridge Deverill had a long day's tour of North Somerset. Heavy rain was experienced through Bath to Keynsham, the first stop. Here they were met by the Vicar, the local ringers and the reporter for the local newspaper (also a ringer). Grandshire Tripples with some rounds and call changes for a fledgling making his first trip was rung.

From Keynsham the party went through Bristol to the charming little village of Portishead, with its strikingly pretty churchyard, and a very trim well-appointed belfry, whose peal boards record the popularity of the tower among the ladies. The pleasant, easy-going eight were rung to Grandshire and Stedman. A most picturesque drive by the coast and down narrow lanes brought the party to Clevedon by mid-day. The light eight here were much to the liking of all. Lunch, an excellent meal, was enjoyed here, and at Congressbury the heavy men were given the task of ringing up the 38 cwt. tenor and then ringing it down again to get it up right. The bells, a lovely eight with a most noble tenor by Bilbie, were successfully turned in to Plain Bob.

A half-hour run brought the band to Weston-super-Mare, where after tea there was ringing on the easy-going light at St. John's.

Evening was come when Blagdon was reached after a lovely ride through Somerset lanes and woods, but here a combination of new ropes and long draught proved too much for most of the party. Still undaunted, the band set out for the seventh tower of the day at Chewton Mendip, but, unfortunately, the wrong road was taken, and the village was not tracked down until 9 p.m., when the church was deserted, not surprisingly, and no ringing could be enjoyed. C.N.P.

LETTERS

YOUTH ON TOUR

Dear Sir,—As the contributor of the report of the ringing tour, 'From Winchester to Marlborough,' which appeared in 'The Ringing World' of September 12th, I should like to thank Mr. Dryas for his letter and kind remarks. I am glad to note that not all the writers in these columns attempt to split hairs, and, further, that some ringers have recognised and appreciated the aims of those junior members of the fraternity who took part in the tour.

All of the tourists, without exception, gained in some way. We all improved considerably our knowledge of Hampshire, Dorset, Somerset and Wiltshire; we made many new friends and acquaintances and made progress, to varying degrees, in the art. We experienced the pleasure of entering new towers and gained much valuable physical exercise.

The towers on the list were arranged in order that we might visit them comfortably, and we averaged four per day. It was gratifying to be told, as we were at several towers, that it was good to hear the bells again, for in many country churches a band of ringers is not always forthcoming.

In conclusion, I should like to say that I am sure the band would have been honoured by the company of Mr. Dryas had he been able to join us.—Yours sincerely,

ROGER O. FRY.

Bath, Somerset.

BEOLEY BELLS TO BE REHUNG

Sir.—Readers of 'The Ringing World' may be interested to know that the 14th century tower of Beoley Parish Church, which has been unsafe for a considerable period, is to be repaired, and at the same time the bells are to be rehung in a modern cast-iron frame by Messrs. Gillett and Johnston. The ring consists of six bells and was broadcast at Christmas, 1943.

The details are as follows: No. 1, founded by R. Sanders, 1708; No. 2, H. Oldfield, in 1622 (this is the only Oldfield bell left in Worcestershire); No. 3, R. Sanders, 1709; No. 4, Newcombe, 1611; No. 5, Rudhall, 1789; No. 6, Hugh Watts, 1601.

The church is famous for its association with the illustrious family of Sheldon, who introduced the art of tapestry weaving into England in the 16th century. Many of this family are buried in the church, and their names are on three of the bells.

The work of rehanging the bells and repairing the tower will cost £1,450, and we are advised to aim at raising a further £150 as a contingency sum.

This parish of 770 people has raised £1,400 in a year, and the Appeal Committee now hope that lovers of the art of bellringing may feel disposed to help us. Mr. W. Jackson, Keswick, Birmingham Road, Bordesley, Redditch, is the treasurer of the Appeal Fund.—Yours sincerely,

LEONARD J. BIRCH, Vicar.

ST. PETER MANCROFT BELLS

Dear Sir,—A recording of a plain course of Grandshire Caters was made last July for the background of a talk in a B.B.C. programme featuring Norwich to be broadcast on Monday, October 13th, at 6.50 to 7.30.

Copies of the actual recording of the bells will be available at 10s. each if a sufficient number of people desire them. Intending purchasers should let me know as soon as possible.

Incidentally the recording engineer on this occasion was most courteous and acted upon certain suggestions made in order to obtain the best possible recording. In the course of conversation I gathered that he had had considerable dealings with ringers and was fully conscious of their fancies, foibles and prejudices.—Yours, etc.,

NOLAN GOLDEN.

The Ladies' Guild

EASTERN DISTRICT AT BECCLES.

A most successful meeting of the Eastern District was held at Beccles on September 13th. Thirteen members were present, together with about thirty men. The fine ring of ten bells (tenor 25 cwt.) was put to good use during the afternoon and evening, and ringing ranged from rounds to Stedman Caters and Cambridge Royal, as well as London and Bristol Major. Twice during the afternoon a band of ladies rang the bells to rounds and the men were forced to admit that they were well struck.

Tea was served at the Y.M.C.A., and what a tea! Everyone agreed it was worth coming to Beccles if only for the tea. After tea the vice-president (Miss Snowden) thanked the Rector, the Rev. Rideal, for the use of the bells, and Mr. Goate for making the arrangements, and to the cook who produced the wonderful home-made pastries and cakes.

The Rector replied, saying how pleased he was to see the ladies at Beccles, and Mr. A. Gillings also welcomed them on behalf of the Suffolk Guild.

At the brief Ladies' Guild meeting which followed, one new member was elected—Miss Selina Moor, of Norwich. It was decided to hold the next meeting at Diss, but to leave it until next spring—April 10th or 17th—owing to the transport difficulties entailed by petrol rationing. Good use of the bells was also made during the evening, broken at intervals by ringers who, having had just one more pull, had to make a wild dash for bus or train.
