THE GUIDE

THE second edition of Ronald H. Dove's 'A Bell-ringer's Guide to the Church Bells of Britain' has made its welcome appearance. The original Guide was an instantaneous success, and but for difficulties in the printing industry a second edition would have been in the hands of the waiting public many months ago. It is very significant of the change and, generally speaking, advancement that over 2,000 amendments to the original Guide were necessary. Some are of necessity corrections to the original work, which arise through the light of publication, but augmentations and recastings are constantly occurring. The new Guide includes many improvements, among them being a stronger and better finished binding, a necessity for many perhaps with a well-thumbed book.

A comparison since the last Guide was published in 1950 is of interest. In England there were 5,226 rings of bells; the number has now been reduced to 5,208. This total is made up of 55 rings of 12 (against 54 in 1950), 160 rings of ten (158), one ring of nine (All Saints', Basingstoke), 1,523 rings of eight (1,482), one ring of seven (Goldhanger, Essex), 2,488 rings of six (2,484), and 980 rings of five (1,048). In Wales and Monmouth there is a decrease of one to 168, the respective figures being 12 bells one (1), ten bells four (4), eight bells 58 (61), six bells 84 (85), and five bells 21 (18). Scotland has one new eight for ringing, at Dunblane, Perth, where the eight were previously chimed, and totals 13. In Ireland there are 33 rings—a new 10 at St. Mark's, Dundela, Belfast. Thus the total for the British Isles is 12 bells 57 (56), ten bells 174 (171), nine bells 1, eight bells 1,607 (1,568), seven bells 1, six bells 2,580 (2,577), and five bells 1,002 (1,067); total 5,422 (5,439).

As regards rings of 12, Liverpool has been enriched by the 12 in the Cathedral and the recasting of St. Nicholas', with a tenor weighing 41 cwt. 3 cwt. 15 lb. St. Giles', Cripplegate, is a replacement and Evesham is added to the list. The loss has been at Christ Church, West Bromwich, where four unsatisfactory trebles have been scrapped. There have been some noteworthy changes among the rings of 10. There are two new rings at New Westminster, B.C., and at Belfast, and augmentations by

two trebles at Stradbroke and Marsden. The ten in the former Church of All Hallows, Lombard Street, have now a home at Twickenham. (They were originally at St. Dionis', Fenchurch Street.) The former Church of St. Michael, Gloucester, has been deconsecrated, but the bells have not been removed, although they are not allowed to be rung.

Sherborne's claim of having the heaviest eight (tenor 46 cwt.) is still undisputed. Ullenhall, Warwick, is now regarded as having the lightest eight with a tenor of not more than three cwt. Among the sixes the pride of place is Queen Camel, Somerset (tenor 36 cwt. 3 qr. 7 lb.), but the lightest is now at Home Farm, Balscote, Oxon, with a tenor of 134 lb. Peterborough Cathedral with a tenor of approximately 30 cwt. has the heaviest five. These bells have not been rung for about 40 years, although Mr. Dove is inclined to question the justification of this decision. Next in order are East Pennard, Somerset, and Isleham, Cambs. For light bells the order appears to be Foots Cray (3¼ cwt.), Advent, Cornwall (3 cwt. 2 qr. 24 lb.) and Stoke D'Abernon, Surrey (3 cwt. 3 qr. 11 lb.).

Interesting new features in the second Guide are 'Post-War Losses of Ringing Bells' and 'Transfers of Ringing Peals.' There have been ten post-war losses, but only at St. Helen's, Worcester, and Shenstone, Staffs, were the bells in ringing order. Two incidents recorded are to be deeply deplored. At Perlethorpe, Notts, five of the six bells have been sold and a gramophone installation provided. The other instance comes from West Lulworth, Dorset. Because of proximity of an artillery range a new tower was necessary. The tower designed by a diocesan architect was not only too weak to carry ringing bells, but too small to house even a chime. Only two bells were kept for use in connection with the clock.

The foreword to the second edition has been written by Group Capt. T. V. Lister, of Apperley, Glos. 'It is invaluable,' he writes, 'to organisers of ringers' outings; to ringers whose daily avocations involve travelling, and to every ringer who requires an easy book of reference.' Your editor regards Mr. Ronald H. Dove's work as indispensable, and no one could say a warmer 'Thank you' to him. He wore out three copies of the first edition with almost daily consultations! Mr. Dove certainly deserves some form of recognition from the Central Council, and we trust that the second edition will meet with a rapid sale.

PETERBOROUGH DIOCESAN GUILD

Wellingborough Branch

A successful quarterly meeting was held at Bozeat on April 21st. A company of 80 was present at tea, which included Miss E. Steele, of Biddenham, Bedford, and visitors from the Northampton and Kettering Branches. The Vicar of Bozeat-with-Easton Maudit (the Rev. W. G. Knight) gave a very interesting address during the Guild service. The Guild Bell Restoration Fund collection amounted to £2.

During the business proceedings the members stood in silence in memory of Mrs. H. Linnell, Wilby, for 30 years an honorary member, and Mr. C. Payne, for many years leader of the Irchester belfry.

Five new ringing members from Bozeat were elected. Higham Ferrers was chosen for the next quarterly meeting, and one guinea was voted to the Bow Bells appeal.

Bozeat. Easton Maudit and Yardley Hastings bells were open for ringing during the afternoon and evening. A. B.

NORWICH DIOCESAN ASSOCIATION

An enjoyable meeting of the North Norfolk Branch was held at Aylsham on April 21st. Ringing included Stedman Triples, Plain Royal and, of course, Bristol Major.

The service was conducted by the Rev. C. W. Martyn, who welcomed the ringers to his church. At the business meeting, following a most enjoyable tea, Mr. A. G. Bason presided.

It was decided to hold an interim meeting at Heydon on June 9th, subject to permission. The meeting on July 14th will be at Coltishall and not as Mattishall, as stated. C. B.

LEICESTER DIOCESAN GUILD

Melton Mowbray District

Buckminster is a village in a wood. The houses and village street are surrounded by trees and the Parish Church is in a lovely setting at the far end of the village green, with yew trees in the churchyard. The tower, crowned with a spire, is unusually situated in the south aisle, and the pleasant ring of six is rung from the ground floor with the ringers standing in the open church. A very successful meeting of the District took place on April 28th.

Canon H. V. Williams, the Vicar of Buckminster, has recently had a serious operation and had not returned to the parish. Members were sad to learn that, in addition to his indisposition, the Vicar had sustained a great sorrow in the sudden death of his daughter, who leaves a young family. At the business meeting the District secretary, Mrs. P. A. Corby, was instructed to write to Canon Williams to express the condolences of the Guild. The Rev. G. H. Salaman conducted the service.

At the business meeting members were reminded of the Central Council visit to Leicester at Whitsun, and were invited to apply to the District secretary for tickets for the dance and social (free to members and friends) that is to take place at the Bell Hotel, Leicester, on Whittuesday evening. The joint meeting with the Nottingham Branch of the Southwell Guild was suggested for June 9th.

For the next district meeting at Great Dalby on May 26th, the District secretary is to do her best to arrange a bus from Waltham and Melton.

Mr. Simpkin, leader of the local band, was re-elected to the Guild and the hope was expressed that the new band of ringers he is training would shortly become members.

SURREY ASSOCIATION

The Southern District meeting at Oxted on April 21st attracted a good attendance and one of the surprises of the ringing, supervised by the District Ringing Master, Mr. A. P. Cannon, was a boy of 12 years of age ringing Surprise methods and calling other touches with great efficiency.

The Rt. Rev. Bishop Hawkes conducted the service in the absence of the Vicar through indisposition, and in his address recalled many of his past associations with bells and ringing.

Ten new members were elected and a collection for the Bow Bells Fund raised 15s. The presentation to Mr. C. T. Champion, the recent District secretary, on his marriage, was to be made at Burstow on May 12th.

THE SUFFOLK GUILD

The Halesworth District meeting at Wrentham on April 21st was attended by about 35 members and visitors from Essex and Norfolk.

The weather was kind and allowed the west doors to be opened, and ringing took place in the warm sunlight. The accent was on youth. Time was found to suit all tastes from rounds to Surprise Minor.

The service was conducted by the curate, who made all welcome, and apologised for the unavoidable absence of the Rector. An excellent tea was served to all at The Pantry. Five new members were elected from Beccles and Southwold. The next meeting, it is hoped, will be held at Southwold on July 14th.

The peal of Cambridge Sur-
prise Royal at Soham on
April 28th was the first known
peal of Royal on the bells since November 23rd,
1821, when the Society of Soham Youths rang
a peal of New Treble Bob Royal.

BELFRY GOSSIP

The Rev. F. Ll. Edwards, Rector of Kington
Magna since 1908, is resigning the living as
from July 25th.

Miss Barbara Mitchell has been lucky in four
peals from four attempts in her three weeks'
leave from the Middle East.

Determination of Devon friends of Mr. and
Mrs. Norman Mallett won in the end. The
peal at St. David's, Exeter, on April 20th, in
honour of their wedding, was the third attempt.

Dr. Neil Smith, of London, was an unex-
pected but nevertheless welcome visitor to the
annual meeting of the Irish Association at
Dublin on April 28th.

'Tower snatching may be fun but it is not
really very good manners.'—The Rev. M. B.
St. L. Hurst-Bannister, Master of the Bath and
Wells Diocesan Association.

The Bishop of Lancaster, missionary at Wal-
ton-on-Thames for the Guildford Diocesan
Mission, visited the belfry and thanked each
ringer personally for his services. The bells
were rung for each service during the week.

After a long absence from the peal and
quarter peal columns, Brixworth, Northants,
recorded a quarter peal on April 14th, in which
three of the local band took part in their first
attempt.

Three Grammar School boys from Grantham
cycled to Silk Willoughby and rang a peal of
Plain Bob Minor on April 18th. 'The striking
was perfect all the time,' reports the conductor,
Mr. J. H. Musson.

An amusing story is in
circulation amongst very pro-
minent Yorkshire peal ringers.
It appears that south of the Yorkshire border
a band was attempting a peal, and throughout
the ringing the conductor was making heart-
rending appeals such as 'Don't make such wide
leads; fill in the gaps in the middle and don't
keep missing dodges behind.' At the conclu-
sion of the peal the Vicar came in, shook hands
all round and expressed his regret that one of
the clappers sent away to be repaired the pre-
vious week had not yet been returned! One
wonders if outside listeners were able to ascer-
tain whether the methods was 8ths place or 2nds
place at the lead-ends.

Ringling at Sweffling, Suffolk (6), has been
stopped as the builders who carried out a
£1,000 repair on the tower claim damage is
being caused to the new work.

An order has been given to Messrs. John
Taylor and Co. to commence work on Theber-
ton bells. It is hoped to have the bells back
in the tower during the year.

We are sorry to learn of the death of Mr.
George Bunyan, of Pirton, Herts. A stalwart
of the band for many years, his willingness to
teach the youngsters and his cheerful disposi-
tion will be sadly missed in the belfry.

Reporting on the peal at Pershore Abbey,
Mr. Frank C. Price writes that the quality of
this peal was 100 per cent., being witnessed by
Mr. W. H. Coles. The bells were by general
opinion probably the best tone of their age and
weight anywhere.

The passing of Mrs. E. M. Savage, of East
Budleigh, Devon, is regretted by many friends
in the West Country. Although a non-ringer
she was keenly interested in ringing and was
never happier than when 'doing the rounds'
with or entertaining a ringing party.

OXFORD DIOCESAN GUILD

Standard methods were rung at the annual meeting of the Bicester Deanery Branch on the very fine eight at Kirtlington on April 28th.

The Branch president (the Rev. A. F. Gatehouse) presided at the business meeting, when the secretary (Mr. C. H. Kinch) stated that on the whole Sunday service ringing was well maintained and the accounts showed an increased balance of £7 2s. 9d. from £3 15s.

The president was re-elected as were the Rev. J. Elkerton and Mr. F. Sharpe vice-presidents, and Mr. Kinch hon. secretary. The sum of £2 2s. was donated to the Bow Bells Restoration Fund.

In an address the Master (the Rev. C. Elliot Wigg) mentioned the appeal for 2s. per bell from each parish towards the Guild's Restoration Fund. The donations from the Parochial Councils had enabled increased grants to be made.

The meeting closed with a vote of thanks to the Rev. L. A. Gutch for conducting the service and his address, to Mrs. L. Kirkland for her 'ringers' tea, the organist and the hon. secretary.

JOINT MEETING AT BURTON-ON-TRENT

A joint meeting of the Society for the Archdeaconry of Stafford, Midland Counties Guild and Shropshire Association was held at Burton-on-Trent on April 14th, and proved most enjoyable and successful. With five towers available for ringing, the meeting attracted an attendance of 102. The towers in question were All Saints', St. Modwen's and St. Paul's, at Burton-on-Trent, Winshill and Rolleston-on-Dove, all of which were put to good use.

The service was held at St. Paul's, where the Vicar, Rev. W. Willis Price, gave the address. A sumptuous tea was served in St. Paul's Institute by a willing band of lady helpers. After the meal, Mr. W. Curzon, of the Midland Counties Guild, thanked Rev. W. Willis Price for his inspiring address, and Mr. B. G. Key and his helpers and the ladies for the excellent arrangements.

Although not officially taking part, a number of North Staffordshire Association members, including the secretary, Mr. E. H. Edge, were present.

MORE BELFRY GOSSIP

The sprightly Mr. T. Reginald Dennis has just rung his first peal of London Surprise at the age of 72.

The ringer of the 2nd in the peal at Apsley End on April 3rd, 1956 ('Ringing World,' page 245), was Frederick J. Plummer and not as printed.

Forty ringers and friends from Northampton and District visited Wolverton, Stony Stratford, Whaddon, Bletchley, Fenny Stratford, Woburn, Husborne Crawley and Wavendon for their Easter Monday outing. Thanks are due to those who met the party at the various towers.

His friends in St. David's Diocese and elsewhere regret to learn that Mr. R. Scudamore, of Llandilo, will be unable to ring for some weeks. 'Hurry up, Ralph, and get better. The Diocese needs your services,' write some of his old pals.

On April 24th, on the recommendation of 'The Church Times,' Mr. Ronald Hamilton, of the Canadian Broadcasting Company, took a tape recording of the bells of St. Martin's Church, Chelsfield, Kent, and interviewed some of the ringers. The recording is to be used in a programme featuring people and places.

Willesborough (Kent) has lost, temporarily, one of its most promising younger ringers—David Staples—who has gone to Formby (Lancs) to start his National Service. He will be missed, too, by his many other friends in the parish, as he was a keen and willing worker in other activities of his church. We feel sure he will soon make friends in his new surroundings and be a welcome visitor at nearby towers.

It was a big disappointment to the band which rang the peal of Dunmow Surprise Major on the Queen's birthday that Mr. Lewis W. Wiffen was prevented by a bad cold from being in the band. He had taken part in two practice quarters in the method and also in a previous peal attempt, lasting nearly three hours, in which he rang faultlessly. Mr. Walter Arnold, who stood in his place at very short notice, had never struck a blow of Dunmow before he rang in the peal.

The 50 years' service rendered by Mr. Arthur Windsor to Kids Grove, Staffordshire, was recognised not only by a peal on the bells, but by the ringers and church officials being entertained to tea at the Vicarage. Presentations followed—a barometer and a cheque from the church. The Vicar (the Rev. W. Yates), in thanking Mr. Windsor for his services, hoped that his example of service would be followed by the younger members of the tower. Mr. Windsor suitably replied and added that the peal had been a great pleasure to listen to.

A WALTHAMSTOW WEDDING

Two ringers attached to St. Mary's Church, Walthamstow, Miss Sonia Coles, daughter of Mr. C. T. W. Coles and granddaughter of the late Mr. C. T. Coles, for many years hon. secretary of the Middlesex County Association, and Mr. Alan Shepherd, a student at Cambridge University, were married at the Methodist Church, Highams Park, on April 28th. The ceremony was attended by many friends and relatives and several members of the St. Mary's, Walthamstow, Society of Ringers.

Unfortunately as there were several weddings at St. Mary's that day it was impossible to ring the bells at the time of the wedding, but on Sunday, April 29th, the St. Mary's ringers rang a quarter peal of Grandsire Triples before the morning service and attempted a quarter peal of Grandsire Caters before the evening service. The writer also rang at the wedding of the bride's grandparents at St. George's-in-the-East.

PILTON BELLS REDEDICATED

Among the large congregation that assembled at Pilton Parish Church on April 21st for the rededication of the church bells by the Lord Bishop of Bath and Wells (the Rt. Rev. W. H. Bradfield) were ringers representative of a large number of towers scattered over a wide area of the Diocese.

Before the service began a recording of the retuned bells was made. Later in the afternoon when the ringers were having tea at the Vicarage, this recording, together with one made before the bells were taken away in January, were replayed to show the remarkable and distinctive improvement.

The following ringers, all of Pilton, rang when the recording of the bells was made: Messrs. R. Harris 1, T. Harris 2, S. Atwell 3, R. Talbot 4, E. Lambert (captain) 5, Rev. L. M. Hurst-Bannister (Vicar) 6.

Mr. W. Theobald officially represented Messrs. Mears and Stainbank, the Whitechapel Bell Foundry, London.

During the service the lesson was read by Mr. Roger O. Fry, the general secretary of the Diocesan Association.

COSTLY PIECE OF WORK

The Bishop, in his address, referred to the costly piece of work that had been undertaken by the parish in getting the bells retuned, and he praised the parishioners that there had been no lack of response. It had rapidly become possible to put this work in hand and now the parishioners could rightly rejoice for the completion of this task. During the time the bells had been in the process of being retuned and recast the people of Pilton had been without them in the common life of the parish, and he recalled how much the people of Britain had missed the sound of church bells during the grim years of the war.

The Bishop said that change ringing in the Church of England had become a unique art; it was unique to this country and was known nowhere else in the world.

The right use of the bells depends upon those who are called to ring them Sunday by Sunday and at other times as occasion shall require. 'Let it not be thought for one moment,' the Bishop declared, 'that bell ringing is a bit of healthy exercise for those who like that kind of thing, although that kind of impression is abroad. That may well be due to the fact that some bell ringers have not brought to their task that degree of consecration and witness that is expected from all those who are called to the service of the Church. The laity have a part to play in the Church as well as the ordained minister, and it is not enough merely to ring bells to call people to worship and then walk away from that very worship to which they are summoning people. Bell ringing is very much a part of the ministry of the laity as serving at the altar of God, and a good bell ringer ought always to be a good churchman.'

'The Diocesan Association of Bell Ringers, of which your Vicar is the Master, is trying to ensure that those who are called to the active service are themselves consecrated men and women, who are finding their fellowship not only in their art of bell ringing but also in their fellowship of worship.'

TWOFOLD PURPOSE

The Bishop said that the purpose of church bells was twofold. Their first purpose was to summon the congregation into the fellowship of worship in their parish church. This summons was an individual summons for the simple reason that men and women are unique individuals and therefore each has his own part and place in the worship of the Church. If one person was to withhold his worship the whole worship of the Church and the fellowship of the whole Christian family is thereby weakened.

'Secondly, whenever the bells are rung, on a Sunday, or at any other time, we must remember the Lord our God and that we are His children. The message the bells proclaim is that the Christian faith and practice in the Christian life are the one essential in the spiritual extension of the congregation and the whole community. The bells call you to lift up your hearts to Him whose love we share. Let it not be thought that it is merely a case of playing a musical tune. The whole point is the bells call us to Him and tell us to remember Him at that moment. It is a loss to us all when their special significance is overlooked and forgotten.'

During the singing of the last hymn a collection was taken for the Church Bell Appeal and amounted to £16, bringing the total of the Appeal to £475. Another £45 is now needed to complete the Appeal. Donations are most welcome and should be sent to the Vicar, or to the Treasurer of the Appeal, Mr. R. Kennard Davis, On the Hill, Pilton, Shepton Mallet, Somerset.

WEST WICKHAM, KENT

The story behind the rehanging of the ring of six at St. John-the-Baptist's, West Wickham, Kent, is one of purposeful endeavour and enterprise. The bells (tenor about 13 cwt.) needed rehanging and the fifth had to be recast. The resident band, under their leader, Mr. Arthur Richards, tackled the work of dismantling and rehanging and now have a tuneful ring, which, we understand, go like the proverbial tops.

Not only did the ringers do all the work (except the recasting) but they have contributed a sum of £110 towards the cost. This money represents their ringing fees (for weddings, etc.) over a number of years, which they carefully saved up until the work could be tackled.

West Wickham ringers are to be congratulated on such an outstanding effort, and we wish them all possible enjoyment in ringing their bells.

Gratefully Acknowledged

The Editorial Committee acknowledge with gratitude the following donations towards meeting the cost of producing 'The Ringing World':—

DURHAM AND NEWCASTLE ASSOCIATION

Presentation to Canon H. S. Stephenson

The retirement of Canon H. S. Stephenson last September was noted in 'The Ringing World' and marked by a peal of Grandsire Triples on the bells of St. Mary's, Gateshead, on his last day as Rector there—an office he had held since 1914. The Durham and Newcastle Diocesan Association decided at the time to make a presentation to him but for various reasons, principally the Canon's inability to travel any great distance, this was delayed until the Western District met on April 21st at Whickham.

At the conclusion of the ordinary business the president (Mr. Richard A. Goffton) made the presentation to Canon Stephenson. He recalled that Canon Stephenson was the immediate past president and was probably the only man to hold the office of president who was not a practical ringer. That alone demonstrated the esteem in which he was held by ringers, and his friendship had extended over a great many years. It was the hope of all that Canon Stephenson would be spared for many years to enjoy the retirement he had so richly earned. The presentation was a finely-illustrated volume on 'English Cathedrals,' beautifully inscribed by Mr. J. Brewster, as follows: 'Presented to their friend of many years standing, Canon H. S. Stephenson, on his retirement, by the members of the Durham and Newcastle Diocesan Association of Change Ringers. April, 1956.'

Canon Stephenson acknowledged the gift and said that it was a very happy coincidence that the Association's area covered the only two dioceses in which he had served, despite his long ministry. He would value that book in his now greatly reduced library and he hoped that the good work of the Association would be continued.

Mr. C. McGuiness voiced the thanks of the meeting to Mr. Stephen Thompson, who had taken the chair. All present were delighted to see him again after his indisposition and wished him well for the future. D. A. B.

Cambridge University Guild

At the annual general meeting of the Cambridge University Guild held on April 25th the following officers were elected:—President, Rev. A. C. Blyth, M.A.; treasurer, Rev. Prof. C. F. D. Moule; Master, Mr. J. D. Painter, Gonville and Caius College; secretary, Mr. F. B. Cookson, St. John's College; librarian, Mr. A. J. Howard, Trinity College; auditor, Mr. P. F. Windley, Jesus College.

Bedfordshire Young Ringers

A cycling ringing week-end in Hertfordshire was spent by Bedfordshire Young Ringers on April 21st and 22nd. Towers visited were Great Munden, Little Munden, Bennington, Aston and Kempton on the first day. The night was spent at Whitwell Youth Hostel, and on the Sunday at King's Walden and Hitchin. The methods rung included Plain Bob, Grandsire, Stedman, Double Court, Kent, Cambridge, London and Munden.

LETTERS TO THE EDITOR

ROUNDS ACCIDENTALLY IN A PEAL ATTEMPT

Dear Sir.—On Agendum 10 (c) at the next Central Council meeting members will be asked to agree that no peal should be recognised (presumably by the Council) in which rounds occur accidentally, 'for any reason,' in the course of the peal. The following situation may, therefore, occur. In a peal ending with three bobs at Home, and Mr. P. Bear conducting, the first bob at Home is called and the fourth hesitates to run in. Not being a bear of enormous brain, the conductor wastes his efforts shouting at the fourth, but in spite of this 12345678 comes up, however badly struck, and, though followed by the correct row 41326587, no peal is admitted. In a similar peal, with Mr. Wol conducting, the same trouble occurs, but Mr. Wol, being much wiser and having foreseen such difficulty, is ringing the tenor, and instead of trying to put the fourth right he puts all his energy into heaving on his back-stroke, and just manages to get it in before the 7th, thereby producing the row 12345687. In doing so he creates a horrible noise—much more so than does Mr. P. B., but since 12345687 is not counted as rounds his peal is 'recognised,' provided, of course, he corrects the mistake 'immediately.'

It is almost impossible to explain why two wrongs should make a right and one would think, sir, that there must be something illogical in a rule which allows such a situation to occur. It is to be hoped that, by amendment or even by more positive means, members will ensure that such a rule is not added to the Council's Rules and Decisions.—Yours faithfully,
Arrington. W. J. RIDGMAN.

PROPOSED AUSTRALIAN TOUR

Dear Sir,—I regret to inform the ringers interested in the proposed tour of Australia that owing to the lack of support it will now have to be abandoned, for this year at least. I should be pleased to arrange it for another year if anyone is interested. This would give some an opportunity to save up for it.

I was much encouraged in the first place by letters from ringers who had returned from Australia, one of whom suggested that if I only got five willing to make the trip it should be made. I still feel, however, that a band of eight would be the minimum required to make the trip. I take this opportunity of thanking those who have interested themselves in the project, and thank them for their letters.—Yours faithfully,
J. L. GARNER HAYWARD.

LINCOLN TIPS

Dear Sir,—I am not in the habit of sticking my neck out, but as no one with the exception of J. R. Mayne has made an attempt at clearing the question up, I may be able to at least move in that direction.

Although Rochester Surprise Major was claimed by A. Craven, the first peal in the method was rung at Leiston as the product of G. Lindoff. I would like to say that I agree entirely on what Mr. Mayne says about 'Ripon' and 'Norton.' 'Lincoln,' the method rung at Helmingham on February 14th, 1935, was produced by G. Lindoff.

New London, one of the four methods published by A. Craven on August 22nd, 1924, was claimed by Mr. G. Baker as 'Bellthorpe,' published on October 5th, 1921; Mr. Craven withdrew his claim on September 5th, 1924. However, I have no knowledge of how, why or when the name was shortened to 'Thorpe.'—Sincerely yours,
E. W. TIPLER.

IMPERIAL INSTITUTE BELLS

Dear Sir,—As two possible future homes for the Imperial Institute's bells, in the event of the wanton destruction of this building, have already been proposed, may I suggest yet another possibility.

These bells, known as the Alexandra Ring, were presented to Queen Victoria to be hung in the campanile of the Imperial Institute and rung on royal birthdays and other State occasions. All the bells bear the names of members of the Royal Family of that time, and to transfer them to any church tower would seem most improper.

Should Her Majesty deem that they be transferred to Windsor Castle, would they not be heard to better advantage in the town if hung on top of the Round Tower? Also, the historic ring in the Curfew Tower could then remain undisturbed.

If the bells are to remain in London, the Victoria Tower of the Palace of Westminster would seem a very fitting place for them. This tower has recently been strengthened after being encased in scaffolding for years. If the Alexandra Ring was hung in this tower, it would not lose its identity and could be rung on the same days as at present, and also for the State opening of Parliament.—Yours faithfully,
ALAN J. BLAIR.

London, W.3.

CLOSED SHOP

Dear Sir,—Mr. William Stote's letter in the issue of April 27th makes very interesting reading, perhaps more so to me than many.

He states that the bells of St. Paul's, Imperial Institute and Westminster Abbey are not the playthings of the Exercise, whatever that may mean, and goes on to say that tradition demands they be manned by safe ringers and good strikers; he would have us believe that they are only a 'closed shop' to poor strikers and stay-bashers.

I have no first-hand experience of the first two above named towers, but as far as the Abbey bells are concerned they are a 'closed shop'—I repeat, a 'closed shop'—whatever Mr. Stote would have us believe otherwise, whether you are a stay-basher, a good ringer or a ringer of the highest order.

It is a rule of the Abbey authorities (I have this in writing) that no ringer whatsoever shall ring the Abbey bells other than the eight official ringers appointed by the Dean and Chapter, and that only in the case of illness or other unforeseen circumstances shall one of the ringers be replaced by an official deputy; deputies are limited to about six in number. Furthermore, no person shall enter the ringing chamber except by special permission of the Abbey authorities.

I am well aware that all these rules are made by the Dean, etc., but those closely interested are in agreement.

Please don't let anyone write and say that the Abbey is a special place, that it is not in the Diocese of Westminster but is under the jurisdiction of the reigning sovereign. I am fully aware of this, but it is still a place where God is worshipped, and I am certain that God does not recognise any part of His house as a closed shop.

Mr. Stote says 'tradition demands'; I am quite sure that even rounds rung by a so-called 'stone hand' to the true glory of God is far more acceptable to Him than Spliced Surprise Major rung for the self-glorification of those concerned, whether it be abbey or village church.—Yours truly,
MAURICE J. LOCKEY.

NO RIGHT TO RING ANYWHERE

Dear Sir,—In my opinion, Mr. Birmingham's letter of April 13th is an example of biased and extremely exaggerated wishful thinking. The bells of the Imperial Institute were given by Mrs. E. Millar, of Melbourne, Australia, to the President of the Institute, Edward VII, when he was Prince of Wales, to be rung on royal occasions. If they are the property of the Queen then they are not her personal property, but only her property in her capacity as Queen. They are secular bells, and the bells at Windsor Castle are rung on religious as well as royal occasions. If the Institute bells have to be moved I certainly hope they will stay in Westminster, as now. Surely there is a secular tower somewhere in Westminster that could hold them. How about the Houses of Parliament? In any case it would be discourteous not to consult the Australian Embassy about their removal. Perhaps they could be hung in Australia House?

He must be the only person to hold the opinion that the Curfew bells are tuneless. They might sound rough when a few visiting learners start splashing around, but get a band on them that knows how to ring and you will have to go a long way to hear anything grander. Personally, I do not think that the Institute bells are better than the Curfew bells. The only difference lies in the extra weight.

His allegation of a 'closed shop' in London is completely unjustified. Certainly a decent standard of ringing is insisted upon at the Institute, but if a ringer can ring on that weight and can ring Stedman Caters, he will be made welcome and allowed to ring. He will be told what bell to ring, but surely that always happens where a visitor's capabilities are not known to the locals. Village choirs might be invited to sing in cathedrals, but too many learners have been given the impression by their instructors that they have a right to ring where and what they like. This is absolutely wrong. And it is wrong for Mr. Birmingham to suggest that ringers, experienced or otherwise, have a right to ring anywhere. No one has the right to ring at any tower. The incumbent is in sole charge of a ring of bells, although in general he grants the locals the right to ring on their own bells more or less when they wish, in exchange for regular and decent service ringing. In far too many places the ringers don't stick to the bargain and ring Surprise on practice night and Doubles on Sunday sometimes. I hope he does not think he has the right to ring at Stanwell, although as in nearly every tower he is always welcome to ring.

There is absolutely no closed shop in London. Certainly the College Youths insist on a high standard from visiting ringers, and rightly so, for they have a high standard and without them there would be no decent regular service ringing on the heavier and higher numbered rings in London. No other Society or Association is capable of it, and without them the number of keyboards in the city would increase tremendously.—Yours sincerely,
FRANK T. BLAGROVE.

'BEASTS OF THE BELFRY'

Dear Sir,—I cannot understand how Miss K. M. Yeo failed to appreciate the witicism of the article 'Beauty and the Belfry,' which I feel sure was written by a woman. I thoroughly enjoyed it as a light, amusing piece of literature, and I am sure other ringers will agree with me. No one, not even the 'Beasts of the Belfry' (male ringers), could take it seriously, as they know only too well that, nowadays, many bands could not function without the so-called 'Beauties.'—Yours faithfully,
JUNE M. CLEMENTS.

LETTERS—Continued

'THE HUNTRESS'

Dear Sir,—I thought that 'D. R. C.'s article 'Beauty and the Belfry' was one of the wittiest and most amusing articles I have read for a good while.

I don't know about women getting pushed into ringing by so-called friends, but it is certainly a fact that many of them take up ringing to please their husbands—I have known several such cases.

Like 'D. R. C.,' I also wondered which category I came into—I have met examples of each of the types that she describes.

I wonder if Miss Yeo has met the 'Huntress.' She erupts into the belfry full of enthusiasm. She is to be met with at all meetings and practices, and before long is peal ringing busily. Her enthusiasm is as boundless as her energy and her leisure appears to be infinite. Her ringing career is short and brilliant and terminates triumphantly with her marriage to the most eligible male in the district and she is never seen in the belfry again. Worse still, she often keeps her husband away, also. I assure Miss Yeo that she is to be met with occasionally along with the others in 'D. R. C.'s' article.

Anyhow, how about an article about the male types?—Yours faithfully,

JESSIE M. KIPPIN.

THE BELLS OF DROITWICH

Dear Sir,—I remember reading with interest the article of the Rev. K. W. H. Felstead on the bells of Worcestershire, and, in particular, his reference to two Droitwich churches. The particular 'Ringing World' in which his article appeared I have passed to another member of our band so I can only reply from memory.

Droitwich originally possessed two churches. The Parish Church of St. Andrew, which had eight bells, with a tenor about 21 cwt., had the tower lowered sometime in the 1920's, and seven of the bells lie dormant in the base of the tower. I am not in possession of any record of peals that may have been rung on these bells prior to dismantling.

There is a Church of St. Peter de Witton, which had its bells augmented from three to six in memory of parishioners killed in the 1914-18 war. The tower is at present unsafe and ringing is not allowed, but a few peals have been rung on these bells at different times. The period during which I have knowledge is from April 29th, 1928, when one peal of Doubles was rung by the local band, to September 5th, 1936, eight peals (five of which were Doubles). Since the war one peal was rung for the Coronation of Her Majesty.

There is another church, once in a parish adjoining Droitwich, but now in the borough, the Church of St. Augustine, Dodderhill, with the finest ring of eight bells in the Midlands. I wonder if this was one of the two churches to which Mr. Felstead refers. The bells here were all of the old six run out, and a new set of eight cast by Messrs. Taylor and Co. in 1932. Because of the great demand for these bells peals have been restricted, but the following are some of which I have record, but I may have missed some:—

First peal on the bells, April 2nd, 1933; total from then until the ban numbered eight. Since the ban was lifted up to July 11th, 1953, the total was 19.

Though these bells are rung more or less regularly for two services on Sunday and practice on Tuesday, we are still not strong enough for local peal ringing, and many thanks are due to Mr. J. Lindon, of Birmingham, and his friend, Miss Yeld, for continued visits to assist at practice.—Yours faithfully,

W. H. RAXTER.

Droitwich.

BOW BELLS AND THEIR RINGERS

Dear Sir,—Surely not, when Bow Bells are restored, are we going to witness a controversy as to who shall ring them according to whether they subscribed to the Bell Fund or not. Let us hope that the same conditions will prevail as before the last war, when practices were held and, occasionally, Association meetings. As P. H. Whitaker remarks, we do not want any unnecessary restrictions to invade our ringing rooms.

In most towers visitors are made very welcome and, providing they behave in a manner expected of them, they are usually given an invitation to come again.

The Exercise can be looked upon as a brotherhood, and rightly so, as it brings people together not only for the purpose of ringing bells but also enables them to know each other better. When we realise where we meet, for what purpose we use our energies, the instruments we use and to whom they are dedicated, the Exercise becomes a brotherhood in every sense of the word. Silly differences should never be tolerated.—Yours faithfully,

RICHARD NEWMAN.

THE IRISH ASSOCIATION
Northern District

Over 110 members attended the Northern District annual meeting at Ballymena on Easter Monday, out of a District membership of about 220.

District officers elected were: Chairman, Canon J. C. Rutherford (of St. Nicholas', Carrickfergus, where the next annual meeting will be held); vice-president, Rev. J. Barry; secretary, Mr. J. T. Dunwoody; assistant secretary, Miss J. Stewart; treasurer, Rev. J. J. Fielding; Ringing Master, Mr. H. Brown; auditors, Messrs. W. Dewart and W. L. Douglas; trustees of Bell Repair Fund, Messrs. W. Pratt, R. P. Hatch and R. G. Nelson. About 150 members and friends were present at the lunch.

The Adamson Cup was retained by SS. Philip and James', Holywood, ringing Stedman Triples with 33 faults against 38½ by St. Donard's, Belfast, ringing Grandsire Triples. Nine teams took part in the Cunningham Cup competition, all ringing call changes. Placings: 1 St. Bronach's, Rostrevor, 6 faults; 2 St. Donard's, Belfast, 26 faults; 3 St. Patrick's, Ballymena, 41 faults. Mrs. Adamson presented her trophy and Miss Cunningham, daughter of the donor, the Cunningham Cup.

BATH AND WELLS DIOCESAN
ASSOCIATION

Chew Deanery Branch

The quarterly meeting was held at Portishead on April 21st and was attended by 39 ringers representing 18 different towers.

Ringling was followed by the Association form of service conducted by the Rev. J. M. Burroughs.

Some amusement was caused during tea in the Church Hall (also used as a school room) by the seemingly unintelligible 'writings on the wall,' which, it turned out, was the modern way of teaching children to read and write. Perhaps one of our ringing-schoolmastering friends could give us a little 'Technical Tittle-Tattle' on this subject.

Before the business meeting those present stood in silence to the memory of George Yeo, of Long Ashton, who had passed away since the last meeting. Two new members each from Backwell, Portishead and Publow and one from Nailsea were elected. Subject to permission being given, it was decided to hold meetings as follows:—Weston-in-Gordano, May; Chew Stoke or Publow, June; and Long Ashton (quarterly) in July. In connection with the practice meetings it was resolved that in future these should be from 5 to 8 p.m.

The secretary said that he had received some literature in connection with the Bow Bells appeal and stated that the Association general committee had suggested that each tower should be left to decide whether or not to support the appeal and should pass any contributions to him before the committee meeting on June 30th, when the total amount for the Association would be sent to the fund.

CORPORATE COMMUNION

Despite the loss of an hour during the night the fine octave at Wraxall was pulled up in peal soon after seven o'clock the next morning, when members rang for and attended the Parish Communion, when the celebrant was the Rector (Prebendary W. N. Kempe). Breakfast was afterwards enjoyed in the library adjoining the church, and we are very much indebted to the Wraxall ringers and their ladies for providing such a fine feed. Ringing was resumed until morning service. M. J. H.

OBITUARY

MR. CHARLES WHITING

The sudden death of Mr. Charles Whiting occurred at his home at Leiston on March 5th.

Born at Theberton in 1874, Mr. Whiting was first employed as a carpenter at Leiston. In 1896 he joined the Army and served in the Royal Engineers until 1903, the last three years being spent at Hong Kong. When the first world war came he rejoined the R.E.s in 1914 and was in the Dardanelles landing in 1915 when he was seriously wounded.

At the age of 82 years, when called to higher service, Mr. Whiting had been associated with bell ringing for about 62 years, and was a member of the Norwich Diocesan Association, with 12 peals to his credit. On the formation of the Suffolk Guild he became a founder member, with whom he rang ten peals, making a total of 22. In 1951 he rang the second to a quarter peal of Kent Treble Bob Major for his 77th birthday. As can be seen he was not a great peal ringer but enjoyed ringing for Sunday services.

The funeral took place on March 10th, with many of his ringing friends present, after which the bells of St. Margaret's, Leiston, were rung half-muffled in his honour.

MR. J. W. JONES

Among the many towers in South Wales who remembered the passing of Mr. J. W. Jones was Pentre, Rhondda. Mr. Jones rang in the first peal on the bells in 1901, and in all rang seven peals at Pentre. The bells were rung half-muffled to Grandsire, Stedman and Plain Bob as a mark of respect. Those ringing included Mr. G. N. Leech, of Dudley.

LEEDS AND DISTRICT SOCIETY

The annual meeting of the Society was held at Armley on April 28th, and members representing 14 towers in the District were present. Ringing took place during the afternoon and evening in methods ranging from Plain Bob to Cambridge Surprise.

The business meeting was held in the Church Hall immediately after tea. Officers for the year were elected as follows:—President, Mr. H. Lofthouse; vice-presidents, Messrs. S. H. Barron, I. Slack and T. W. Strangeway; Ringing Master, Mr. J. Gibson; secretary and treasurer, Mr. J. F. Hodson; auditors, Messrs. F. Rayment and C. F. Sutcliffe.

The secretary, in his report, stated that 11 meetings had been held and that both the membership and funds of the Society had increased during the past year. He particularly thanked all tower secretaries and local companies for their arrangements for the meetings.

Other business included the election of two members; the alteration of two items on the tower list for 1956-57—for the June meeting, read Sherburn instead of Hunslet, and for the meeting next March, Hunslet instead of Armley; and votes of thanks to the local company and their helpers, the Vicar and churchwardens and the retiring officers of the Society.

The next meeting will be held at Guiseley on May 26th.

Rushden Ringers in Bedfordshire

A coach-load of ringers from Rushden and neighbouring towers had an enjoyable half-day's outing in Bedfordshire. Ringing took place at Sharnbrook, Felmersham (a recently augmented octave which was much admired), Harrold, Turvey, Biddenham and St. Paul's, Bedford (where some of the younger members had their first ring on ten).

RINGERS' OUTING

ROSS-ON-WYE AND BRIDSTOW

On April 3rd a small party of enthusiasts from Ross and Bridstow spent an enjoyable day 'tower-grabbing' around the Herefordshire-Worcestershire border.

First on the list were the pleasant six (16 cwt.) at Bosbury, Herefordshire, where the tower is detached from the main body of the church. Next came Mathon (6, 9) which, by a coincidence, proved to be the 100th tower for two different members of the band. This double event was duly honoured by the first touch of Cambridge for the day. A move was made towards Cradley (6, 13), the last Herefordshire tower on the programme. Here the long draught proved rather troublesome. An additional distraction was provided by the juvenile population of the village, at least half of whom—drawn by the sound of the bells—wandered into the church and surveyed the visitors curiously through the spaces in the wooden screen which divided the vestry from the nave.

After a picnic lunch the band proceeded to Leigh (Worcs), which possesses a heavier ring of six (tenor 17½ cwt.). This church has the unusual dedication of St. Edburgha.

The anti-clockwise ring at Kempsey (6, 19½) was next, and this was voted the best six of the day. Proceeding via what was signposted as a 'deep ford' we arrived, slightly damp, at Earl's Croome. The occupants of the car came off best at the ford—the motor cycle stopped dead in the middle of it, and the unfortunate rider had to kick off again in about a foot of water! The light Earl's Croome bells (6, 9) were a pleasant contrast to the two previous heavy rings, their description as 'ladies' bells' being proved by both the girls gravitating towards the back end, one of them turning in the tenor to a touch of Minor. It was here that the first course of Killamarsh by all the band was rung.

Through the kindness of the local ringers who met us after tea at Upton-on-Severn, we had enough to ring Triples and Major on this lovely eight (tenor 14 cwt.). The one and only mishap of the tour occurred here: the rope of the sixth broke during the last touch.

The final tower of the day was Ripple (6, 13), another nice ring; but owing to the number of blisters and sore hands that the band by then possessed, their visit here was slightly curtailed, and everyone soon made for home, well pleased with their day's outing.

GUILD of DEVONSHIRE RINGERS

The Rev. N. F. D. Coleridge conducted the service and acted as organist when the Mid-Devon Branch met at Townstal, Dartmouth, on April 28th. The Vicar (the Rev. T. G. D. Watkins) gave an admirable address.

At the business meeting, with Mr. J. E. Lilley in the chair, five new members from Townstal and one from Torquay were elected. Wishes for a speedy recovery from his recent accident are to be sent to the general secretary and also a letter of sympathy to Mr. C. F. Austin, Paignton, on the death of his wife. Subject to confirmation, June 16th was suggested for the joint meeting with the S.W. Branch at Plymouth, and July 21st for the next quarterly meeting at Bovey Tracey. Ringing took place afterwards at Stoke Fleming.

WILLESBOROUGH, KENT.—On April 15th, 1,260 Double Bob Minor: Miss B. Philpot 1, Miss P. Lawes 2, E. S. Ruck 3, L. C. Smith 4, M. S. Lancefield (cond.) 5, D. Staples 6. For Matins. HERTS COUNTY ASSOCIATION St. Albans District

The April meeting was held in brilliant sunshine at Wheathampstead, where quite a large gathering of members and visitors from Norton, Watford and Loughton enjoyed this fine ring of six bells.

Members were pleased to welcome Mr. P. B. Smith, who started ringing at Wheathampstead as long ago as 1890.

At the business meeting the president of the Association, Mr. W. T. Holmes, took the chair. It was decided to hold an evening practice meeting at Essendon on Whit Saturday, if these bells were available. E. E.
