LONDON TOWERS REVISITED

By RONALD H. DOVE

OF course, I have visited London since, but my outing on April 11th with ringers from St. Mary's, Putney, my son Barrie, and Paul Field, who had specially come up from Somerset, took me back 36 years.

Those were the days before the covered buses, and in fine weather it was a pleasant ride by a 68 'General,' for a modest shilling or less, leisurely to cruise over hill and dale by a tortuous route from South Croydon to Chalk Farm. For variety there was opportunity to alight at the top of one long, steep hill and walk alongside the bus, which could be rejoined once it had reached the foot in safety.

While enjoying such a scenic trip on a summer's evening I saw nestling in a quiet backwater just off the busy Walworth Road the Georgian tower of St. Peter's, Walworth, whose slender and graceful tower contains, unbelievably, a ring of eight of perhaps three tons weight.

Of the evening service I remember little beyond a very meagre congregation and that before it started the Rector rang some 'quick-fire' rounds and Queens, interspersed with seasonable hymn tunes. With youthful enthusiasm I extorted permission to attempt a peal, but was told I would have to provide my own ropes and ringers. Before I had progressed with my plans, Jim Davis, the originator of the 'Davis silencers,' who lived nearby, told me that he had fitted the bells for chiming and to 'de-clock' them would cause him a lot of work. I abandoned the idea.

Some months ago I revisited the church, and the Rector, Fr. Hinds, willingly allowed me to see the bells and to arrange for a brief trial ring. The bells are a complete ring by Mears, dated 1824—one year later than nearby Waterloo Road. Numbers 1, 2, 4 and 6 are carried above 8, 3, 5 and 7 in a timber frame, which must be seen to be believed for it defies description.

A number of peals have been rung here, and boards record a 5,088 Kent in 1894, conducted by J. E. Davis, and an earlier one of Grandsire Triples in 1840. The

bells had not been rung for a very long time. I have been told the last was for peace in 1919, but I am open to correction.

On April 11th our first call was at St. Barnabas', Pimlico, another supposedly 'unringable' tower, where the insecurely fastened 'Davis silencers' failed to placate the 'anti-bells' living in the neighbourhood. To those who protested, the Vicar, the Rev. John Fox, replied in the 'Evening News': 'People are happy enough to hear the strum, strum, strum and the Yeah, Yeah, Yeah, but they complain when they hear the bells of heaven.'

Then came Walworth, where it was quite an achievement to obtain rounds, and seldom has so much hard work been put in for so brief a ring. Next came Rotherhithe, where the bells hang diagonally in the tower. We followed a touring band from St. Albans at St. Vedast's, thence to Bethnal Green and back once more into dockland. The ten at All Saints', Poplar, require ringing, and I suspect the eight at Cubitt Town went easier than now when the ladies rang their first peal there 50 years ago.

In Kent we found the six at Sidcup a pleasure to handle, and the light five at Foots Cray have a second that won't clapper-up right and gives a double blow in consequence. The most tuneful bells of the day were the 40-year-old Croydon eight at Eltham. Beckingham's light ten induced the day's best ringing, including a touch of Stedman Caters in which the conductor lost his bearings and wondered why the tenor man would not dodge in 6-7 as told! Of these bells, personally I liked them and disagree with the critic who once told me that they were a good eight spoiled.

The day, or rather the night, was rounded off at Addington, where the six are a pleasing combination of new and old. Perhaps it was the previous week's disturbance at Clacton which led an anonymous caller to raise the alarm so that the Putney Dormobile arrived at East Croydon Station simultaneously with the police, who appeared to be looking for someone to run in. I felt I ought not to loiter about too much for, when I come to think of it, I had caused quite a disturbance of the peace in one way or another that day; and what with forgetting to put the clock chimes back at Pimlico, to say nothing of attempting to ring at Walworth, I probably deserve locking-up anyway.

SALISBURY DIOCESAN GUILD FESTIVAL

FOR ringers in the Salisbury Diocese all road led to Marlborough, on May 9th, where the annual festival of the Diocesan Guild was held. They came from almost every corner of this large diocese, which comprises the whole of Dorset, and all of Wiltshire except a small area around Swindon.

Most of the towers in the local Branch were open, and full use was made of the privilege during the morning, early afternoon and evening. The ancient borough wore quite a festive, air with flags flying from church towers and public buildings, posters welcoming the Guild to Marlborough, and in the background was the added bustle and excitement of a pending Parliamentary by-election.

The annual general meeting was held in the Town Hall, with the Master of the Guild (the Rev. Richard Longridge) presiding. Supporting him were the Mayor of Marlborough (Councillor J. M. Seamer), Mr. W. C. West (general secretary) and Mr. F. Slafford (assistant secretary). Apologies for absence were received from many old friends, including the president, Canon C. C. Cox. It was unanimously agreed to send Canon Cox a message of affection and good wishes. The Mayor, in his welcome, confessed to being a non-ringer, but said that after spending many years abroad, one of the things which delighted him on returning home was the sound of church bells. Of English customs, he thought, anyone in foreign lands missed this the most. A warm welcome was also extended by the chairman of the local Branch (Mr. G. Newman).

In his report for 1963, the honorary secretary announced the resignation of three Branch secretaries, one committee member and one Branch chairman. Miss Y. L. Eloie, of the Salisbury Branch, was in office for 14 years, and is now living at Guildford. Both Mr. J. I. P. Davis, of Wimborne, and Mr. J. T. Barrett, of West Dorset, had been reluctantly compelled to give up owing to other commitments, and Canon H. V. White had relinquished the chairmanship of the Calne Branch after 40 years in office. Mr. R. H. True had resigned as a committee member. A sincere vote of thanks was passed to all and the following were elected in their stead: Mrs. Judith Robertson, Wimborne; Mr. A. Trimby, Salisbury; Mr. J. Davis, West Dorset; and Mr. Barry, Calne. The Master was unanimously re-elected, as was Mr. W. C. West as honorary secretary and treasurer, with Mr. F. Slafford as his assistant.

The financial statement was quite healthy, with a slightly increased balance in hand.

RINGING, A CHARACTER BUILDER

Capt. J. D. Mansfield-Robinson called attention to the great contribution bellringers could make in enrolling youth in their bands. Bellringing was a team effort of the very first order, he said, and as such was a wonderful builder of character. Capt. Mansfield-Robinson represents both Wilts and Dorset on the governing body of the National Association of Youth Clubs, and was one of those associated with the Outward Bound scheme and the Duke of Edinburgh's Award Scheme. This latter includes campanology as one of its proficiency aims. His appeal was backed by the Rev. Roger Keeley, who is the Marlborough representatives on the Northern Area of the Wilts Association of Youth Clubs.

It was agreed that if possible the next annual festival should be held at Sherborne on May 8th. A short discussion on the possibility of allowing Branch secretaries to retain a larger proportion of the subscriptions for running expenses concluded a most useful meeting.

The Mayor and Mayoress were among the large congregation in St. Mary's Church for the Guild service. Canon F. B. R. Browne (Rector) officiated, and the lesson was read by the Master. During the service a plain course of Grandsire Caters was rung on handbells by H. G. Keeley 1-2, C. W. Powell 3-4, G. S. Morriss 5-6, E. C. Sheppard 7-8,

Rev. R. Keeley 9-10. The choir gave an impressive rendering of the Easter carol 'Good Christian men rejoice and sing,' with Mr. J. W. Pomfret as organist. The address was given by the Rector.

A bountiful high tea was partaken of in the Church Hall by a company of 160: the Mayor was entertained at the top table by the Master, supported by Capt. J. D. Mansfield-Robinson (Branch representative), Rev. R. Keeley (Branch Ringing Master), Mr. G. Newman (Branch chairman) and Mr. T. A. Palmer (Branch secretary). The meal was arranged and served by Mrs. Browne and a willing team of lady helpers, who were sincerely thanked for their services.

In the ringing afterwards the octave at St. Peter's was in great demand, and as the writer wended his 14 miles homeward, most of the towers en route were adding their contribution to what had been a really great and enjoyable day. W. A. E.

THE SCOTTISH ASSOCIATION

The 32nd annual general meeting of the Scottish Association was held in Edinburgh on May 9th, when there were ringers present from Birmingham, Lancashire and Newcastle, as well as local or semi-permanent residents in Scotland.

Ringling began at 11.30 a.m. at St. James' and later the three other ringable towers in the city were also available. A short service, conducted by the Rev. John Paterson, was held in St. Cuthbert's Memorial Chapel, followed by tea and the business meeting, when 12 new members were elected. Mr. Harry Sargent, of Glasgow, did not wish to stand again as Ringing Master and was thanked for all the work he had done to date for the Association. Mr. Magnus Peterson, of Edinburgh, was elected in his place, the other officials continuing in office for another year.

It is hoped to hold meetings during the coming year at Dundee in the autumn, Alloa in the spring, and Glasgow and Paisley in April.

ST. DAVID'S DIOCESAN COMPETITION

Praise was accorded by Mr. Frederick Sharpe, the adjudicator, at the variety of methods rung at the annual competition at Llandeilo (6). A rope slipping wheel caused one test to be rerung and a broken rope interfered with one team's ringing.

Mr. Sharpe's adjudication was given after an excellent tea, provided by the ladies of Llandeilo, who were thanked by the Master (Major R. Pateman). He said there was little to choose between the teams, and no extra marks were given for more intricate methods. Results: Llanelly 'A' (average age 17), Grandsire, 11 faults; Cardigan, Stedman, 12; Llanbadarn Fawr, Grandsire, 14. Other competitors were Pembroke, Llanelly 'B' and Tenby.

The evening concluded with a recital by Mr. Sharpe and his Launton handbell ringers, who were enthusiastically received.

REDEDICATION

Witham-on-the-Hill, Lincs

To mark the rededication of the bells of Witham-on-the-Hill, Lincs, a quarter peal of Surprise Minor (Norwich and Cambridge) was rung on May 9th by W. R. Marsh 1, A. E. Scott 2, F. W. French 3, C. Wade (cond.) 4, C. L. Blanchard 5, H. E. Burrell 6.

The rededication was performed by the Bishop of Grantham. Tea was afterwards provided by the ladies of the Parochial Church Council, and a good company of ringers enjoyed an evening of ringing.

The work was undertaken in 1962 by Messrs. John Taylor and Co and included the recasting of the treble, second, fifth and tenor (13 cwt, 3 qr. 24 lb.). The service was deferred until full payment had been made for the contract.

KENT COUNTY ASSOCIATION Rochester District

Some 45 members and friends attended the Rochester District meeting at Bobbing on April 25th, when methods up to London Surprise Minor were rung under the superintendence of Mr. C. Osenton, Ringing Master. The Vicar (the Rev. G. E. Jessup) conducted the service, and the District secretary, Mr. L. Mitchell, was a last-minute organist. The churchwardens and Mr. and Mrs. B. W. May provided tea.

Outstanding business at the meeting was a proposal by Mr. A. J. Dunk to hold a District dinner at Sittingbourne on September 25th, as the Kent County Association was unable to hold one at Maidstone. Support was promised by most members present. Mr. Dunk was appointed chairman of the dinner committee and within a few hours of the meeting finishing he had made the necessary arrangements—cost 12s. per head.

Mr. George Kenwood was welcomed back after his long illness and members were sorry to learn that Mrs. F. A. Mitchell was ill with influenza. After a comprehensive vote of thanks, proposed by Mr. Dunk, ringing was continued until 9 p.m.

Lewisham District

Christ Church, Erith, proved a popular tower for the Lewisham District's quarterly meeting on April 25th, which was attended by about 70 members and friends. Ringing was under the leadership of Mr. David Manger, District Ringing Master, and the service was conducted by the Vicar (the Rev. K. H. Jocelyn). An excellent tea in the Church Hall was followed by a business meeting.

ESSEX ASSOCIATION

Six teams entered for the N.E. District's striking contest held at Mistley on May 9th. Each team rang practice rounds for two minutes and then rang 240 Minor.

The service was conducted by the Rector (the Rev. A. J. Morley), and Mr. Robert Heazel (the Association Master) read the lesson. After tea Miss Hilda Snowden, for the judges, gave her assessment of the afternoon's ringing. She said she had been one of the judges of a previous competition at Mistley two years ago, and the striking had improved considerably since then. The treble was odd-struck and a lot of points had been lost from failure to give open leads. The order of the teams was as follows: Kirby 'A' team 149 faults, Thorington 228, Kirby 'B' 243, Harwich 252, Ardleigh 304. Colchester St. Leonard's disqualified owing to a pile-up.

The winning Kirby team had to ring with one substitute. All teams rang Bob Minor except Thorington, who rang Treble Bob. The two winning teams each contained three ladies.

The District Master, Mr. Frank Lufkin, thanked the judges, Miss Snowden, Mr. Walter Arnold and Mr. Peter Wood, all from the Northern District, and the M.C. Mr. Robert Leavett, of Tollesbury.

GUILD OF DEVONSHIRE RINGERS

Lamerton bells, near Tavistock, which were rehung last year, were much enjoyed at the spring meeting of the S.W. Branch on May 9th: Rounds, call changes, Grandsire, Stedman, Plain Bob and Kent were rung. The Vicar (the Rev. Mr. Stenhouse), assisted by Prebendary Andrews, president of the Guild, conducted the service.

The chairman said he knew he was expressing the feelings of all present in saying how much they regretted the fact that their hon. secretary and Ringing Master, Mr. I. G. Myers, was unable to be present, and that on the previous day he had returned to hospital. Everyone wished him a very early and complete recovery. Duties of hon. secretary and Ringing Master were undertaken by the chairman. New members elected were Messrs. Harry Del-Quick and G. Hill (Lamerton), Mrs. J. Southwood (Plympton) and the Rev. G. Ruming.

Votes of thanks were accorded to the Vicar, the organist, Miss Hayman, Messrs. Cundy, Barrabal and Solely and the other local ringers, and Mrs. Stenhouse, Mrs. Barrabal and helpers for an excellent tea. H. H. T.

GLOUCESTER AND BRISTOL ASSOCIATION

THE annual meeting of the Gloucester and Bristol Association was held in the Church Room at Stroud on April 25th and was very well attended, there being about 160 members present from most parts of the Association area.

The Rev. F. F. Rigby, Master, opened with prayer, using the Collect for the Fourth Sunday after Easter. Apologies were presented on behalf of a number of members unavoidably absent.

The reports showed a lower number of members (787—131 juniors, 656 seniors) but an increase in the finances, and that 117 peals had been rung during 1963 for the Association with no less than 43 first peals in various methods, including the record multi-Minor peals on tower- and handbells.

All of the officers were re-elected for another term of office and thanked for their services. Mr. J. Whiting, of Gloucester, was made an adviser in place of Mr. R. Dowdeswell, who did not seek re-election, for the Gloucester and Cheltenham areas: Mr. E. F. Hancock and Mr. R. E. G. Luton will continue for Bristol and Swindon.

Mrs. E. Hobbs, Mrs. E. Sutton, Canon Lister, Mr. H. Cuff and Mr. L. Hewitt were made honorary life members for their services to their towers and the Association. The next annual meeting is to be at Berkeley on April 24th, 1965, by invitation of the Wotton Branch.

NO CHANGE IN REPORTS

After considerable discussion, a proposal to print the peal section of future reports in tabular form was defeated, and the officials were instructed to make no drastic changes to the style of the report.

At tea in the Premier Rooms the Bishop of Gloucester was welcomed by the Master, who thanked him for sparing the time to come and preach at the service.

In his reply Dr. Guy said that he knew a little about ringing, being just about able to control a bell, and he asked the officers a number of questions about change ringing, as he had come from a part where only call changes were rung. The Bishop was also very surprised to learn that there were rings of bells in places other than churches. At the service he said how very pleased he was to be one of the presidents, and took for his text, 'O God, make them perfect in every good thing to do Thy will.'

During the service Messrs. G. Land, B. Bladon and T. Peake rang a plain course of Oxford Treble Bob on handbells between the lesson and Magnificat. A collection amounting to £10 8s 3d. was given to the church to be used mainly for material to keep birds out of the tower. Most towers in the Stroud Branch were open during the day, and good use was made of the bells; a wedding at Stonehouse caused some delay in starting there.

Visitors present at the meeting came from Harrow, Middlesex, Prittlewell, Essex, and Sandbach, Cheshire.

Peals at Bassaleg, Mon.

Dear Sir.—In connection with the footnote to the peal rung at Bassaleg on April 10th, I would point out that the first peal on these bells, one of Plain Bob Minor, was rung on March 18th, 1933, conducted by the late George Popnell.—Yours faithfully,

DONALD G. CLIFT.

Whitchurch, Cardiff.

Note. — Mr. M. J. Pryor also sends his apologies, the error being due to incorrect information.—Ed.

17th CENTURY BELL FOR WINCHESTER CATHEDRAL

The bells of St. Lawrence's, Winchester, four cast by Anthony Bond in 1621 and one by Ellis and Henry Knight in 1674, have parted company for ever. Only No. 3 remains in the home tower to be chimed in lonely state.

For many years the tower has been declared unsafe for ringing and Ellacombe chiming apparatus was used; even this had to be discontinued. The parish very generously decided to dispose of four of the bells, where they could once more be of service to the Church. Treble, second and tenor were found a home at Upper Clatford, and will be hung with two other 'resident' bells.

It was discovered that the fourth could be tuned to make a flat sixth for the Cathedral. The St. Lawrence's P.C.C. were very happy to present this bell to the Dean and Chapter so that at least one of the old five could ring out again in the city. The bell now lies in the south transept of the Cathedral, awaiting the day when funds sufficient for retuning and hanging are raised. An anonymous benefactor has already paid the cost of its removal.

When the project is completed, the Cathedral will have a true 'light eight' with 14 cwt. tenor, which will be known as the 'St. Lawrence Eight' in remembrance of the grand little ring, which contributed to its completion, and in acknowledgment of the generosity of the parish that supplied the bell.

The task of raising the funds falls mainly on the Cathedral ringers, who will explore every means of expediting the day when they can say 'Take hold for... on the light eight.' Donations large or small will be gratefully acknowledged and should be sent to the captain, Dennis B. Brown, 3, Moss Road, Winnall, Winchester.

Our picture, through the courtesy of 'The Hampshire Chronicle,' shows Mr. Frank C. W. Knight inspecting the fourth bell.

Mr. Sweet writes correcting the report of the Guild of Devonshire Ringers on page 119. His home tower is St. Peter's, Tidenham, Glos. and not Chenstow, as stated, although he is a member of the Llandaff and Monmouth Diocesan Association as well as the Gloucester and Bristol Association.

BIRMINGHAM UNIVERSITY SOCIETY

A comprehensive survey of many Kent towers was accomplished by Birmingham University Society of Change Ringers during their Easter tour, which was based on Westwell, near Ashford. The party included Chris Nokes (Ringing Master), Geoff Davies (post-graduate member), P. W. Gay, N. C. Perrins, C. J. Brown, A. J. Jobson, A. D. Macfadyen, Ann E. Fellows, Rosemary A. Tailby (who made all the arrangements) and Ruth Gay.

Many of the touches were spoilt by ringing too fast and this was particularly noticeable at Margate. Improvement was noted on Friday in the Folkestone/Hythe area. Sunday ringing was at Wye and Petham, and in the afternoon a quarter of Surprise Minor (Cambridge and Surfleet) was rung at Hothfield by Rosemary A. Tailby 1. C. S. Nokes 2. A. J. Jobson 3. C. J. Brown 4. P. W. Gay 5. G. Davies (cond.) 6. In the evening ringing was at Great Chart.

On Monday, after a visit to the Isle of Sheppey, there was an interview with a 'Kent Messenger' representative. His first question was: 'Are you doing this for money?' Then, 'Are there any ladies with you?' to which a reply was 'I don't know, but you needn't quote me on that.'

At Leeds the tomb of James Barham, of the famous peal of April 6th-7th, 1761, was visited and a touch of Bob Major was rung to commemorate the 203rd anniversary of the peal, which fell on the date of the visit. Grandsire Caters was rung with the help of Mr. G. Cantrill.

The first snag of the tour occurred on the last day at Chart Sutton, where we were informed a stay had been broken the previous evening and the rope was round the wheel. A 'grab' at Boughton Monchelsea, with Vicar's permission, was a good substitute.

Thanks are accorded to ringers who met us and Rosemary Tailby, the tour organiser, and her helpers: the results were much enjoyed by all who went.

A. D. M.

A CONQUEST AT BREDON HILL

Birlingham, lying at the foot of Bredon Hill in a bed of the River Avon, is what would usually be described as a sleepy village. On April 25th, however, rural peace was shattered when the first peal was rung on the bells of St. James' Parish Church. The tower here is constructed with a pigeon loft complete with nesting holes and alighting window sills beneath the bell chamber. A further unique feature is the village stocks, which stand in the ringers' gallery. Of the ring of five originally cast by Bagley in 1685, two were recast in 1692 and 1748. Since being rehung by Barwell, c. 1880, the bells have had no attention.

Rarely rung, the bells were ungreased when the band arrived. A visit to the local shop was unsuccessful in the purchase of oil, but a bottle of liquid paraffin and a half-pound of 'Cookeen' cooking fat mixed to a suitable consistency was forced into the plain bearings, and found to have good lubricant properties.

The bells were raised and, after a few rounds, the tenor ceased to strike. A further visit to the tower showed the clapper lying in the bottom of the raised bell with one of its securing bolts missing. A search revealed a substitute and when this had been installed the peal was restarted. All went well until a startling suddenly made an entrance and spent three extents doing circuits and bumps among the ringers and ropes before finding its way out. The bells finally came round after 2 hours and 43 minutes. Thus the last of the unpealed towers round Bredon Hill has been conquered.

Letters to the Editor

Technical Articles

Dear Sir.—The suggestions made by Maurice Hodgson (page 236) are excellent. Your readers may be interested to know upon what lines we are working in Manchester.

Firstly, all published Surprise Major methods which do not appear in Hudson and McClenahan's Collection have had their falseness (together with incidence) extracted, using the Manchester University Atlas computer. The work is almost complete and it is hoped that the results will be published in the not too distant future.

As already indicated (page 157) we have a programme to determine all possible Surprise Major methods actually running. Unfortunately I do not foresee the completion of this work as I shall not have the use of 'Atlas' after June. However, I would be pleased to pass on the programme to anyone who might be able to obtain sufficient time on another machine. So far, we have obtained 18,715 notations producing Plain Bob lead-ends (thus giving nearly twice this number of methods) all beginning $\times 34 \times 14 \times \dots$

The output indicates the number of notations tested for Plain Bob lead-ends (261,314), which Plain Bob lead-end is produced (of H. and M.) and whether or not the bells in 8th place are in Plain Bob coursing order or its reverse. Although this represents only about 20 minutes' computing, the printing of results is a somewhat lengthy process. I cannot foresee the Central Council financing this sort of project as £500 is a reasonable estimate of the computer time used to get this far, had it been bought commercially!

It has been obvious for some time that a large gap exists in the technical literature between simple descriptions of methods and formal treatment of falseness, extension, etc. Philip Jones and I are collaborating in the preparation of a booklet of the size of the Central Council beginners' handbook, which is aimed to bridge this gap. I hope that it will not be too long before we can publish.

An interesting point emerges when the question of Plain Bob lead heads (p.b.l.h.s.) is considered. Denis Bayles (page 266) implies the arbitrariness of this ruling, but it should be pointed out that they are unique. Any group of l.h.s. has the property that it is cyclic, i.e., if one member is produced then in turn all other members will also appear, except in the case of Royal where 3 lead courses are possible (simply because it is the only group containing a composite, that is, not prime, number of members). For example, if from rounds we obtained 13456782 as the second lead head, then 14567823, 15678234, etc., would be produced as successive ones. The unique feature of p.b.l.h.s. is that no matter whether 2nds pl. or 8ths pl. is made at the treble lead, we still get a p.b.l.h. Thus the row 15372846 (the first lead end of Yorkshire) gives 15738264 or 13527486 depending upon the place made while the treble is leading. These are both p.b.l.h.s. This feature does not occur for any other group of lead heads (I'm sure David Marshall will supply a proof of this if it is desired), and it alone justifies the condition imposed for regular methods. Denis Bayles' figure of 59 out of 60 is not borne out by H. and M.'s collection, nor by the figures quoted above. A figure of 9 in 10 seems to be a nearer estimate of the rejection of notations caused by this condition.

The article on 'In and Out of Course' by F. Aitch (page 174) was a useful one. There is an easy way of determining whether any row is in or out of course given by A. C.

Aitken in 'Determinants and Matrices' (Oliver and Boyd, 9th ed., 1962, pages 31 et seq.). This involves writing down the row in question immediately below rounds (or any other row known to be in course). Corresponding digits in the two rows are joined by lines and the number of intersections of these lines is counted. An even number of intersections indicates an in-course row, and conversely, e.g.:

N.B.—The intersections must be of two lines, not more.

There are seven intersections, so 24163857 is out of course.—Yours faithfully,

JOHN C. BALDWIN.

Manchester.

Had the Judges a Different Standard?

Dear Sir,—Since I moved from Derbyshire to the East Riding of Yorkshire I have always looked eagerly through 'The Ringing World' for any news of old friends and I was most interested in the account of the striking competition organised by the Stafford Archdeaconry Society at Bushbury, especially when I noticed the names of the judges.

From my recollections of many general meetings of the Derbyshire Association I should think the organisers of the striking competition were well advised to appoint three judges as I could not imagine my old friends Dennis Carlisle and Gordon Halls reaching a unanimous verdict without reference to a third opinion.

On a more serious point, however, I was intrigued by the very low number of penalties incurred by the winning teams and in view of the widening interest in striking competitions I have wondered if it is possible to obtain information about the comparative methods of determining faults in striking.

I fully realise that the test piece at Bushbury was limited to 120 changes, but to incur only 7½ faults the striking of the winning band must have been well nigh perfect unless the ringing was judged on standards different from those set by judges in certain other competitions.

Although one would normally expect the striking to improve in longer lengths I cannot recollect Harold Chant and Jim Thorley ever giving results as low as 22½ faults (pro-rata) for contests of 360 changes in the Sheffield District, and it was always considered that the ringing of Warsop band, under Herbert Rooke, was of near maximum standard.

If, as I hope, the ringing of the Little Aston and Lichfield Cathedral bands was as good as indicated then the results are most encouraging and I hasten to assure all concerned that my only point in writing this letter is to promote interest in comparisons of the methods employed by the judges of striking competitions.—Yours faithfully,

A. B. COOPER.

Kirk Ella, Hull.

Washington Hospitality

Dear Sir.—Although a full report of the Washington visit will be submitted shortly by George Pipe, I would like to take this early opportunity of recording the party's appreciation of the magnificent hospitality extended in Washington by the Cathedral authorities and those private individuals who acted as hostes and hostesses, guides, etc.

Also to thank all those who, by supporting the fund organised by Douglas Hughes, helped to make the trip financially possible, and those many ringers in this country who sent messages of greeting and goodwill prior to our departure.—Yours faithfully,

JOHN CHILCOTT.

Hawley, Surrey.

Cornish Bells

Dear Sir.—I see in your issue of May 15th you give the words of the carol 'Cornish Bells' with 'author unknown.' I expect you will get a number of letters giving the name of the author. But in case not and as I am rather older than most ringers, I write to say the author was Bishop C. W. Stubbs, fourth Bishop of Truro, who confirmed me. It was set to music by T. Tertius Noble, who was, I believe, his son-in-law. It had its vogue when I was boy, but I imagine is seldom heard now. Incidentally, I should very much like to obtain a copy of the words and music and should be very grateful if any of your readers could tell me how to get this.—Yours faithfully,

EVAN M. THOMAS (Rev.)

Menheniot Vicarage,

Liskeard, Cornwall.

Surprise Major Collection

Dear Sir. — I think Mr. Wilson's article dealing with ringing literature and the Central Council does Maurice Hodgson an injustice.

At last year's annual meeting of the Middlesex Association, in order to get printed the collection of Surprise Major methods which had been rung, I proposed that the Association should undertake this work. Maurice Hodgson was then prepared to contribute half or even more of the cost so that the work could go forward on this basis. I hope he will forgive me for mentioning it!

You, sir, were present and on your advice the project was left to the Central Council. Although the Council were agreeable, a whole year has elapsed and we are still waiting for the collection. Does this not justify Maurice Hodgson's remarks?—Yours sincerely

FREDERICK W. GOODFELLOW.

Middlesex Association Treasurer.

Note.—We understand that an estimate of cost is being obtained.—Ed.

London at Westhoughton

Dear Sir,—On looking through 'The Ringing World' for January 31st, 1964, I notice that a peal at Westhoughton of London is claimed as first on the bells. This is not so as the first peal of London was rung on December 4th, 1937, for the College Youths' tercentenary. The band was as follows: T. B. Worsley 1, Lester Gray 2, George R. Newton 3, Arnold Brunton 4, Laurence J. Williams 5, Wilfred Halliwell 6, Benjamin A. Knights 7, Percival H. Cave 8. Conductor, T. B. Worsley. — Yours sincerely,

L. J. WILLIAMS.

IRISH ASSOCIATION

The Executive Council of the Irish Association at its annual meeting at Dublin on April 25th, with Mr. A. F. Bogan (president) in the chair, welcomed as new Council members Mrs. J. Jeffery, P. Hanley, E. Gabriel and R. Henly. Messrs. J. Cole and V. C. Patterson were elected life members in recognition of past services.

It was decided not to increase the non-resident life membership subscription, which remains at 5s. Agreement was reached in regard to the rule for life membership, which will in future be awarded to those who render exceptional service to the Exercise; the honour cannot be bought as heretofore.

All accounts showed better balances due to increased activity in membership and reading of the 'Irish Bell News.' A record circulation of 246 copies was achieved.

Reference was made to the newly-formed Society of Change Ringers in Dublin University and it was decided that members should be treated as follows for affiliation: Students not normally resident within the jurisdiction of the Association, non-resident life members; those 'within,' resident members.

The Murphy Cup contest was run off on the bells of Christ Church Cathedral and won by St. Mary's Cathedral, Limerick (31 faults) followed by St. Donard's, Belfast (62 faults) and St. George's, Dublin (93 faults).

Elections: President, Mr. A. F. Bogan; general secretary, Mr. Fred E. Dukes, Meadow Cottage, Julianstown, Co. Meath; Master and badge secretary, Mr. John T. Dunwoodv; auditor, Mr. W. E. Bovenizer; librarian, Mr. T. Wilson.

May 8th was selected at the date for the 1965 meeting in Dublin.

NORWICH DIOCESAN ASSOCIATION Northern Branch

Tributes were paid by the president, Mr. F. N. Golden, at the meeting of the Northern Branch at Wroxham to two members who had served with distinction and had died recently. They were Mr. W. Love, for some years secretary of the Association, and Mr. W. C. Medlar, whose membership exceeded 50 years. The meeting stood in silence as a token of respect.

Elected members were the Misses W. A. Cook, D. I. Grout, S. A. E. Partridge and K. Sewell (Buxton), Mr. D. Bird (Wroxham) and as an honorary member Mr. A. S. Goddard (Wroxham). The belfry elections of Miss J. Buss and Mr. M. Cubitt were ratified.

The Vicar (the Rev. E. A. Hubbard) was thanked for conducting the service, and also local ringers and wives for an excellent tea.

Mr. F. C. Goodman and the Branch Committee were thanked for arranging the striking competition, also Mr. P. Cattermole for getting Bale bells to ring and teaching the art to boys at Gresham School.

Historic Hoxne Hears its Ancient Bells

THE churchwarden who had been chiming one of the bells for services came to seek advice as the bell would no longer ring. The rope had broken and become wedged between pulleys. The request was then made for all the bells to ring for Easter services. Five secondhand ropes, kindly loaned from Diss, were fitted and then from the lovely 15th century church tower came 'Ding dong bell—ding dong bell,' followed quickly by two deeper notes and Hoxne people, climbing Little Hill for the early morning celebration, were hearing for the first time for many years the somewhat plaintive melody of the ring of five bells heralding the glad tidings of this Easter Sunday morning.

Some 250 years ago the original 'tenor' bell (weighing approximately 18 cwt.) became cracked, and was taken out of its pit in the bell frame and sold to provide funds for seating and church repairs, leaving a ring of five bells in a minor key to bewail the loss.

The use of the word 'tenor' to denote the heaviest and deepest toned bell is probably derived from the development of part singing in the 14th century when the 'tenor' (or bass) would 'hold' or sing the melody, and the alto and treble would improvise a harmony in thirds and sixths above the notated line.

But to return to the Hoxne bells—number five now the heaviest is also the oldest, being cast and placed in the tower by Richard Baxter, of Norwich, in 1420. When the first notes of Baxter's bell floated down the hill, earlier and more primitive buildings occupied the sites of the ancient houses now clustered around the picturesque village green. The fourth is also a pre-Reformation bell, cast in the same Norwich foundry 40 years later, in 1460, by the famous Brasyer family, and it may be interesting to recall some of the chief events of those intervening forty years.

HEADLESS BODY BROUGHT HOME

Following the great victory at Agincourt, where Hoxne men instead of throwing darts at bulls' eyes in local inns, may well have been shooting arrows from their long bows, Henry V in 1420 married Catherine of France and established a claim to the French throne. However, by the time that the 1460 bell had been placed in the Hoxne tower, Joan of Arc had been burnt at the stake, and nothing except Calais was left of the English dominions in France. William de la Pole, of Wingfield Castle, the great Duke of Suffolk, who was blamed for the disaster, had been ignominiously beheaded in the Straits of Dover, whilst fleeing for his life, and his headless body had been brought back to the castle in the dead of night. Hoxne bells may well have tolled for this sad event.

The arms of the de la Poles can be seen on the font in Hoxne Church and this family probably contributed towards the building of the tower. In 1460 the Duke of York claimed the throne of England and the bloodbath of the 'Wars of the Roses,' to last for twenty-five years, had begun.

The third bell, recast in 1711 by a local founder, John Goldsmith, of Redgrave, who also cast three bells for the adjoining parish of Great Oakley, was probably originally

another Brasyer bell from Norwich which had served as the village 'Angelus' in pre-Reformation days.

The second bell, dated 1655, also came from the Norwich foundry, but the treble bell, Darbie. There is a suggestion that one of dated 1676, was cast in Ipswich by John these last two bells was bought from Thorpe Abbots, on the Norfolk side of the River Waveney.

A TENOR FUND

And what of the future? The conversion of the bells into a ring of six on a major scale by adding a small treble bell would also involve drastic retuning of the other bells with the consequent grave danger of impairing their excellent tone.

Why was the original tenor destroyed in 1750 instead of being recast? The Enclosure Acts of this period had brought increasing prosperity to the rural areas and the countryside was taking on its familiar pattern of hedges, fields and scattered farms. In spite of this affluence the bell was sold and not recast. Who was the incumbent and who the churchwardens? Modern mechanisation of the land is rapidly destroying this agricultural landscape in the cause of greater efficiency and prosperity which may enable our generation to supply a new tenor bell comparable in weight and tone to its original predecessor.

The fourth bell bears a request in lovely lettering in Latin, to 'pray for the soul of Richard Smith.' For over five hundred years this bell has done its duty, a period that has far exceeded the life-span of Richard Smith's friends or the memory of his place in the local community. Could any man wish for more?

A new tenor bell fund already exists and just needs topping up by someone seeking a similar sweet-sounding memorial. Hoxne would then possess one of the finest rings of six bells in Suffolk and, with ringers to ring them, could

'Still upon the hallowed day

Convoke the swains to praise and pray.'

A. N. OTHER COUNTRYMAN.

MID-SUSSEX STRIKING
CONTEST

In connection with the Mid-Sussex Arts Festival at Burgess Hill on April 25th, a striking competition proved to be a well worth while venture. Mr. A. P. Cannon was the adjudicator.

St. Peter's, Brighton, band were declared the best 8-bell entry (210 Grandsire Triples) and also the overall winners. The Church of the Good Shepherd, Brighton, ringers won the 6-bell 240 Grandsire Doubles.

Other overall placings were: 3 Hurstpierpoint, 4 Cuckfield, 5 Southover, 6 Aldrington, 7 Ditchling, 8 Twineham. Encouraged by the success of this initial venture, the Arts Festival organisers hope to include ringing in future competitions.

After the competition about 75 ringers attended a social evening arranged by the Burgess Hill band, at which Mr. Cannon announced the results and gave a constructive report on the ringing.

ISLEWORTH, MIDDLESEX

Two 41-seater coaches were required for the Isleworth outing into Oxfordshire, a major parish activity. Small parties from Cambridge University and Lewisham also attended. Ringing varied from call changes and Grand-sire Triples to London, Bristol and an attempt at Spliced Surprise Major.

Memories include meeting Mr. Allen, now 87, who had been tower captain at Great Milton for 63 years; three sittings for lunch at Witney, and the fine octave in the Parish Church; the final course of Yorkshire at Burford, the finest sound of the day. It was a day of good scenery, good bells and good company, and thanks must be given to the secretary, Miss June Creak, for her excellent organisation, and Harold Rogers, the Ringing Master.

WIMBLEDON'S WEEK-END

Wimbledon ringers, for their week-end on April 17th, assembled at Blandford Forum. Saturday was a full day starting with the six at Okeford Fitzpaine. Contact was made with an Essex party at Wincanton. At Evercreech, the Stedman and Grandsire were not quite up to B.B.C. standard, but Cambridge Royal was well rung. The Essex party was again met at Ditchat and justice was done to a fine ring of bells with a course of London. Dorchester was tried at Dorchester; it did not go well, but there was a fine touch of Double Norwich and a first class drop at the end.

Sunday morning saw an early start at Blandford, with service ringing at 8.45. Following lunch in Ringwood, a course of Superlative provided satisfying work for the two tenor men. For the Scout and Guide service at Romsey Abbey, Bristol was rung, followed by the Surrey competition piece of Grandsire Triples. The light 10 at North Stoneham defeated us—apologies for making a bad job of the bells. Service ringing at New Alresford included Rutland. Our thanks to Vicars and all who met us. N. B.

OUTINGS**BROMHAM, BEDS**

On April 11th the ringers of Bromham, with friends from several other Bedfordshire towers, enjoyed a day's outing in Kent. On this lovely April day everyone was in high spirits at the prospect of seeing some of the beauties of this enchanting county—Garden of England!

We witnessed a little drama, too, at Dartford, which was the first tower. The bells had just been raised when suddenly the whole scene seemed to be transformed, and one felt that this must be a performance of one of those religious plays which are so popular nowadays—there was the circle of expectant watchers, with awe and wonder expressed on every face, as one of the younger members of the party soared heavenwards, giving a very fair representation of the Ascension! We handed over the cost of a new stay, and, with profound apologies, stole meekly away.

The next stop was at Milton-next-Gravesend, where we quite enjoyed ourselves, though in a more restrained manner. Lunch was taken at Rochester, after which we enjoyed a pull on the fine ring of ten at the Cathedral.

Some good ringing on the light eight at Gillingham was followed by a pleasant run through attractive country to Boxley, where we found the fine ring of six a real delight.

Tea at Maidstone put us all in good shape for a visit to the interesting village of Farningham, with its even more interesting church and splendid ring of six bells.

The excellent octave at St. Mary's, Lewisham, made a very suitable end to the day's ringing, and a brief stop for refreshment concluded a most enjoyable trip.

The thanks of all are accorded to Frank W. Rivett and his helpers, for their work of organisation, and to the incumbents and local ringers who made us so welcome.

A. E. R.

473 MILES TO GRAB FIVE TOWERS

A party of Irish ringers left Dublin on April 18th and travelled 473.6 miles that day to grab five towers. They were the Misses A. Sadler, M. Bernard-Smith, S. Dukes, D. Graham, Messrs. C. Reede, A. Vere-Hodge, A. Pike and F. E. Dukes.

Limerick was reached following the beautiful run around the shores of Lough Derg, and ringing at St. Mary's Cathedral included Grandsire and Plain Bob Triples and Kent Treble Bob Minor. At Mount St. Alphonsus (one of the finest tens in the world) David Benson left a sick bed to bid the party welcome, and Charlie Reede took charge of the ringing.

While a search was being made for the key at Doneraile, a picnic lunch took place. The ringing here was Grandsire Doubles and Kent Minor. A cross-country run through marvellous unspoilt country with the Magillicuddy Reeks in the distance, brought the party to Bandon. A precarious climb up iron ladders led to the ringing room. Grandsire was the only method rung. Finally came St. Finebarre's Cathedral, Cork, where a quarter peal had to be deferred because of a funeral service. The three conductors took turns in calling. Supper at Cahir consisted of two trout and three chops per person at a reasonable charge. English ringers note the address—Cahir House Hotel. One car reached home at 1.5 a.m. and the other at 12.25. Thanks are expressed to the many who co-operated in this memorable and enjoyable tour.

WADENHOE, NORTHANTS.—On April 11th, 1,320 Minor (Kent T.B., Little Bob, Plain Bob): Mary J. Bloxam 1, Joyce M. Clipstone 2, M. A. Coleman 3, Jean Marlow 4, I. W. Hall 5, A. D. Sansom (cond.) 6.

WEST BRIDGFORD, NOTTS.—On April 12th, 1,260 Plain Bob Doubles: Penny Miller (first quarter) 1, W. L. Radcliffe 2, Juliet Stamper 3, J. Miller 4, P. K. Else (cond.) 5, G. Butler 6. For Evensong and an appreciation to Mr. R. W. Winstanley, for over 34 years tower captain, who has left the district.

Anne Barber and Rachel Sinden are two of the four Folkestone schoolgirls who, together with two young ladies from Lympe, scored their first peal in an all-ladies' peal of Doubles at Cheriton on April 25th, reported in our last issue. Their first attempt for Minor, at Little Chart, two days before, failed, but Anne and Rachel scored again with a peal of Minor at Newington on April 27th. The conductor of the latter peal informs us that they both rang very well and have their minds on ringing their first 100 peals together!

The peal at Old Glossop (see page 279) was rung on March 14th. Second check.

Errata: Peal of Rothley Surprise Major (page 298). The lead-end should be 18 and not 12 (i.e., an eighth's place method).

The quarter peal at Wentworth on May 1st, to mark the jubilee of the Diocese of Sheffield, was the first quarter peal by the Wentworth band without one of the two 'Micks' taking part in it!

Sending a contribution from his outing to 'The Ringing World,' a Bedfordshire correspondent states that this is a little less than usual as the party had already 'forked out' for a broken stay.

The young band who rang a peal of Minor at Wheatley on May 2nd desire to thank Mr. Sheldon for the tea awaiting them after ringing. Their comment: 'One of the best teas we have ever seen!'

The meeting of the Bedfordshire Association at Caddington next Saturday is the first ever to have been held there. When the six bells were rededicated last January they had not been rung for 133 years. Catering difficulties mean—no names, no tea.

Ring for Ascension Day Evensong at St. John's, Cardiff, was undertaken by a band of ladies; six were from St. John's, two from Llandaff and one from Sully. With Mary Pryor conducting, several touches of Grandsire Triples were successfully brought round. The male members of St. John's have been assured there will be no redundancy!

BELFRY GOSSIP

Knutsford Royal May Day Festival dates back to 1864 and during the whole of the century the Rudhall six in the Parish Church have heralded in the festival. On two occasions the ringers had been requested to start at 6 a.m. instead of 9 a.m. as the proud parents of the May Queens-elect wished their daughters to be awakened by the sound of the bells! The late Mr. Hough rang for the festival for 60 years, and his son, Sidney, continues the tradition. Knutsford May Day is an open day for ringers. Long may it continue!

The peal at Wymondham, Norfolk, on April 19th, was the 400th by Mr. H. Tooke, secretary of the local company.

Ring for High Wycombe Parish Church until four loose pinnacles have been repaired. It is feared that they might be dislodged with ringing.

To raise £2,000 to meet the cost of rehanging their bells, Isleham, near Ely, ringers held on May 16th a Tramps' Bar-B-Q in the Vicarage grounds. Ringing took place between 7 and 8 p.m.

A conductor's practice was held at St. Michael's, St. Albans, on April 25th. Most people arrived so late that ringing was only possible during the second hour. Touches of Major and Triples were called by several people for the first time.

Through a slip of the pen, Mr. W. A. Theobald in his letter on page 308 stated that the Washington band was of nine Cumberlands. It should have been College Youths. The Editor thanks the many readers who have called his attention to the error.

The peal of Bob Major at St. Michael's, Basingstoke, on May 2nd, was originally planned as a tower captains' peal but at the last moment substitutes had to be found to ring the treble and No. 6, Jack Weaver kindly standing in at a minute's notice. The tower captains taking part were from Overton, Aldermaston, Chieveley, St. Michael's (Basingstoke), Andover and Highclere. A further attempt with all eight is planned for later in the year.

OBITUARY

MR. WALTER H. FREEMAN

With deep regret, the Ely Diocesan Association records the death at Wisbech, on April 30th, after a short illness, of Mr. Walter H. Freeman, aged 81. He was a brother of the late Mr. J. A. Freeman, of Lincoln Cathedral, and uncle of Mr. John Freeman, vice-president of the Central Council, and of the Rev. Michael Freeman, of Messingham, Lincs. A grandson, Mr. Paul Freeman, lives in London. Born at Market Deeping, Lincs, he learned to ring there, with the late Mr. Horace Day, when he was about 15 years old. After his marriage he lived at Snikhv, near Boston, and for the last 30 years at Wisbech, where for several years he was captain of the tower.

Although Walter was not a peal ringer—he rang only 11 during his many ringing years—he was never happier than in a belfry and usually rang the tenor. His work as a master builder caused him to travel extensively but no matter where he was he sought out a tower on a Sunday and attended every possible practice in the area. When at Wisbech he was regular and reliable for Sunday service ringing and practices. His ringing was always conscientiously performed and was truly his pride and joy. Mr. and Mrs. Freeman celebrated their diamond wedding on February 23rd this year. B. W.

SOUTH WALES NOMADS RENAMED 'THE NOMADS'

The sixth annual tour, which started on March 31st, was centred on Exeter with headquarters at 'The Endeavour' Guest House, Alphington. At Alphington's fine old church the first evening, the party met Mr. F. Mack who accompanied them many times during the week. The next morning they sampled Mr. Mack's 'lightest six in the world' and after a little practice three leads of Grand-sire were mastered. That evening they joined a helpful crowd of locals at St. Mark's, Exeter, and Stedman was rung.

The major day of the week was Thursday and through the good services of Mr. Audrey Bennett, the tower organiser, Buckfast Abbey was visited. Major and Caters were rung on these deep-toned, sonorous bells and a sight never to be forgotten was the swinging of the great bell 'Hosanna.' An important 'first' for many of the party was the 'Devon Cream Tea' which followed and proved in schoolboy parlance 'a smashing success.' Friday was another full day. A quarter lost at Tedburn St. Mary included some of the best striking on tour; four other towers were visited before ending at St. David's, Exeter.

Another quarter was lost at Harpford on Saturday and, alas, we did not do justice to the finest octave of the tour—Ottery St. Mary. Concluding the tour we bade farewell to the 'South Wales Nomads'—for nationality reasons they are to be known in future as 'The Nomads.' Grateful thanks to Mr. D. Roberts and Mr. A. Bennett for success of sixth tour.

The tourists: Rev. D. Sansom (Stoke Bishop), G. Marchant (Dursley), D. Thomas (Ponteg. Mon), E. Thomas, P. Evans, G. Thomas, E. Ricketts (Cowbridge Grammar School), R. Walters, B. Neal (Marshfield), C. Bird (Tetbury), C. K. Cook (Cholsey).

SALISBURY DIOCESAN GUILD Dorchester Branch

Silver wedding anniversary congratulations were offered to Mr. and Mrs. H. House by members of the Dorchester Branch at their meeting at Fordington St. George, Dorchester, on April 25th. The occasion had also been honoured by Fordington ringers earlier in the week by a quarter peal.

The Vicar (Canon E. B. Brooks) conducted the service, and the Branch chairman (Rev. C. E. C. Brinkworth) read the lesson. Ringers and ladies of the church served tea to a company of 33 in the Moule Institute. Before the business meeting a silent tribute was observed for Mr. H. W. Stevens (Wool) and Mr. K. Loving (Frampton).

Next quarterly meeting, Wool, July 14th. Practice meetings: Cattistock, May 16th; Hilton, May 30th; St. Peter's Dorchester, June 13th (subject to confirmation).
