### WELCOME TO NORTH-HAM-TUNE

THE town of Northampton displays very little evidence of the rich mosaic of history that lies beneath the veneer of the 19th and 20th centuries. The busy town centre retains nothing of the mediæval huddle that once surrounded the Market Square, and whatever escaped the disastrous fire that swept this part of the town in 1675 is now only survived by the tower of All Saints' Church, incorporated into a building of Classical design. The great castle of Northampton, which in the time of King John served as a Royal Palace and was the scene of Thomas Becket's trial, no longer exists. In the name of progress, what ruins remained were destroyed to make way for the steam engine and once again changes are being made as electricity replaces steam. However, recent excavations have revealed the kitchen suite of what was once one of the largest castles in the land.

Nestled by the walls of the one time great fortress, and symbolic of the permanence of things spiritual amidst the decay and demolitions of centuries, is the Church of St. Peter—a gem of late Norman art. The Church of the Holy Sepulchre, as its name implies, is linked with the Holy Land and is one of the four remaining "round" churches in England. It was built by the Crusaders and, despite the addition of later ages, retains an impressive interior. There are many other churches in the town, but these two far outstrip the others in architectural and historical importance as well as in interest to the visitor. The Church of Saint Matthew (1891), built as a memorial to Pickering Phipps, a Northampton brewer, contains two important works of modern art worthy of a visit, namely, Henry Moore's "Madonna" and Child" and Graham Sutherland's "Crucifixion."

The Guildhall, where the Council will meet on Whit Tuesday, is of Venetian Gothic design built in 1861, with additions in the same style in 1889. The facade, resembling a vast tapestry in stone, depicts Danes, Saxons, Normans, kings, queens, nobles, prelates and divines, scholars, poets, merchants and craftsmen, who have all contributed to the pattern of history and progress in Northampton.

The history of Northampton's ringing before the latter part of the 19th century is almost unknown, but there is one recorded event worthy of mention. In 1739, the

year after St. Peter's eight bells were cast by Rudhall, a band of College Youths came here and rang a peal of Bob Major, the conductor being Benjamin Annable. As St. Peter's was the first ring of eight in the town, it is almost certainly the first peal rung in Northampton. All the band were London members of the Ancient Society, with the exception of the tenor man, of whom no other record is known, and it has been assumed that he was a Northampton man. In the county and diocese there are a few records of ringing, notably at Kettering, where the first peal was rung in 1729, and at Kings Sutton in the extreme south.

The latter part of the 19th century saw the beginning of organised Associations in this area and in 1924 the Central Northamptonshire Association united with some of the smaller Associations to form the Peterborough Diocesan Guild. Other Associations joined the Guild at various times, until by 1950 the whole Diocese was covered by the Guild organisation.

The Diocese consists of the counties of Northampton and Rutland and their shape is an organiser's nightmare. Even so, the Guild's annual meeting and summer festival are always both well attended. With a predominantly youthful membership and eleven Branches, which annually, with few exceptions, record success and progress, the future of the Peterborough Guild looks assured. But a successful Guild is not formed overnight. Let us, therefore, look back to 1920, when the Council last visited Northampton, and to 1883, when the first organised Association was formed, and over this span of 80 years let us remember the names of some of those who, by their skill in organisation and practical ringing, have built up a tradition of good ringing and good fellowship and the Peterborough Diocesan Guild. Such men as A. Y. Tyler, W. Perkins, D. J. Nichols, W. Rogers, F. Wilford, Rev. E. S. Powell, G. W. Jeffs, T. Tebbutt and R. G. Black (Guild secretary for 25 years). These men really set an example, each in his own special way, which we will do well to emulate.

From 200 belfries and 1,000 ringers we say 'Thank you to those men for our foundation, and to the Central Council of Church Bell Ringers we say "Welcome to Northampton and the Diocese of Peterborough."

E. BILLINGS,  
General Secretary, P.D.G.

# NORTHAMPTON'S WELCOME TO THE CENTRAL COUNCIL

## THE RINGING MASTER

MR. J. H. BLUFF

Mr. Bluff, the Ringing Master of the Peterborough Diocesan Guild, comes from a family with a ringing tradition. He started ringing at All Saints, Stamford, in 1919 being taught by his father, the then captain of ringers, who died in 1926. His uncle followed him but had to give up in 1955, when Mr. Bluff was elected captain. Thus with his father's 37 years' service in the belfry, his uncle's 45 years and his own, a total of 128 years not out is reached. To his regret his grown-up daughter and three sons have not followed in the art.

Mr. Bluff's life has been spent in his native town, Spalding. For the past 18 years he has been a general foreman to a building firm. He served in World War II in H.M. Forces. So far he has rung 176 peals.

## SALISBURY DIOCESAN GUILD Marlborough Branch

The Marlborough Branch met at St. Mary's, Collingbourne Kingston, in lovely weather on May 15th, and a good number of members were present. Visitors were welcomed from Great Cheverell, Bishops Cannings and Nailsea (Somerset) and Bristol.

Ringling was directed by the Rev. R. Keeley (Ringing Master) and he also read the lesson at the Guild service, conducted by the Vicar (the Rev. G. F. Kidd). The company were the guests of the Vicar and the Collingbourne ringers to a bountiful tea in the Village Hall.

Mr. G. Newman presided at a short meeting at which Miss Wakefield and Col. Carruthers were elected ringing members, and the Rev. G. F. Kidd an honorary member. Mr. Newman thanked all who had contributed to the success of the meeting. A collection was taken in appreciation of the hospitality shown and handed to the Vicar for church purposes.

Ringling was resumed at St. Mary's and later at the sister church at Collingbourne Ducis.  
W. A. E.

## ESSEX ASSOCIATION

Sixteen towers were represented at the Northern District meeting held at Earls Colne on May 22nd, the Vicar (the Rev. A. S. Holden) officiating at the service.

At the business meeting one honorary and three ringing members were elected. The Master's report on Sunday service ringing showed that while ringing was maintained in many towers, there were still silent towers.

The meeting closed with thanks to the Vicar and all who had helped.

Next meeting: Shalford; provisional date, September 4th.  
P. L. W.

## GOOD RINGING: GOOD FELLOWSHIP

*On behalf of the Peterborough Diocesan Guild of Church Bell Ringers, I extend a very hearty welcome to the Central Council on the occasion of their Annual Conference to be held at Northampton this Whitsuntide.*

*We greatly appreciate the work done by the Council in the development of church bell ringing, as a scientific aspect of church work, and I sincerely hope that their meeting on Whit Tuesday will meet with every success.*

*A comprehensive programme has been arranged during the week-end, when our visitors will, I hope, enjoy some good ringing, and be able to see our Diocese at its very best. It is my sincere hope that this Whitsuntide at Northampton will prove to be one of the best gatherings ever held by the Council. Once again—WELCOME.*

J. H. BLUFF,

Master, P.D.G.

## ST. LUKE'S (CHELSEA) TOUR

THIS year the Chelsea Ringing Tour extended to the counties of Warwick, Worcester, Oxford, Berks, Gloucester and Hereford. The organisation was in the capable hands of Miss V. Dupré and Mr. Aubrey Lloyd. Headquarters was the Guest House, Mickleton. Four or five towers were visited each day, and some excellent ringing included Stedman, Grandsire, Cambridge and Yorkshire Surprise, etc. The places visited were Badsey, Pershore, Upton-on-Severn, Ledbury, Kingham, Ship-ton-under-Wychwood, Great Tew, Hook Norton, Moreton-in-Marsh, Stow-on-the-Wald, Bourton-on-the-Water, Northleach, Evesham, Burford, Witney, Appleton, Bampton, Chipping Campden, Banbury, Deddington, Chipping Norton, Stratford-upon-Avon, Bidford, Salford Priors, Noron, Bretforton and Mickleton. During the week the party was joined by Walter Judge and Geoffrey Hemming. A very enjoyable week was the experience of all who took part, and thanks are extended to those who gave permission to ring and to the two capable organisers.  
JAFUS.

## NORWICH DIOCESAN ASSOCIATION

Some 50 members and friends attended the Southern Branch meeting held at Bunwell on May 15th.

The Rev. S. Collins conducted the service, the lesson being read by Mr. Nolan Golden (president). Tea was provided by the local ringers and was followed by the business meeting, presided over by Dr. P. Jonason (Branch chairman).

Votes of thanks were accorded the Rector organist and ladies who helped with tea. A collection for the Belfry Repair Fund amounted to £3 3s. 6d.

Next meeting on July 24th at Scole, where a new ring of six was recently dedicated.

C. F. W. P.

## THE ORGANISER

MR. ERIC BILLINGS

Responsible for many of the arrangements for the Central Council's visit to Northampton is Mr. Eric Billings, general secretary and treasurer of the Peterborough Diocesan Guild, who took over the office in December 1961, upon the death of Mr. G. W. Jeffs.

Educated at Northampton Grammar School and now Assistant Work Study Officer with Phipps Brewery, Ltd., Northampton, Eric started ringing in November, 1956, at the age of 18. His home tower is St. Edmund's (8), Northampton, of which he is now captain. Within six months of learning to handle a bell he had rung his first peal from an inside bell. Of his 39 peals to date, seven different Surprise Major methods appear in the list.

Two years (1957-59) were spent in National Service at Aldershot, where he visited many towers in the area. Back in Northampton Eric started his apprenticeship in ringing organisation in 1959 as secretary to the Northampton Branch. His efficiency and enthusiasm impressed the Guild and he was elected to higher office with the passing of Mr. Jeffs. As is only proper, as a Guild secretary he is one of the four representatives of the 1,000-strong Peterborough Guild on the Central Council.

## THE ONLY PEAL AT CHUTE FOREST

The success of Geoff Dodd in making the six bells at Chute Forest, Wilts, ringable has already been told. Now A. P. C. sends us the story of the first peal. He writes:

A first-class band was detailed to attempt the first peal on May 9th, and Chris Kippin was so determined to take part and ring the worst bell in the tower that he walked the six miles from Andover in 1½ hours! Before starting, a short touch was rung for our "reserves," Mrs. Gillian Leale and a ringer from Rodbourne Cheney, also Mr. Purnell, of Holt, who has now completed every ringable tower in Wiltshire.

A good brisk pace was maintained and although we had decided at first to ring all Plain Bob, the "go" of the bells was found to be so reasonable after the first 720 that we rang four methods. Apart from the excessive noise (Robin said he could not hear the bells when a call was made!) and no stay on the third, there was nothing unduly difficult and a really good peal was scored.

Our thanks are due to Geoff Dodd for yet another example of his indefatigable energy in opening other "unringable" bells; considering their long silence, it was all rather amazing. Maybe the long rest did the bearings some good!

# TO-MORROW'S DEDICATION: THE BELLS OF DAVENTRY

THE Cluniac Priory Church of Our Lady of Charity and St. Augustine was established at Daventry by Hugh de Leycestre in 1090 on land given by Simon de Senlis, Earl of Northampton.

We have no means of discovering what bells hung in the Norman tower of the Priory Church, but we do know that they were the cause of a dispute between the Priory and the parishioners in 1390, for it is recorded that the Prior and the Convent complained that the parishioners rang the bells so often, so early and in such a manner that they were unable to sleep, and less inclined to sing the Daily Offices, having risen at midnight to sing Matins. The parishioners, on the other hand, complained that the Prior and Convent "made chase and rebase through the churchyard with their carts and carriages during the time of Divine Service." The case was heard at Kenilworth Castle by John of Gaunt, who directed that one bell only was to be rung before the Mass, and that the Prior and Convent were to have a way through the churchyard, but that there were to be two locks to the gate, the key of one to be held by the parishioners.

At the Dissolution of the Monasteries, the Priory and its lands, together with 19 other religious houses, were appropriated to the use of Cardinal Wolsey for the establishment and endowment of what eventually became the College of Christ Church, Oxford. The church was partly dismantled and appears to have been left in a ruinous state for several years, though some at least of the conventual buildings were to survive until the early years of the last century.

In 1552 the new Gothic Church of the Holy Cross possessed "ij belle in the steeple and a sanct' bell."

The Bridges Manuscripts in the Bodleian Library, compiled in 1700, record the inscriptions on the five bells which hung in the tower at that date:

Treble: Nicholas Salter, Baylife 1596.

2nd: + Ambrose.

3rd: Be yt knowne to all that doth see that Newcombe of Leicester made mee. 1612.

4th: IHS Nazarenus Rex Judeoram filii Dei miserere mei, 1619.

Tenor: Nichols Salter Baylife of Dantre, the 4th of June, 1596.

The total weight of the bells was 54 cwt. 3 qr. 13 lb.

In 1738 these bells, together with three others purchased from the nearby former Abbey of Catesby, were recast by Thomas Eayre of Kettering into a ring of eight with a tenor of 16½ cwt. The list of subscribers to this restoration, and another connected with the installation of a new chiming machine, is still preserved in the church register.

## THE THIRD CHURCH

In 1752, it was decided to demolish the church and to replace it with another of Classical design. The bells were transferred to the new tower in 1754, and this ring of bells, with the exception of the 6th, which was recast by Joseph Eayre of St. Neots in 1764, survived intact until 1907, when the tenor cracked and had to be recast. The same fate befell the 7th in 1915, although this happened in a rather spectacular manner. The bell was being raised in the usual way for ringing, when it broke into two parts.

In 1938 the old wooden frame was strengthened and the whole ring rehung on ball bearings. The 3rd became cracked in

DAVENTRY PARISH CHURCH

1951 and was recast. All the work undertaken in the past 60 years was by the Taylor Foundry, and the present work has also been entrusted to them.

An inspection carried out in September, 1962, revealed that a fair amount of movement of the massive supporting beams was taking place and a new frame was advised. This proved entirely justified when the beams were removed, as the ends which had been embedded in the tower walls were found to be rotten and infested with the death-watch beetle.

## AUGMENTATION

The opportunity was taken of installing a frame for ten bells, and it was eventually decided to order the augmentation at the same time. The old 4th was of poor tone and possibly cracked, so it was also decided to recast the bell. The ringers undertook to raise the cost of recasting the old treble and 2nd bells, so there will now be in the tower only two old bells, one each from the foundries of Thomas Eayre and Joseph Eayre, both of which have been tuned in recent times.

Work commenced on the installation of the bells on April 26th, and the dedication and thanksgiving service on June 5th will, it is hoped, signal the start of an era of very much greater opportunity for ten-bell ringing in the Diocese of Peterborough.

The details of the bells are appended and it will be noticed that new inscriptions have been added to the recast bells. In each case, as with that on the 2nd bell, they are taken from the New English Bible, and have been carefully chosen to reflect the feeling of optimism, ecumenically and in the family relationships of the parish. The phrase on the treble is in similar vein, although not exactly biblical, and identifies the ringers with the Parish and People Movement, of which the Rector is the diocesan representative.

## THE INSCRIPTIONS

Treble: 4 cwt. 0 qr. 15 lb. Note G. Do nothing separately that may be done together. These bells are restored and augmented to the greater glory of God, 1965. Kenneth Ward, Rector. Patrick I. Chapman, G. R. Dodson, Churchwardens. Taylor, Loughboro.

## PEAL RINGING

Peals were very infrequent on the bells prior to 1958, there having been only seven or eight since the first on the bells in 1919, noise in the immediate vicinity of the church. This was almost certainly due to the excessive noise in the immediate vicinity of the church and in 1960 we called in Mr. Frederick Sharpe to advise on some form of sound control. The resulting installation, carried out by the ringers themselves, enabled a great deal more ringing to be done. Indeed, 14 peals were rung on the bells in eight months last year.

P. I. C.

## BATH & WELLS ASSOCIATION

FORTY-FIVE members and friends attended the service and meeting of the Frome Branch at Wanstrow on April 24th. The Rev. Putnam McKay, in welcoming the Branch, reminded the members that the last time the meeting was held in the parish was in 1960. He also remarked that he was leaving for a holiday at his home in the U.S.A. the following Monday but would be returning he hoped, in time for the Association's dinner.

At the meeting, with the Rev. A. G. Durston, the Branch chairman, presiding, a disappointing factor was the failure to elect any new members. A long discussion followed a proposition by Mr. Heymann to hold a Branch striking competition, which was carried by 17 votes to seven. A committee is to present details to the next meeting, at Timsbury, on July 10th.

## MORE "CARRY-ONS"?

Dear Sir,—As a one-time Master U.L.S.C.R., I was interested to read of their recent experiences with bells in France. The following is taken from Trollope's "The College Youths" (page 38).

"In 1732 the College Youths visited Kent . . . they took ship and went across to France. When they landed at Calais they rang a course of Grandsire Cinques on hand-bells . . ." This ringing, we may suppose, was single-handed.—Yours faithfully,

VERNON J. BENNING.

Tonbridge.

## HOLY WEEK RINGING

Dear Sir,—With reference to Mr. E. G. Caple's letter on page 308, Mr. Caple is quite right in saying that in Western Christendom church bells are silent from Good Friday to Easter Day. However, there is no reason why bells should not be rung between Palm Sunday and Maundy Thursday. Indeed, according to the rubrics of the Roman Missal, the bells are directed to be rung after the intonation of the "Gloria in Excelsis" at Mass on Maundy Thursday. The bells are then silent until a similar point in the Mass of the Easter Vigil. As the Mass on Maundy Thursday (one only) now is directed to be celebrated in the evening, the silence does not apply to the main part of the day.

Usually, the only semblance of ringing which is permitted is that during the Mass, when some kind of wooden clapper-board is used instead of a bell.

Where exactly the Church of England stands in the matter is difficult to say. As far as I know there is no official ruling in the matter. The Book of Common Prayer gives little direction on the observance of Holy Week, and it would seem that in the interests of propriety there should be no ringing from the evening of Maundy Thursday until, at the earliest, the first Mass of Easter.—Yours faithfully, WILLIAM G. WILSON.

Durham.

## PEALS IN HOLY WEEK AND EASTER

Dear Sir,—We join the Rev. R. C. Lucas ("The Ringing World," May 21st) in his disapproval of ringing in Holy Week and his request for ringing "as loud and as long as is humanly possible" on Easter Day, and we suggest that most ringers would agree with this.

However, an analysis of peals rung over Easter reveals the following surprising results. First there were twice as many peals rung in Holy Week as there were on Easter Day, and of those in Holy Week four were rung with apparently complete disregard of the fact. One was rung on Holy Saturday as an engagement compliment, an appalling excuse for a peal on bells dedicated to the glory of God at the best of times, let alone on such a solemn occasion. We were also astonished to see a peal rung on Holy Saturday both "to the glory of Easter" and also as an "In Memoriam"; how the two conflicting emotions can be expressed in one peal on a day fitting for neither seems impossible. We were also at a loss to know what to make of one apparently rung "open" on Good Friday, and especially as it was at the Vicar's request.

Secondly, do we assume that the 20 or so peals rung on Easter Monday, for no stated reason, were rung for the Festival? And, if so, why were they not rung on the Festival itself? There seem to have been only two peals rung on the Monday for the Festival, to which must be added the five on the actual day; thus of over 40 peals rung between Good Friday and Easter Monday inclusive, only about seven seem to have been specifically dedicated to the Festival.

It would seem a pity if the impression that we give by our ringing to the majority of people who have no connection with the Church is one of concern with trivial events rather than what should be regarded by us all as matters of supreme importance.

R. C. B. and K. I. D.

Sturry, Kent.

## ABOLITIONS

Dear Sir,—All honour to the Derby Diocesan Association (and particularly their treasurer) for deciding to augment their Bell Repair Fund from the annual subscription. I hope their example will be followed, and in a bigger way. If we really believe that ringing forms a useful part of Church work we should set a good example; for an Association of some 500 members to give no more than £10 (5d. each) towards a job which may be costing thousands simply will not do at all.

Now will some enlightened Association please lead the way by abolishing peal booking fees? This miserable idea—that some should pay more to save the rest a very small amount—runs counter to the whole idea of having an Association, and has eaten into the Exercise like a nasty canker. It is based on the idea—held by those who do not ring peals—that all we do it for is to get our names into print. This is simply not true. We are not small children. We like to see the peal columns in "The Ringing World" so we can see what other people are ringing, and keep up with developments. We continue to keep up the custom of ringing peals for Associations; at one time they seemed to take pride in them. Now one begins to wonder.

I do think we should pay something after peals, quarters and other forms of pleasure-ringing; but all we give should go to the church where such ringing is done. We give our services on Sundays, but no amount of service ringing will buy new ropes or pay for wear and tear. And I do not like to see "The Ringing World" and the Associations competing as would-be beneficiaries.—Yours sincerely,

C. W. WOOLLEY.

Bushey Heath.

P.S.—In answer to your footnote: Increase the price of "The Ringing World" to one shilling, and lose 700 readers, as you predict. The gross receipts would be up by over £1,800.—C. W. W.

## OXFORD BOB TRIPLES

Dear Sir,—Having noted inquiries re the above method in "The Ringing World," it may be of interest to some readers to know that I have many touches in the personal handwriting of the late Mr. Stephen Wood, of Bristol.

In all these he uses the 4-5 place single and he told me that a peal can be obtained in this way although I have no figures to prove this. I am almost certain a peal has recently been rung with a 6-7 place single and I will endeavour to get confirmation of this from the conductor.

To save space in our valuable "Ringing World," if anyone requiring touches or a quarter peal would send me a stamped addressed envelope I will gladly supply same.

H. A. PRICE.

Eagle House,

Yatton, Bristol.

## PEALS AT UPWELL

Dear Sir,—With reference to the peal which was rung at Upwell, Norfolk, on May 1st (page 332), the footnote reads: "First peal on the bells since 1896." This footnote is almost 28 years too late, as the records of the Ely Diocesan Association state that a peal was rung at Upwell on May 5th, 1937, consisting of seven Minor methods. The band consisted of Messrs. S. Flint, A. Bacon, W. Buckenham, W. W. Cousins, C. Cousins and F. Wigmore (conductor).

There is also a possibility that other peals have been rung here by other Associations of which I have no record. Canon Felstead will be able to enlighten us when he resumes his interesting article around the towers.—Yours faithfully,

HAROLD S. PEACOCK

Gen. Sec., Ely Diocesan Association.  
Huntingdon.

## MANCHESTER DISTRICT YOUNG RINGERS

On Easter Monday the Manchester District Young Ringers made their annual sortie, with this year's objective as Shrewsbury and Birmingham. Due to three members of the party not turning up, the coach was some 50 minutes late leaving Ashton. Unfortunately, this meant that the other 36 of us had to forgo the first tower, which was to have been Hodnet. Nevertheless the party took a philosophical view of the situation, and pressed on undaunted to Shrewsbury, St. Mary's (10). Here Grandsire Caters was a little shaky and Cambridge Royal came to grief, but we redeemed ourselves with Kent Royal and Plain and Little Bob, then wiped the slate clean with a good course of London Royal.

After lunch a brisk walk brought us to St. Chad's (12). The general opinion of the bells was most favourable and ringing included Bob Maximus, Stedman Cinques and Grandsire Cinques, finishing with a good course of Cambridge Maximus. The 134 steps, the glass trap door and the bird's nest complete with eggs all created interest in Ludlow, but the bells proved a real handful. It was felt that several ropes could have done with being taken up at the wheel so that elbows could be straightened at hand and back, without having to hold the single rope.

The heavy eight had given us an appetite, so the ham, eggs and chips were most welcome. On now to Birmingham, St. Martin's (12). These bells really are free-wheelers, which is perhaps all to the good, for many of us were feeling the strain of the journey. Grandsire Cinques, Kent Royal and Stedman Cinques were all respectable, although Bob Maximus stood up ignominiously. The day's ringing closed with Yorkshire Maximus. The average age of the party was under 21, and many of the members had their first attempts at London Royal, Cambridge and Yorkshire Maximus and Stedman Cinques.

Our thanks go to the local ringers who met us, and to Neil Bennett, Jeff Prannan and Ronnie Edwards (this year's gimmick was a movie camera) for their hard work in making the day a success. J. A. B.

## GUILDFORD & DISTRICT GUILD

For the first time, Leatherhead District at their quarterly meeting at Leatherhead on May 8th held a striking competition; it attracted five entries. Mr. J. Schofield, of Beddington, the judge, regarded the striking as of a good standard, although hesitant, due probably to nerves. Placings: 1 Ashted 2 Leatherhead, 3 Ewell.

After tea and a short business meeting, Mr. H. Pitstow was confirmed as District representative on the Guild Executive, and a combined practice was fixed for June 18th at Leatherhead at 7.45 p.m. Ringing after the meeting included a good course of Stedman Caters.

## THERE WERE OTHERS

Dear Sir—I wish to correct the footnote to a peal of Minor rung at Upwell, Norfolk, and published in "The Ringing World" on page 332, where it stated "First peal on the bells since 1896."

A peal in six Minor methods was rung there on April 28th, 1926, conducted by Tony Price, with Joseph E. Sykes ringing the tenor.

Also, on May 5th, 1937, a peal in seven Minor methods, conducted by myself.—Yours, etc.

FREDERICK C. WIGMORE.

Wisbech, Cambs.

P.S.—The peal in 1926 was thought to be the first on the bells.—F. C. W.

## A.O.B. TIME

Dear Sir,—Although I realise that most annual general meetings of the Salisbury Diocesan Guild are so apathetic that there is rarely 'Any Other Business' to discuss, perhaps in future the organisers would allow more than three minutes for this, just in case someone has something to say.—Yours, etc.

GRAHAM W. ELMES.

Wareham, Dorset.

# MEMORIES OF MR. GEORGE H. CROSS

Mr. E. A. Barnett writes:

Perhaps I may add a few lines to your account of Mr. Cross's notable ringing career. Before coming to London he had made a name for himself in and around Norwich, where he rang his first peal at the age of 15, in 1909. By the time he was 17 he had "circled the tower" at his home church of St. John-de-Sepulchre and another early exploit was a peal of Oxford Treble Bob at Saxlingham in June, 1914, by a band of average age 18, then the youngest to accomplish an eight-bell peal. As Master of the St. Peter Mancroft Guild after the 1914-18 war he got ringing going again at that famous church and revived some of the interest in peal ringing in the county.

After moving to the London area he was one of the leading lights in a band which did much to popularise methods like Yorkshire and Pudsey, which we regard as standard today but in the 1920's and early 1930's were rarely rung. A skilled handbell ringer, he conducted the first peals of Stedman Cinques, among other methods, "in hand" for both the Cumberlands and the Kent County Association in about 1934, and I believe neither Society has accomplished one since. For the Cumberlands he did much valuable work as Master and as leader of the band at St. Martin-in-the-Fields. In 1939 he took part in a peal of London Major by a band of Civil Servants, which I remember very well, having interrupted a week's sick leave illicitly in order to be in it.

As you say, Mr. Cross took part in some 600 peals, his last, I think, being a handbell peal of Kent Treble Bob Major at Crayford in December, 1951. It was strange that such an accomplished ringer should have retired from peal ringing at the comparatively early age of 60.

At the funeral service at Chardstock the Vicar paid tribute to Mr. Cross's love of ringing and the help he had given the local band until illness had compelled him to give up ringing altogether. The bells were rung half-muffled after the funeral at the Vicar's request by a band from Thorncombe, Dorset, and a course of Bob Minor was rung over the grave on Mr. Cross's handbells by three old friends and fellow-Cumberlands—Thomas H. Francis 1-2, Herbert E. Audsley 3-4, and Edward J. Beer 5-6, the two last-named also representing the Kent County Association, of which he was auditor for some 20 years. On the same day a peal of Cambridge Maximus was rung at Walsall by the Cumberlands, and the band regarded it as a tribute to his memory.

Mr. Frank H. Davey, of Norwich, writes: I was grieved to hear of the passing of my lifelong friend, Mr. George H. Cross. I had known George longer than any other ringer: we were schoolboys together over 60 years ago, and choirboys at St. John de Sepulchre, Norwich, where we were taught to ring by the late George S. Mayers, when these bells were installed in 1907-8.

A couple of highlights of his ringing career as I remember them: his conducting of a peal of Oxford Treble Bob Major at Saxlingham rung by the youngest Major band till then. The band included the three brothers Duffield — William, Edward and James, all proved and expert ringers, and, by the way, Jim Duffield was the youngest ringer to ring a peal of Major when he was 11 years of age, at Pulham in 1912.

George had rung and conducted over 80 peals. By the time he was 20 he had quite a few compositions to his credit. He joined the Army in 1915 and saw service in Egypt, Mesopotamia and France. On returning to civilian life he threw himself wholeheartedly into ringing at St. Peter Mancroft and, elected Master, soon had a capable twelve-bell band around him. Just a couple of years or so later he arranged a peal of Stedman Cinques at Mancroft, in which he asked me to drum the tenor, he ringing the eleventh and calling it. This was his first of Stedman Cinques as conductor (he had rung a couple before). I remember that the late Charlie Borrett rang the treble and T. H. Taffender the third, four other London ringers taking part. How pleased he was with this peal as it was well struck throughout—without a word spoken.

Another peal he was proud of was "Bristol by George" at St. George's, Bristol, conducted by George R. Pye.

And so another stalwart of our art has been called home. A staunch and valued friend, a magnificent ringer, conductor and composer of my generation, the sympathy of the Exercise goes out to Mrs. Cross and family in their sad loss.

Many years ago George showed me a record book of peals he had rung, all done in Old English style, and by his own hand. I wonder if Mrs. Cross still has this book. So I must say farewell, George, old friend.

May he rest in peace, for I am proud to have known him for over 60 years.

## MR. CHARLES A. ANDREWS

Many ringers will regret to hear of the death of Mr. Charles Andrews, of Lawford, Essex, on May 17th, aged 60.

Charlie belonged to a well-known ringing family, and at an early age was taught to handle a bell by his father at Thorington, near Colchester. In 1929 he went to live at Lawford, and with the late George Moss built up a good Minor band at Mistley, where for 25 years he was as regular a ringer as his shift-work would allow. When that band broke up he rang for a few years at Arleigh, but in 1959 he had a heart attack which put an end to all his activities and since that time he had had to live an extremely quiet life.

A most competent ringer on any number of bells, he rang several peals of Maximus with the famous band at St. Mary-le-Tower, Ipswich, when they were at the height of their power. He never kept a count of his peals, but he must have rung over 200. He rang one peal of Bob Major at Great Bentley in which his father, son (Donald), brother (Alan) and nephew (G. Noel Orman) also took part.

Interested in local government, he was for some years parish clerk of Lawford.

He was buried at Thorington a few yards from the tower where he first started to ring. The same evening a half-muffled quarter peal was rung at Mistley to his memory.

## PREBENDARY B. PRATT

Prebendary Brian Pratt, Rector of Peter Tavy, Devon, who died on May 11th, was at one time an active ringer, having learned to ring near Woburn. Ill-health latterly prevented him from ringing, but he remained interested and recently arranged the Tavistock Deanery Festival. Visitors were always welcome at Peter Tavy and it was on these bells that a memorial quarter peal was rung on May 17th.

## HERTS COUNTY ASSOCIATION

### St. Albans District

The two new towers of the District were open on May 15th. Most of the ringers were able to cope with the back-handed six at St. Paul's, Walden, and methods up to Double Oxford and Cambridge were rung. Evening ringing was at King's Walden.

The District was welcomed by the Vicar (the Rev. R. Mitchell) during the service; he also joined us for an excellent tea at the St. Albans Arms.

At the business meeting Mrs. Amy Coburn took the place of Mr. R. D. Brown as secretary, as he was away. Mr. John Cull took the chair. Mrs. Pam Schofield, of St. Peter's, St. Albans, was elected a full member, and Mrs. M. Harding, Mrs. M. Howell and Mrs. L. Cull, of Kimpton, probationary members.

A report of the Western District ringing course was given and a similar course is to be run by the St. Albans District, the suggested date being November 20th.

Under any other business, the local tower captain, Mr. Denison, thanked the District for coming, reminding us that their practice night is Wednesday, except each Wednesday preceding the third Sunday. The meeting was closed after the usual votes of thanks.

## EAST DERBYSHIRE AND WEST NOTTS ASSOCIATION

Some 25 members and friends attended the monthly meeting at Blackwell on May 15th. Ringing commenced at 3 p.m., and an excellent tea was provided in the Church Hall, but it was somewhat disappointing that only 14 were present for tea.

At a short business meeting, Mr. A. Smithson presiding, Mr. D. W. Bailey and Miss Doreen Land, from Ripley, were elected new members. Thanks to the ladies for providing the tea was proposed by Mr. T. H. Radford.

Ringings continued until 8.45 p.m. under the supervision of Mr. A. Harrison (Ringing Master) and included Cambridge and Norwich Surprise.

Next meeting: Joint with Chesterfield District at North Wingfield June 12th.

# Ernest Morris Window Dedicated

A WINDOW likely to rival the ringers' window in York Minster was dedicated in the Prebendal Church of St. Margaret, Leicester, on May 23rd, to Ernest Morris, one of the foremost ringers of this age, being the first to ring 2,000 peals and a writer whose books on bells and the art have an international prestige.

The work of Mr. H. W. Harvey, of York, an artist with a high reputation in stained glass, it is rich in colouring and the five ringers depicted all have character. A grey-haired ringer of the build of Ernest has his back to the viewer. Resolutely he grasps the tenor rope. Another is seen in the process of lowering his bell, and there is also a girl ringer poised with an air of expectancy, probably introduced as a feature of Ernest's ringing career—his love of shepherding people through their first peal.

The caption reads:

"This window was installed by the congregation and by ringers throughout the world to the memory of Ernest Morris, F.R.Hist.S., F.R.G.S., M.R.S.L., ringer and ringing master of this church and author of "The History and Art of Change Ringing" and other works, who died 28th April, 1962, aged 72 years."

At the top of the two lights is a scroll "How amiable are thy dwellings, O Lord of Hosts." Below is a peep into the bell chamber, showing bells, and below the five ringers the artist symbolises some of Ernest's other interests—St. Margaret's Church, fonts, historic door knockers and horse brasses. With these is a bell inscribed "In memory of Ernest Morris, ringer, campanologist and historian." We hope in a later issue to publish a photograph of this outstanding window.

## QUARTER PEAL LOST

There was a large congregation present composed almost entirely of friends. With his widow and daughter, Margaret, were his brother, G. Stedman Morris, of Lyme Regis, and Mrs. G. S. Morris and his sister, Mrs. Mabel Black. Previous to the service the bells were being rung to Grandsire Caters. Unfortunately, after 25 minutes, the rope of the seventh broke, thus preventing the quarter from being rung. The band consisted of G. H. Bray (St. Margaret's) 1, P. J. Staniforth (St. Martin's, conductor) 2, Tom Bent (St. Margaret's) 3, S. Harrison (St. John the Divine) 4, J. E. Adams (St. Margaret's) 5, W. Tenser (St. Margaret's) 6, R. H. Cook (Asfordby) 7, J. Bramley (St. Margaret's) 8, G. S. Morris (Lyme Regis) 9, R. Kingsley Mason (St. John the Divine) 10.

The service was conducted by the Vicar (Canon E. N. Ducker), who also read one of the lessons, the other being read by the Rev. Peter Etchells, a former curate. The choir sang the anthem "Behold how good and joyful a thing it is" (S. S. Wesley). The dedication was by a former curate and personal friend, Canon F. W. Pratt, Canon-Treasurer of Leicester Cathedral and Master of Wyggeston Hospital.

In his address, Canon Pratt spoke of the privilege it was to him to be with them at the dedication of that window to Ernest Morris. "He was one I shall always think of as you who knew him do, as a devout and thoroughly honest servant of God, who regarded his service here at St. Margaret's as a great blessing, and he cherished it. There were many difficult things he had to get over in his service here but his faith never wavered and he loved this church right on to the very end.

## CHAIN OF REMEMBRANCE

So it is right that all those who have an interest in the things we have been doing today, especially the ringers, should come together as a great family bound by the chain of remembrance to one who is no longer with us in the flesh but whose glory, I am sure, will be revealed to us, for we must hold fast

in these very materialistic days to the ancient faith of our fathers—the resurrection of the dead and the life eternal."

In showing their faith they thought of Ernest and of the church bells calling Christian people to worship although many would not answer. The bells as they rang out called from another world; they were the heralds of the angels. They were a challenge to an unbelieving age to put its faith in things unseen of the Spirit that come from the fountain of God's loveliness. "We thank God for Ernest and those his companions in his earthly years for his skill and sense of mission. May we follow in his train."

After the service, tea was served in the Vestry Hall by Mrs. Staniforth and her helpers. The appeal as far as the ringers were concerned was organised by Mr. G. Olliffe, Ringing Master of St. Margaret's. About £100 is still required to meet the cost of the window.

The congregation present included Mr. B. Stedman Payne, the new president of the Leicester Guild, and Mr. A. H. Beamish, president of the Coventry Guild, also Mr. W. Cecil Dunford, the illustrator of many of Ernest's books.

## SOUTHWELL DIOCESAN GUILD

### Newark District

The day of the Newark District meeting and cup contest was fine and warm, as it happened the last day of the mid-May heat wave. Elston was the tower chosen, and although it was hoped that five teams would enter for the contest, unfortunately there were in the end only the same three as last year. However, in summing up, the judges, Mr. and Mrs. Frank Bradley, both felt that the standard of ringing had improved and certainly the number of faults was much less. Sutton "A" team were the winners, with 58 faults, closely followed by Newark with 65½. The younger members of Sutton tower, forming "B" team, made a very commendable effort with 94½ faults.

Three new ringing members were elected at the business meeting—Nicola Renyard (Elston), Sylvia Bremner (Barnby) and Hugh Pierce (Southwell Minster). The new Rector, Canon Evans, was elected a vice-president, and he conducted Evensong and also joined the company of over 40 for tea in the Village Hall. B. N. R.

## GUILD OF DEVONSHIRE RINGERS

Between 50 and 60 ringers, coming from as far as Westleigh in North Devon and Stratton in North Cornwall, defied the heavy mist to attend the S.W. Branch meeting at Walkhampton on May 8th. Touches of Grandsire, Stedman, Plain Bob, Kent and Cambridge were rung with Mr. R. Bould acting as Ringing Master for the first time. Mr. H. H. Thomas presided at the business meeting and, acting on the appeal of Mr. and Mrs. Bray, of Whitchurch, it was decided to hold the first Branch practice at Shaugh on June 12th with a concentration on Plain Bob and Cambridge.

The Vicar (the Rev. B. K. Braund) conducted the service, and Mr. J. L. Blagg, of Emmanuel, Plymouth, acted as organist. An excellent tea was provided by Mrs. Oldham. Mrs. McCloud and other members of the Ladies' Guild. Further ringing took place in the evening at Meavy.

Next meeting: Kingsbridge, September 25th.

## DEVON RINGERS' EXE VALLEY TOUR

Organised by Mr. A. L. Bennett, members of the Devon Guild of Ringers held a day tour in the Exe Valley on May 22nd when, despite adverse weather conditions, a most enjoyable time was spent. Those accompanying him were Mr. D. J. Roberts and children, Messrs. P. A. Lock and friend, G. J. Roberts and H. A. Vaffry (Torquay). Mr. and Mrs. W. J. Harvey and family (Topsham), Misses S. A. Dowell (Teignmouth) and Y. C. Porter (Plymouth), Mr. and Mrs. D. R. Bould (Tavistock), Mr. and Mrs. A. W. Myers and family Messrs. T. G. Myers and D. F. Wheeler (Plymouth), whilst Mrs. E. S. Powell and two friends from Wellington, Somerset, joined the members in the afternoon. Towers visited were Thorverton (the only octave), Cadbury, Bickleigh, Cadeleigh, Calverleigh, Washfield, Halberton and Sampford Peverell, the last-named being about the best of the day, the ringing concluding with a well struck course of Cambridge Surprise Minor.

The clergy are thanked for the use of their bells and Mr. Bennett for making the arrangements. A. L. B.

## TRURO DIOCESAN GUILD

The spring festival of the Truro Branch was held at Gwennap on Saturday, May 15th, some 50 ringers being present.

The Branch president (the Rev. J. R. Jose) presided at the business meeting, and Miss Barbara J. Duck of 1, Benson Road, Hendra, Truro, was elected the new secretary.

Autumn festival at St. Mawgan-in-Pydar, September 18th, and next method ringing practice at Crantock July 10th.

## BELFRY GOSSIP

The steel bells at Randwick, New South Wales, are now ringing again, according to a correspondent.

**Correction.**—The ringer of the fifth in the peal at Neath on May 10th was Gwyn I. Lewis and not as printed on page 366.

Groton schoolboy ringers are visiting England in July. They will make their headquarters at Leicester during the first week of that month, the visit coinciding with the Leicester holidays.

Organised by "Jenny," a party of London, Surrey and Kent ringers spent a week-end recently in Suffolk with headquarters at Bury St. Edmunds. Who they were we know not except that Dave and Nick drove them round, and according to the report of R. J. T. the week-end was most enjoyable.

A peal attempt in seven Surprise Minor methods was arranged at Buxhall, Suffolk, on May 24th as a 21st birthday compliment to Janet I. Rogers. Unfortunately, due to a fraying rope, this was brought round after the second extent. This left time for another good quarter at nearby Great Finborough.

The East Retford band were disappointed on the evening of May 22nd. After the morning ringing the door at the foot of the belfry stairs had been slammed. The jolt caused the catch on the Yale lock to slip and it could not be unfastened from outside. After some delay a ladder was obtained and an entrance effected from above, but too late to start for the quarter originally planned.

### A LOSS TO FINCHLEY

Owing to a reshuffling of Government departments, Mr. Bernard J. Willis, who for the past 15 or 16 years has been captain of St. Mary's, Finchley, and associated with the church as choirboy and ringer for 35 years, is going North. On the occasion of the tower's annual outing on May 15th in the Eastern Counties a unique presentation was made to him in a café at Woodbridge in the form of a "peal board" some 18 inches square and a pint silver tankard subscribed for by his many ringing friends. The peal board reads:

#### ON SATURDAY, MAY 15th, 1965 AN EXTRAORDINARY PEAL OF FINCHLEY GOODWILL

As an appreciation of long and valued service by Bernard J. Willis, many years captain of the Finchley Band.

M. Cruickshank	1	W. Blake	11
J. Campbell	2	R. Newman	12
J. Beetlestone	3	M. Carter	13
P. Taylor	4	A. Butler	14
D. Robotham	5	C. Ward	15
W. Harwin	6	G. Parson	16
S. Wallis	7	B. Watson	17
T. Bevan	8	A. Warren	18
A. Richardson	9	F. Barker	19
E. Richardson	10	L. Tubb	20

Conducted by Bernard J. Willis. Tenor 1 pint. We wish Bernard and his family good luck in their new home, and take great pleasure in giving him this board with this one-pint tenor which everyone has truly chimed today, hoping he will keep it displayed hereunder as a constant reminder of old friends and many happy times together.

Rev. R. W. Matthews, Rector.

Churchwardens:

Messrs. O. Lambeth and K. Campbell.

All those named on the board "chimed" the one-pint tenor by taking from it a sip of champagne.

Bernard, when he left the choir for the ringing room, made rapid progress. It was not long before he was calling touches, and in the space of a few years conducting peals, one of his first being Parker's 12-part of Grandshire Triples. When Mr. Fred Barker resigned the captaincy of Finchley Bernard was appointed his successor. Fred is now 80 years old but still rings regularly.

During the last war Bernard served in the Fleet Air Arm. Upon his return at the end of hostilities he set to work with others to reform the Finchley band and it was soon ringing regularly on Sundays and holding well-attended practices. A man full of patience, he did excellent work with learners and he will be greatly missed by his ringing pals, who wish him a long and happy life in his new home.

### ST. ANDREW'S UNIVERSITY RINGERS' GUILD

At the A.G.M. of the St. Andrew's University Bell Ringers' Guild, held on May 4th, the following were elected officers for the session 1965-66: Ringing Master, David Roberts; secretary, David Martin; treasurer, Paul Scott. D. M.

### GIFT OF HANDBELLS TO CHURCH

Under the will of Mr. Francis V. Nash, of Chevèrel Street, Nuneaton, a ring of 12 handbells (tenor 22 in E flat) has been presented to All Saints' Church, Chilvers Coton, Nuneaton, with a request that they be rung at least once a year during a service. (They had been renovated by Messrs. Taylor and Co. before the presentation.) Sunday, May 16th, was Bellingers' Sunday and the magnificent set was rung for the first time during Evensong before a large congregation, including several members of the Nash family. Tunes on a lighter set of 24 handbells were also rung during the service, ringers taking part being: Mr. and Mrs. A. H. Beamish, Mrs. V. Dodds, the Misses C. and M. Mason, M. Corcoran and W. J. Day.

As a cadet nurse in Nuneaton's Manor Hospital during the later months of 1964, Miss Christine Mason had discussed the bells and belling with Mr. Nash, then a patient, and he had confided to her that he would bequeath his bells to the church. Christine is now a student nurse at the Royal South Hants Hospital, Southampton, but was home on sick leave in time to join in the ringing of the bells. D. E. B.

### GREETINGS FROM THE BALKANS

Through Mr. Aubrey L. Bennett, Mr. Arthur Pearson, of Wombourne, who is in the Balkans, sends his greetings. He writes: "Please, when writing to 'The Ringing World,' give its readers my regards and mention my continued interest in the ringing activities in U.K. It is not possible I write direct as my letter to a newspaper would not get through."

### SEVENTY-FIVE YEARS AGO

Seventy-five years ago this Whit Saturday a band of ringers from St. Luke's, Heywood Lanes, had an outing to Llangollen, leaving Heywood at 4 a.m. and reaching Llangollen three hours later. On the bells of St. Collen's Church a peal of Grandshire Triples (Holt's six-part) was rung in 2 hours 57 minutes by the following band: A. Rhys James (aged 13, son of the Vicar of Llangollen) 1, John Shepherd (conductor) 2, J. B. Taylor 3, W. R. Barrett 4, John Millett 5, W. H. Walmsley 6, John Harrison 7, James Millett 8. The tenor ringer was the great-grandfather of Mr. J. P. Partridge who sends us an extract from the parish magazine of that date, which gave a full report of the proceedings.

### COUPLES LIKE A MINOR FIVE FOR WEDDINGS

Weston Favell bells are popular for weddings though not popular with many ringers as they are a minor five, nor to some residents owing to the closeness of the tower. Of recent weddings there have been twin brothers marrying twin sisters, and two bellringing brothers (David John and Andrew Frederick Benfield from Kingsthorpe) marrying two Weston Favell sisters (Linda Mary and Dorothy Carole Wright).

### INQUIRY CORNER

A contributor wishes to know if Carter's Principle has been extended to Triples and rung to a peal. If so, were ordinary Stedman calls used at the beginning and end of the full sixes?

### AT GUILDFORD CATHEDRAL

There was a big concourse of ringers at Guildford Cathedral for the open day on Saturday, May 22nd. No fewer than 135 signed the visitors' book and there were many who did not. The bells met with general approval but to those accustomed to small belfries the spaciousness was rather overpowering. One prominent ringer took the view that more peals would be lost in the tower than gained. The fears that the tenor would be beyond the capacity of many were groundless. It was a very easy bell to ring.

Among the ringers the youngest was 11-year-old Stephen Munday, the son of Mr. and Mrs. F. A. Munday, now of Pudsey. Stephen is a member of the Yorkshire Association and rings with his father at Bradford Cathedral. Mr. Munday was formerly captain of Holy Trinity, Guildford, and his brother is hon. secretary of the Guildford Guild. Only a few months older, but now past her 12th birthday, was Frances Dodds, the daughter of Mr. and Mrs. G. Dodds, of St. Albans. Both Stephen and Frances demonstrated their ability by ringing "inside" to Caters.

When Holy Trinity, Guildford, ringers arrived on Sunday morning for service ringing a disappointment awaited them as one of the staves was already broken. Also there was a ringer absent, reducing the ringing to eight bells. A visitor to the belfry was Brigadier Derek Schreiber, hon. treasurer of the Cathedral Council and the donor of the two tenors. After he had left, Mr. Colin A. Hopper remembered him when he was a lieutenant in his company of the Coldstream Guards before World War II.

### AN AFTERNOON AT BUCKFAST ABBEY

Organised by Mr. A. L. Bennett, a party of Devon Guild members enjoyed an afternoon's ringing on May 15th at Buckfast Abbey, where they were joined by two of the Community. Ringing on the middle octave, consisting of Grandshire and Stedman Triples, Plain Bob Major and Cambridge Minor, was followed by a short organ recital on the splendid Abbey organ by Rev. Father Sebastian Wolff, the regular organist.

After the tea interval evening ringing was at Dean Prior Parish Church, where Mr. T. G. Myers conducted an extent of Plain Bob Minor.

### GUILD OF DEVONSHIRE RINGERS

The necessity of bringing the Guild's boundaries up to date was urged by Mr. N. Mallett at the meeting of the Exeter Branch at Alphington on May 15th. The meeting gave him full support. Whitestone were congratulated on their membership.

### SALISBURY GUILD A.G.M.

Mr. E. Mould, of Otford, Sevenoaks, calls attention to a Mr. E. Mould being referred to in the report of the A.G.M. of the Salisbury Diocesan Guild as having passed away. This should be his father, Mr. A. E. Mould, who died recently. Congratulating Mr. Edgar C. Shepherd on his front page letter, Mr. Mould writes: "As long as such excellent articles are forthcoming, I feel sure 'The Ringing World' will continue to flourish."

## BIGGLESWADE DISTRICT

The annual outing of the Biggleswade District took place on May 15th, when Worcester-shire was visited. On this glorious spring day the countryside looked at its best and a feeling of rich joy and promise permeated the scene, with lambs gambolling in the meadows, whilst gardeners watched with special interest the progress of the early potatoes!

First stop was Hinton-on-the-Green, where the light eight were put to good use for about 45 minutes, and here it was very pleasant to renew acquaintance with Mrs. Thomas. At Pershore Abbey, the musical qualities of the excellent, heavy eight were not improved by a powerful accompaniment on the organ. A visiting organist had been allotted an unfortunate period for practice, and the struggle for supremacy between organ and bells was long and furious!

After "striking our colours" we sat down to an excellent lunch before proceeding to the beautiful village of Stoulton, where we had the pleasure of ringing on the bells of both the Parish Church and Mr. Jopp's campanile. Our efforts to master the very light six at the campanile were not too successful in all cases, but Mr. and Mrs. Jopp were very gracious and charming in the role of host and hostess. Another spot of great charm and beauty was Kempsey, where the very fine ring of six gave great pleasure.

Tea was taken at Upton-on-Severn after which the splendid ring of eight made a fitting end to the day's ringing.

Sincere thanks to our organiser, Mr. L. H. Bywaters, to the various incumbents and to all who contributed to the success of this memorable trip, not forgetting our co-operative driver.

## ... AND THE BABY CAME, TOO

Wimbledon ringers at Gretton. Back row left to right) standing: G. Reynolds, Hilary Johnston, E. Godfrey, Margaret Godfrey, D. Brookes, Deborah Hopkins, Lesley Eames, A. Bishop. Front row: (left to right): K. Newman, Dudley Cocke, Linda Radley, Elizabeth Zass, Vanessa Rodrigues, M. Bangham, Susan Newman, Rosamond Rawlings and Joanna.

**BY** ten o'clock on the evening of Friday, April 23rd, 18 ringers and one baby had gathered at the headquarters for Wimbledon's fourth week-end outing—Melton Mowbray, Leicestershire. We refreshed ourselves with coffee and sandwiches—there were no pork pies in sight—and after some chatter Melton was quiet again.

We met again at breakfast and were all ready on time at 9 a.m. to start the day. After a short drive we found Taylor's and were given a short tour before commencing ringing. At first we could not do the bells justice although some Yorkshire and Cambridge Major was rung quite reasonably before we left.

Barrow-on-Soar bells, after the foundry, seemed very heavy and loud, but the men showed their skill by ringing London. The less experienced found these preferable to the bells at the foundry and definitely preferable to the bells at Ashby de la Zouch, a ground floor ring with a long draught.

After an unintentional tour of Ashby we arrived at Bretby for lunch, where the baby, Joanna, came truly into her own. Somebody had been heard to say during the morning that there was a secondary attraction on the outing. The waitresses who served us at lunch would have said there was only one, and the parents were forced to smile amiably whilst a sleepy Joanna was thoroughly awakened by their attentions.

This court having been dissolved, we were to hear just what Taylor's can produce. Duffield and Ilkeston soon cured us of any disappointment we might have felt over the morning's bells and ringing. The ten at Duffield are next to the railway line. So when we had dutifully rung Duffield Royal to satisfy our secretary we were also able to content two others who were able to indulge in two hobbies at once as a train rattled past during Stedman Caters.

Unfortunately we were late at the next tower and all rushed up the steep slope to be greeted by loud "sshings" from the proud parents who had placed the carry-cot outside the church. Only a few minutes later their care became absurd as we started to ring! We

had not attempted Ilkeston Surprise but a good course of Sandiacre was rung at the home tower. Quorn was the last tower of the day and although enthusiasm for ringing was already turning into enthusiasm for dinner, there was some reasonable ringing, including Bristol.

Sunday service ringing was at Melton, where we joined the local ringers. We managed Cambridge Royal and Stedman Caters but we could not do full justice to this beautiful ten. For the rest of the morning ringers might have been seen wandering around Uppingham, where we were to have lunch, in the lovely spring sunshine. After lunch came Gretton, the home tower of one of our members and then Deane, where the beauty of the church's setting brought forth as much praise as is usually reserved for bells. From there we had a long drive down into Hertfordshire to Braughing (8), where it was the lovely scarlet sallies that called forth our admiration. From there it was only a few miles to our last tower, Brent Pelham, but although last it proved to be one of the most enjoyable. Not only are these a very pleasant six, but we were welcomed by our old friends, George and Lil Goodman. Luckily we gave them some good ringing with a touch of Cambridge as well as a course of Durham, before we descended upon them for coffee.

Our thanks to the Goodmans, our secretary, the incumbents and those who welcomed us so warmly.

V. R.

## SOUTHWELL DIOCESAN GUILD

The Bingham District had an excellent meeting at East Bridgford on May 8th, when five teams met for the District round of the Crawford Cup Contest. The judges—Messrs. P. Humphrey and N. Poplestone—agreed that ringing was better than in previous years. Placings: 1 Shelford (45 faults), 2 Whatton (75½), 3 Holme Pierrepont (1054 + 10 penalty), 4 Gedling (1414), 5 Radcliffe (151). First two meet in final at Barnby-in-the-Willows. The Rev. F. Stephani conducted the service, and Dr. D. Patterson gave the address.
